REPORT OF THE BOARD OF SELECTMEN

The year 1981 was one of the most challanging in the history of the Town of Randolph.

The Board of Selectmen met in regular session 34 times and had countless other meetings on weekends and evenings to consider matters of interest and concern.

In anticipation of the adoption of Proposition 2½ and its mandated government economies, the Board of Selectmen initiated a course of action in September reducing the impact on the reduction of municipal services.

During the year members of the Board conducted meetings and granted hearings on innumerable issues. As usual, many meetings were concerned with the transaction of town business such as the transfer or granting of licenses. In addition, meetings served as a forum for those who had grievances they wished to be aired, such as in the investigation of alleged transgressions.

The Board worked at great length to meet the required changes of Proposition 2½. Every effort was made to ensure that the mandate was fulfilled in the most just manner possible and that no department or group would shoulder an unfair burden of the required budget cuts.

Employee concerns continued to be a great importance, and they figured prominently in the agenda.

The Board endeavored to react to changing conditions and maintain the policies and services which have allowed the residents to enjoy the Town as a pleasant place to live and work.

The Board would like to thank the Executive Secretary and the secretary to the Board of Selectmen, all of the department heads, all of the Boards, Committees and Commissions, town employees, and the entire community of Randolph for their cooperation and dedication. We look forward to a progressive and successful year ahead.

Respectfully submitted,

Thomas M. Sullivan, Chairman
Maureen A. Dunn, Vice Chairman & Clerk
Paul J. Connors
Joseph J. Semensi
Alvin J. Yorra

REPORT OF THE TOWN COUNSEL

The report of the Legal Department is as follows:

- Many appeals were filed with the Appelate Tax Board and some have been disposed of.
- There were labor hearings.
- Successful conclusion of long standing case involving suit by two former policemen against four former and one present Selectman. A Federal jury found in favor of the Selectmen.
- Settlement of a substantial claim by a discharged policeman.
- Successful conclusion of suit brought by licensee in Norfolk Superior Court.
- Complaints filed in District Court re certain zoning violations.
- Civil Service hearings involving police officers.
- Some Land Damage matters.
- Favorable conclusion of suit against the head of the Highway Department.
- Collection against a developer through his bond was completed.
- A number of older cases against the Town were disposed of at the calls of the list in the Norfolk Superior Court.
- Concilliation of a request for restraining order against use of one of the playgrounds.
- Award made to the Town against automobile owner for damage to a hydrant.
- Hearings before DEQE.
- Hearings before Mass. Labor Relations Commission on alleged unfair labor practice.

- Hearings before A.B.C.
- Conferences, preparation and opinions for Town meetings and committee meetings were prepared.

I would like to take this opportunity to thank the Department heads and employees for their cooperation in the various matters of litigation.

Very truly yours,

William J. Carr
TOWN COUNSEL

REPORT OF THE EXECUTIVE SECRETARY AND TOWN ACCOUNTANT

I herewith submit my eighteenth Annual Report for the year ending December 31, 1981.

The year 1981 was one of extreme difficulty for all cities and towns throughout the Commonwealth, as each adapted to the provisions of Proposition 2½. The Town was no exception, with budgets cut in every department. However, and despite fiscal constraints imposed, the Town continued to maintain a high level of service to citizens and taxpayers.

The implementation of Proposition 2½ during the year 1981 meant a 15% reduction in the Real Estate levy; a severe reduction in automobile excise income; and a complete re-evaluation of the property values of the Town to meet state requirements of "Full and Fair Cash Value." These actions required that all departmental budgets and expenditures for 1982 be cut by approximately 15%. Much time and energy was spent in determining the best method to meet the mandate of Proposition 2½.

In spite of all, the Town continued to provide a full array of services, including street lighting, refuse collection, fire and police protection and quality educational system. From tree and moth service to elderly activities, no obligation was left unmet. With the continuing cooperation and coordination of every department, board and committee, we will continue to meet the challenges of the upcoming year.

For the continuing support and assistance provided to me by the Board of Selectmen and citizens of the Town, and all the department heads, I am sincerely grateful and appreciative.

Respectfully submitted

Henry L. Lowd
EXECUTIVE SECRETARY
and TOWN ACCOUNTANT

You are directed to notify and warn the inhabitants qualified to vote as aforesaid to meet in the Randolph High School Auditorium, Memorial Parkway, in said Randolph on Monday, the 16th day of March, 1981, at 8 o'clock in the evening, and then and there to act on the following articles.

1981 ANNUAL TOWN MEETING

March 16, 1981

The first session of the Annual Town Meeting was convened at Randolph High School on Monday, March 16, 1981, at 8:00 P.M. with Moderator Paul Alpert presiding and declaring a quorum present.

The reporter was sworn. Rabbi Bernard Spielman delivered the invocation. Town Clerk Norman B. Silk led the salute to the flag and read the return of service of the Annual Town Meeting Warrant. Town Meeting Members (newly elected) were sworn.

A moment of silence was declared in memory of deceased Town citizens and employees.

Tellers were appointed and the Moderator explained rules of procedure.

Finance Committee Chairman Robert Pransky made an opening statement and introduced members of the Finance Committee.

The following articles were acted upon:

ARTICLE 1 was unanimously voted as recommended by the Finance Committee that all reports as printed in the 1980 Annual Town Meeting report be accepted. The article as printed was as follows:

ARTICLE 1

To hear and act on the report of any Committee and choose any Committee the Town may think proper.

ARTICLE 2 was unanimously voted as recommended by the Finance Committee that all reports as printed in the 1980 Annual Town Report be accepted. The article as printed was as follows:

ARTICLE 2

To hear and act on the Reports of Town Officers.

ARTICLE 3 was unanimously voted as recommended by the Finance Committee, as printed:

ARTICLE 3

To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of

Any such mobile home or trailer shall be subject to the provisions of the State sanitary code."

As petitioned for by the Chapter 40A Zoning Committee.

ARTICLE 104 Planning Board recommendation of passage was defeated by voice vote. The article as printed was as follows:

ARTICLE 104

To see if the Town will vote to amend the Zoning By-Laws as follows:

Under Section 1 Definitions, add the following between the definitions of Abandonment and District.

CLUSTER DEVELOPMENT: A residential development in which the buildings and accessory uses are clustered together into one or more groups separated from adjacent property and other groups within the development by intervening open land.

Under Section 3A add the following after paragraph 1 (a) (2):

2. Cluster Development:

The Planning Board, as a Special Permit Granting Authority, may issue a Special Permit for the construction of a Cluster Residential Development as provided in Section 7–D–4 of these By-Laws.

Under Section 7C add the following paragraph:

3. The Planning Board shall be the Special Permit Granting Authority for the following:

(a) Cluster Residential Development

Under Section 7—D add the following after paragraph 3:

4. Cluster Development

The Planning Board, as a Special Permit Granting Authority, may issue a Special Permit for the construction of a cluster residential development provided that the following conditions are met with respect to any particular parcel of land:

(a) The tract of single or consolidated ownership at the time of application shall be at least fifty (50) acres in size, and shall be subject to the approval of the Planning Board under the Subdivision Control Law.

(b) Each individual lot shall be subject to all zoning requirements of a Residential District except for lot frontage, lot width, lot depth and lot area.

(c) The total number of proposed lots in the development shall not exceed the number of lots which could be developed under normal application requirements of the Residential District. For purposes of this section it shall be assumed that a maximum of 90 percent of the total tract area could be utilized to meet lot area requirements.

(d) The development shall be served by both public water and public sewer systems.

(e) At least 10 percent of the total area shall be set aside as common land and shall be either deeded to the Town or convenanted with the Town to be maintained as permanent "open space" in private or non-profit ownership. Not more than 10 percent of the common land may be wetlands.

(f) Such common land shall be deeded to and accepted by the Town or permanently convenanted simultaneously with the Planning Board's approval of the Definitive Subdivision Plan.

(g) Such common land shall be restricted to park, open space or conservation.

(h) Such common land shall have suitable access to a street.

(i) Proposed cluster residential development shall be subject to the same Subdivision Rules and Procedural Regulations of the Planning Board except as herein provided.

(j) Lots developed under cluster residential development shall be subject to the following minimum dimensional requirements.

	Single Family Dwelling	Duplex Dwelling
Lot Area	90% of normal requirements	90% of normal req.
Lot frontage & width	90% of normal requirements	90% of normal req.

REPORT OF THE SCHOOL COMMITTEE

The Randolph School Committee herewith submits its annual report for the year 1981 to the citizens of the Town.

The five school committee members serve for a three year term on a rotating basis and do so without remuneration. The committee, as defined under the General Laws of the Commonwealth, is responsible for the development and maintenance of the educational program. Our specific duties include policy formulation, budget development, personnel appointments, curricula and teaching materials approval, related school services such as cafeteria and transportation, federal programs and evaluation of all aspects of the school system.

Regular meetings of the committee are scheduled for the first and third Monday of each month. Many additional meetings are held, particularly during the budget making process (January and February). During this past year we again held our meetings in the various school buildings attempting to bring the school governance process to the neighborhoods. The school committee makes every attempt to allow the public to be heard on matters of concern. Our efforts in this area have been well received by the Town.

All meetings are open to the public and we encourage you to attend. Attendance of interested citizens has increased in the recent months, and we hope it will continue throughout the year. Executive sessions are held only when necessary in compliance with the Open Meeting Law. Many additional meetings are held by members of the committee with the various sub-committees in compliance with the Collective Bargaining Statutes.

In March 1981 Mr. David W. Murphy was re-elected to serve a three year term and Mrs. Brenda Berger was elected to serve her second term as members of the school committee.

Proposition 2½, as predicted, created much havoc with the school system. In total we cut nearly two million dollars from our budget with the loss of 130 employees, including more than 70 teachers. Valuable services and programs were eliminated or curtailed. Improvements made in the school system over the past ten years were wiped out in a single act.

Despite the obvious problems, the committee has worked diligently with our committed administrative staff to provide the best possible education for the children within these budget constraints.

Although fiscal autonomy for the committee has been eliminated, we are still charged under the law with the development of the budget needed to operate the schools. We are also responsible for the allocation and expenditures of the final total. The Town Meeting members, however, are now responsible to set the final

budget. With the right to set the final figure goes the responsibility for the welfare of the children. We have confidence that the Town Meeting members will accept this new responsibility with a full commitment. The school committee will make every effort to enlighten the Town Meeting members on all aspects of the budget so that each Town Meeting member will possess the knowledge base needed to carry out their responsibility to educate our children.

The committee welcomes the new "partnership" with the Town Meeting members and thanks them and all citizens for their past support.

We continue to appreciate the cooperation of all Town Departments, the entire school staff and, in particular, the good work of our executive officers, Superintendent Dr. John E. Ziono, Assistant Superintendent Lyn A. Huttunen, and Business Manager Richard E. Coburn.

Respectfully submitted,

Robert L. Gass, Chairman
RANDOLPH SCHOOL COMMITTEE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my third annual report to the Randolph School Committee and all other citizens of Randolph.

It hardly seems possible that in my three years as Superintendent of Schools the system could come full cycle. In my first year we devoted a great deal of time to organization of the system, in the second year we made rapid, positive growth, and this year, due to Proposition 2½, we have had to reorganize and scale down our plans. Proposition 2½ did impact negatively upon the school system. It was simply too large an adjustment to make in too short a period of time. In total we had to cut $1,926,388.00, plus absorb about $850,000.00 due to collective bargaining and the negative impact of inflation. I estimate our total loss of buying power in one year at 23%. The following is a summary of cutbacks which we were forced to make:

Instructional – Seventy-four classroom teachers, counselors and media staff, almost all from the mainstream, were cut, representing over 20% of the teaching force.

Administration – Four full-time positions were eliminated. In addition, one chairperson and 7 assistant elementary positions were cut. All program administrators took on teaching duties while two positions were made self-supporting.

Health – One nurse and one doctor were reduced in force, representing a 25% cut in this area.

Aides – Seventy percent, or 28 aides positions, were eliminated.

Clerical – Five full-time positions were eliminated and all school year positions were cut from 40 to 38 weeks with two year round positions cut to school year.

Custodial – Maintenance – Eleven full-time positions were eliminated and the recreation program support was dropped.

Other – One bus driver and 4 cafeteria positions have been dropped.

In addition to the personnel cut, many school programs were eliminated or curtailed. Eliminated were elementary guidance, gifted and talented programs, media specialists classes at the elementary level, MOIS Program, intramurals, all junior high extra-curricular, including athletics, teacher aide program, the kindergarten aide program and numerous high school courses (too many to list). In addition, cutbacks were made in art, reading, music, physical education, high school athletics, high school extra-curricular activities, field trips and daily school busing.

Despite all of this we could not be in a more advantageous position to be entering what appears to be an extremely difficult period for children. Thanks to the commitments made by the school committee to make reasonable cutbacks last year and to the voted plan to implement Proposition 2½, together with the extraordinary efforts of the system administrators and the cooperation of our employee groups, we enter our first year under Proposition 2½ in as "healthy" a position as was conceivable.

There is no reason why we cannot provide each student in Randolph with a strong program this year. Many communities have not had to make the cuts which we were called upon to make. However, of those who were forced to make them, I believe that comparatively speaking, we are in a strong position. As things settle into a routine for this year, it is imperative that we take all reasonable action to offset a second year of drastic cuts.

Needs Assessment

In accord with the recommendations of the needs assessment conducted in 1980, a philosophy for the school system was established as follows:

The philosophy of the Randolph Public Schools is to provide the opportunity for each student to learn according to his or her unique style. This allows the development of individual potential through a varied and challenging curriculum. The curriculum includes concepts, skills, and appreciations necessary for the individual to function as an independent and responsible citizen. This philosophy is shaped and determined by the changing aspirations, needs and values of the citizens of

Randolph, combined with the vision and expertise of its educational staff. To implement this philosophy, the following goals have been established: *

I. develop self-esteem . . .
II. learn to respect and get along with others . . .
III. learn responsible citizenship . . .
IV. develop a positive attitude toward and desire for life-long learning . . .
V. learn a body of skills and knowledge that will enable him/her to function in modern society . . .
IV. acquire the knowledge, habits and attitudes necessary for a sound mind and body . . .
VII. learn how to be a good manager of money, property and resources . . .
VIII. develop an appreciation of the fine and performing arts as an integral part of life and learning . . .
IX. develop an understanding of the role of the family . . .
X. participate in career education experiences in school and community . .

In addition, time allocations for each disciplinary area were established for grades 1 – 6, a new program in language arts was implemented in the Fall of 1981, and a micro–computer program has been established for grades 4–6 under the direction of Alfred Galante, Math Coordinator. Each department and/or principal has identified specific needs and has developed a plan of action relative to the most critical needs identified in the final report.

Basic Skills Improvement

Pursuant to the Massachusetts state mandate, local minimum competencies were established in the areas of reading, writing and mathematics. Students were tested in the Spring of 1981 in grades three, six and eight. The chart which follows highlights the results:

Subject	Grade	Total % Attaining Minimum Competency	Total % Not Attaining Minimum Competency
Reading	3	99%	1%
	6	92%	8%
	8	89%	11%
Mathematics	3	89%	11%
	6	90%	10%
	8	86%	14%

* These goals are further expanded in the Needs Assessment Report of 1980. This report is available for review in every school building, the Office of the Superintendent and the Turner Free Library.

Subject	Grade	Total % Attaining Minimum Competency	Total % Not Attaining Minimum Competency
Writing	3	92%	8%
	6	90%	10%
	8	88%	12%

Remedial instruction for all students not meeting the minimum competency was implemented in the Fall of 1981.

High School

Despite numerous cutbacks the high school continues to offer quality programs for students. Our graduates have and will continue to attain entrance to all colleges and universities.

Junior High Schools

In accord with the findings of the Middle School Task Force, consisting of parents, teachers and administrators, the junior high schools now include all students from grades six through eight. Groups of children are assigned to a team of teachers in grades six and seven in order to facilitate greater understanding and accommodation of the needs of the pre-adolescent child.

Project CLIMB

Our Title I program was selected as a model program in the state of Massachusetts. Serving children from Kindergarten through grade eight who have specific needs in communication skill development, this federally funded project under the direction of Jane Hyman has developed criterion–referenced tests for use in instruction and evaluation of student progress. A highlight of the program is the District Advisory Council composed of parents and Title I staff members working cooperatively on program objectives and monitoring.

Project REACH

In its third year of funding, Project REACH was validated for statewide dissemination. This unique program pairs children from grades 4–6 and grades 10–12 in the public schools with children from the Boston School under the direction of Nancy Connelly and two professional actors from the National Theater of the Deaf. The children are provided with learning activities in mime, sign and creative dramatics. Through this experience, normal and hearing impaired children learn to communicate comfortably with one another and increase their understanding of ways to transcend handicaps.

English as a Second Language

In the sixth year of the program, three full-time tutors are serving forty-three students who, because of their foreign language background, require remedial tutoring in English. Students come from the following language backgrounds: Armenian, Cambodian, Chinese, Greek, Hebrew, Italian, Polish, Portuguese, Russian, Spanish and Tagalog.

In cooperation with the Town, the school department report has been drastically curtailed in an attempt to save costs. The report of the assistant superintendent has been incorporated in this report. Reports from principals and program administrators have been eliminated but are available by contacting the Superintendent's office.

I gratefully acknowledge the work of the staff, particularly the commitment that they continue to make to excellence despite the many problems created by Proposition 2½. I continue to appreciate the cooperation of the other Town Departments who have always been ready to assist us when we have needed them. A thank you is extended to the Townspeople for their past support and whose future support is even more vital to the welfare of our children. With the demise of the school committee fiscal autonomy, the "flame of learning" has now been passed to them. The challenge is great but the rewards will be even greater.

Finally, a special thank you to my capable, dedicated assistants; Assistant Superintendent Lyn A. Huttunen, Business Manager Richard E. Coburn, and an outstanding school committee, without whose support I could not have administered our schools.

Respectfully submitted,

John E. Zoino

REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

1981

We respectfully submit the 18th Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the seven member towns during 1981.

AVON	Bernard H. Baher
BRAINTREE	James E. Sullivan
CANTON	Benson Diamond
HOLBROOK	William T. Buckley
NORWOOD	Alena Wisgirda
RANDOLPH	Albert L. Willis
WESTWOOD	Paul M. Ballantine

The District School Committee held regular monthly meetings on the first and third Tuesday of each month in the Administrative Office at the Regional School, 100 Randolph Street, Canton, MA. Mr. William T. Buckley and Mr. James E. Sullivan presided as Chairman and Vice Chairman respectively: William J. Carr, Esq. of Randolph as Counsel, Mr. Charles A. Brennan of Randolph as Superintendent–Director and Mr. Paul C. Murphy of Canton as Treasurer.

During 16 years of operation Blue Hills has consistently offered quality vocational education programs to the young people in our area.

During 1981 the following numbers of students availed themselves of Vocational Education under the auspices of the Blue Hills Regional Technical School District.

. . . Blue Hills Regional Day Programs	1740
. . . Afternoon Vocational Exploratory Program	34
. . . Adult Evening Program	320
. . . Holbrook Career Development Program	86
. . . Randolph Career Development Program	460
TOTAL	2640

The total enrollment for the Blue Hills Technical School Day Programs remained constant during the 1980 – 1981 school year.

Important changes took place during 1981 due to budgetary constraints, the most important of which was the vote of the District School Committee to put all degree granting programs at the Technical Institute level on a self supporting basis. This was accomplished by increasing the student tuition from $520.00 per year to $1975.00 per year, resulting in a savings to our taxpayers of $700,000.00. The

District School Committee also put all adult evening programs on a self supporting basis.

The following departments in the Blue Hills Regional School completed work projects for the seven towns in our district during the 1980 – 1981 school year with a total market value in excess of $168,000.00: Auto Repair, Auto Body, Metal Fabrication, Machine Shop, Structural Wood, Health Services, Electrical, Data Processing, Advertising Art & Design, Drafting and Graphic Arts.

Our student construction crews built a single family home for one resident and added a large addition to an existing residence for another resident with a market value in excess of $100,000.00.

The Culinary Arts Department restaurant, "Chateau de Bleu" is open five days a week from 11:00 a.m. to 1:00 p.m. serving excellent lunches to the residents of our seven towns.

We continue to offer one of the finest programs for the profoundly hard-of-hearing youngsters with two licensed instructors for the deaf and three interpreters working with these students. For our other special needs students we offer resource help in English, mathematics and study skills, as well as adaptive physical education, speech therapy and psychological counseling.

The Blue Hills Booster Club had a very successful year and among other things sponsored two Award Banquets for students involved in athletics, yearbook, student government, cheerleading, radio station and for academic excellence.

The Blue Hills Regional Career Development programs at Holbrook and Randolph High Schools continue to offer excellent training to student participants.

This past year saw an appreciable increase in females pursuing training in non-traditional areas.

The Blue Hills Computer Center has expanded, making more Data Processing opportunities available to our town school departments and town governments.

The Regional District School Committee is indebted to our local School Committees, Superintendents of Schools, Boards of Selectmen, Finance Committee members and local Advisory Board members who so ably assisted with their continued and dedicated support in 1981.

To the citizens of the seven District towns, the parents of students and Town Meeting Members who have given us their vote of confidence, we are deeply grateful for your public trust and approval.

Total number of Motor Vehicle Accidents	1,235
Number of persons injured in Motor Vehicles	263
Number of Pedestrians injured	25
Number of Bicycle injuries	19
Total number of Fatalities	3

The Police Department has served the community with courtesy, pride and diligence. Crime and emergencies have increased greatly. Our response to these calls has always been excellent. The decrease in personnel has made our job difficult to the point our response to calls has been hindered. We will endeavor to continue the high level of professionalism and service to the citizens of Randolph.

Respectfully submitted,

Osmond J. Benjamino
CHIEF OF POLICE

REPORT OF THE AUXILIARY POLICE DEPARTMENT

The following is the performance record of the Randolph Auxiliary Police Department for the year 1981.

There were a total of 957 details performed.
This represents 4,686 volunteer man hours.
This breaks down as follows:

527 Traffic details	2,812 hours
229 Cruiser patrol details	1,172 hours
201 Miscellaneous details	702 hours

Our auxiliary cruisers patroled a total of 26,335 miles.
Our auxiliary officers had approximately 1,152 training hours.

There were 40 active auxiliary officers for 1981.

Respectfully submitted,

Robert A. Rocheleau
CHIEF, AUXILIARY POLICE

REPORT OF THE CIVIL DEFENSE DIRECTOR

Our progress paper for 1981 has been submitted and approved. We have maintained 100% participation in the Checkerboard Alert Program.

The Board of Selectmen has continued to provide their full support to the Civil Defense function and we are grateful for this support.

Respectfully submitted,

Henry L. Lowd
CIVIL DEFENSE DIRECTOR

REPORT OF THE FIRE DEPARTMENT

The following is the Annual Report of the Fire Department for the year ending December 31, 1981.

The year 1981 will always be remembered as the Prop 2½ year that decimated the fire department with lay–offs of 15 of my personnel, or 25% of the department. The mandated cuts in the budget also included a large reduction in overtime funds and cancelled all Capital Outlay expenditures.

We are struggling to maintain some semblance of fire protection along with a reduced ambulance service, but you and the citizens should not be fooled into thinking that the same level of service can be maintained with such a drastic reduction of my manpower, and every effort must be made to restore our manning to a safe and workable level.

The same holds true on the replacement of apparatus. The last Pumping Engine purchased was a 1974 model and the other three are 1959, 1964 and 1970. The Ladder Trucks are 1953 and 1973. All are operable as of this writing but, because of the age of the older units, parts are becoming non-existent and recently we have had to have parts manufactured. This increases the cost of the parts and lengthens the down time of apparatus on breakdowns.

I realize the financial problems we are facing and that is the reason why I have not submitted Articles for apparatus in the 1982 ATM. But, plans must be formulated to start a replacement program in the very near future. It must be remembered that fire apparatus is only built to order and that it takes at least one year for delivery. It must also be remembered that just because the firefighters keep the apparatus polished and the mechanics keep them running, they will not continue to operate forever.

I wish to express my sincere thanks to all the members of the Fire Department for their cooperation, and as long as we continue to pull together I am sure we will survive 2½.

Respectfully submitted,

Robert D. Teece
CHIEF, FIRE DEPARTMENT

FIRE PREVENTION

Budgetary restrictions and additional assignments have curtailed the Fire Prevention efforts this year, but we hope that through the media we can keep you up to date on the latest fire safety items.

All Public School Fire Alarm Systems were tested before the start of the school year.

The new Fire Alarm Circuit Panels & Desk have been installed and are in operation.

All work has been held to a minimum because of the restraints of Prop. 2½.

FIRE TRAINING

Training has had to adjust in accordance with reduced manning levels. Both stations are located in conjested areas that restrict the use of water and nozzle operations for effective simulated conditions. Extensive pump and hose training, therefore, must be done at remote locations.

Operating at minimum levels of manning prohibits tying up men and apparatus at such remote areas that may otherwise restrict response to emergency calls. Drills have, as a result, been restricted in in–house or in–service sessions.

With the acquisition of a computer, through loan, considerable time and effort has been devoted to gathering data that is retrievable to support fire operations. Training hours have, therefore, also been directed toward preplanning and gathering of information for computer storage.

REPORT OF THE BOARD OF HEALTH

REPORTABLE DISEASES

There were 98 cases of communicable diseases and other health conditions reported as follows: Animal Bites, Dog 67, Cat 3; Chickenpox 2; Hepatitis 4; Meningitis 4; Salmonellonis 10; Streptococcal Infection 3; Tuberculosis 5.

CLINICAL PROGRAMS

Mental Health. There were 1,022 client consultations and visits by Randolph residents for a total of 10,672 hours at the South Shore Mental Health Center. We have held the line on costs and hope we may continue to do so. COST: $6,000.00 for Adult Services – $14,000.00 for Children's Services. TOTAL: $20,000.00.

Influenza Inoculations. 935 persons received influenza vaccine at a number of clinics held during the year. The state furnished 600 doses of the vaccine and the Board of Health provided the rest free of charge to Randolph residents.

Pneumonia Clinic. 27 residents who had not previously received this vaccine were provided with same.

School Immunizations. 166 students received 203 immunizations. The Public Health nurses assisted the school nurses with head lice and scoliosis detection, as well as blood typing programs. There were 4 nursery school surveys done regarding immunizations and lice detection.

Tuberculosis Testing. Most Tuberculosis testing is now done at Norfolk County Hospital in Braintree or at Brockton Hospital except in rare cases. The Public Health nurses did test 44 employees of a local business where an employee had been diagnosed as having TB. The Public Health nurses provided transportation for TB patients to keep clinic appointments in Brockton.

Alien & Refugee investigation and follow-up (relative to TB) – 2.

Biologic and Diagnostic Supplies. 4,617 doses of vaccine, plus other diagnostic supplies were received and issued to Randolph physicians and used at our various clinics.

Keep Well Clinics. Age 60 and Over – 3,411 patients screened for high blood pressure. 397 found to have high blood pressure.

Comprehensive Hypertension Program. Ages 30 to 64) 552 patients screened of which 113 were found to be high.

Cancer Recto–Colon Detection. 94 patients tested. 92 found to be normal and 2 suspect and referred for further testing.

Diabetes Screening Program (initiated this year). 214 patients screened with 46 found to be high, 2 low and 7 suspect.

Office Patients. 494 visits by 314 patients for allergy injections; B12; Imferon; blood pressure, etc.

Mothers & Newborns. 98 mothers received 126 visits.

Unwed Mothers. 25 mothers received 40 visits. 5 mothers received 6 visits pre-natally.

Premature Infants. 7 mothers received 10 visits.

Well Baby Clinic. 147 patients were seen with 126 being immunized.

HOSPITAL SUBSIDIES

Premature Infants. There were 7 premature infants born to residents in various hospitals during the year at no expense to the Town.

Tuberculosis. The Town was billed for 1 patient hospitalized for tuberculosis during the year at a cost of $1,506.06.

TOWN OF RANDOLPH, MASSACHUSETTS

ENVIRONMENTAL SANITATION

Refuse Collection & Disposal. F & R Service, Inc., of Wellesley Hills continues to be the collection contractor and does a fine job. B.F.I., Louis Kmito & Son operates the sanitary landfill also in a fine manner with continued improvements effected during the course of the year with no expense to the Town.

Public Health Complaints. Approximately 1600 complaints were received for possible health nuisances and hazards and investigated and resolved during the year.

Swimming Pools. 4 permits for public and semi–public swimming pools and 31 for private swimming pools were issued.

Nursing Home Inspections. 2 inspections of one nursing home were made prior to State relicensing.

Food Service Establishments. 58 permits were issued to restaurants and other type operations serving food and/or drink for consumption on the premises. Inspections of all establishments have been carried out in excess of the two required by State Code and will continue to be monitored constantly.

Retail Food Establishments. 34 permits were issued to retail food establishments. All are being inspected at regular intervals.

Livestock. 23 licenses were issued to residents to keep livestock. 3 Hypo–Syringe permits were issued for animal treatment.

Collection and Disposal of Sewage. 9 permits were issued for the collection and disposal of sewage.

Container Service (Dumpsters). 14 permits were issued for container service.

Disposal Works Installers. 8 permits were issued to install individual sewage disposal systems.

GAS INSPECTIONS

267 permits for gas installations, including propane gas, were issued during 1981. As with plumbing inspections, at least one inspection is necessary for each installation.

PLUMBING INSPECTIONS

346 permits for plumbing installations were issued during the year. Each installation requires at least one inspection by the Plumbing Inspector.

PUBLIC HEALTH NURSING

Public Health nursing activities are outlined under "Clinical Programs" and include pre-natal and post-natal care with instructions; pre-school followup of children; care and instructions relative to communicable diseases and various aspects of adult health supervision; assistance at Well Baby Clinics; influenza clinics; pneumonia clinics; blood pressure clinics; Diabetes clinics, e.g. Progress continues to be made in working with other agencies such as school nurses, South Shore Mental Health, Braintree Visiting Nurse Association, etc. The immunization aspect is referred to in more detail under the school immunization section.

With the advent this year of Proposition 2½ requiring budget and personnel cuts, the Board of Health is trying very hard to maintain the clinics we had prior to this legislation and at the same time initiate other important health programs.

Good health is our most precious asset. The Board of Health feels strongly about this and, as such, will continue as long as possible to do what we can to maintain the good health of the people of Randolph.

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasable.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	8,035 feet
Brush obstructing drainage cut	850 feet
Culverts cleaned and opened	44 count

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	585 acres
Larvicide by backpack and mistblowers	131.5 acres

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide mistblowing from trucks	20 acres
Adulticide U.L.V. from trucks	14,656 acres
Catch basin application, Adulticide and larvicide	681 count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 31 calls from residents for information and assistance.

Respectfully submitted,

Albert W. Meuser, Superintendent

REPORT OF THE BOARD OF WATER COMMISSIONERS

The One Hundredth annual report of the Board of Water Commissioners is hereby submitted, covering the department's activities for the year ending December 31, 1981.

Organization of the Board:

Norman F. Ayers, Chairman
John F. Brack, Clerk
Edward T. Clark, Associate

During the year 1981 the department received thirteen (13) applications for new services. All thirteen (13) of these have been installed and added to the system.

Meter Department

Thirteen (13) meters were installed on new services and four hundred-ten (410) were set as replacements. One hundred seventy-five (175) were not registering; fifteen (15) were frozen and burst; two hundred and twenty (220) were removed to be replaced. This department had seven thousand eight hundred sixty-five (7865) metered services and ten (10) unmetered active services.

Department Maintenance

During the year the department had twenty-one (21) service leaks on public ways. Thirteen (13) new services were installed. One hundred twenty (120) curb and gate boxes were repaired; two hundred eighty (280) frozen services were thawed out electrically. Eleven (11) hydrants were broken by auto collisions. Two (2) were hit and run; others were paid for through insurance. Eleven (11) hydrants were installed as replacements. Six (6) old services were renewed.

REPORT OF THE SEWER COMMISSIONERS

During the year 1981 this department supervised over $500,000.00 dollars of sewer construction.

Once again we thank the various Town Boards and Departments for their excellent cooperation. Their help has made our job easier.

The following is our report of work completed, work in progress and contemplated work.

Pocket Program

This was the 6th year of our estimated 10 year program.
The total amount of money needed to finish the system is 2.5 million dollars.
As explained in our 1980 report through our Consulting Engineering Firm, Metcalf and Eddy, we had submitted a grant application to Commonwealth of Massachusetts under G.L. 557.
During the past year the State informed us that we were one of 10 communities that were qualified for top priority in regards to this funding. We have been assured by the State Agencies involved that up to 1 million dollars will be made available sometime in early 1982.
With this money plus the 1.5 million voted for Sewer Construction at the 1981 Annual Town Meeting, we now will be able to complete the system.

Three separate contracts will be let out to bid in February 1982, and we anticipate construction to start in April of 1982.
The length of the jobs is approximately one year.
Consequently, the system should be completed in mid 1983.
The remaining pockets are No. 2 – North, Oak Street area; No. 10 – Truman Drive, Liberty Street area; No. 5 – Newcomb Street area; No. 4 – Birch Drive, Mazzeo Drive area, and several small pockets scattered throughout the Town.

Maintenance Program

Our maintenance department consists of three employees who throughout the year work diligently on our various programs.

During the year we have worked with Engineering, Highway and School Departments, assisting them on drainage and sewer problems.

General

Due to the acceptance of Proposition 2½, our department was reduced by two employees in 1981.

It is inevitable because of the rapid expansion of our system that we will have to request additional help in the future.

Present Status of Sewer System

With the completion of Contract No. 39, we have now constructed 92.7 miles of sewer. As of January 1, 1982, we have 6,156 house and building connections installed and our system is 92% completed. Based on today's construction cost, the value is $27,100,000.00.

Respectfully submitted,

Felix Carlino, P.E , Chairman
Robert E. Curran, Clerk

REPORT OF THE TOWN ENGINEER & HIGHWAY SURVEYOR

We respectfully submit the Annual Reports of the Engineering Department and Highway Surveyor for the year 1981.

ENGINEERING DEPARTMENT

During the year the Engineering Department has furnished professional engineering services, including planning, design, layout supervision and inspection of various projects for Town Departments as outlined below:

Board of Selectmen, Zoning Board of Appeals, Industrial Development Commission, Town Treasurer and Clerk, Board of Assessors, Building Inspector, Tree Warden, Sewer Department, Landscape Review Board, Fence Viewers, Police Department, Fire Department, Conservation Commission, Town Counsel, Water Depar ment, School Department, Planning Board, Street Layouts, Sidewalk Construction, Highway Department (Drainage and Road Construction), and Chapter 40A Zoning Committee.

HIGHWAY DEPARTMENT

Proposition 2½ has had a severe impact on the Highway Department; in addi tion to the loss of personnel, our budget for capital outlays for roadwork, drainage sidewalks, etc., was reduced from $260,200.00 to $99,300.00 – a reduction of over 60%. In 1965 the Town was responsible for 74.04 miles of road with a capital outlay for resurfacing, drainage, etc., of $60,000.00. In 1981 the Town had 99.51 miles of road (a 34.4% increase from 1965) and a capital outlay budget of $99,300 This is hardly enough to take care of the many problems in town, considering the effects of inflation over the past 16 years.

We may be able to get by for one or maybe two years with such a drastically reduced program, but in the long run it will eventually cost more because of reduced maintenance of our road system. We will work this year the best we can with the personnel we have, hoping we don't lose any more men, so that we can serve you as well as we have for the past 8 years. I again thank all my men, Town Departments, and Selectmen for the continual support of our Department.

Respectfully submitted,

Thomas W. O'Dea, P.E.

REPORT OF THE SIGN INSPECTOR

I hereby submit the Annual Report of the Sign Inspector for the year 1981.

During the year 1981 sixty-seven (67) Permits for location and erection of signs have been issued. Twenty-three signs have been condemned for violations, twelve (12) of which were political. There were eight (8) signs cited for repairs to be put in safe condition. All repairs have been complied with.

In addition to the issuance of each Permit, a site inspection is required before and after the sign is erected. All complaints on signs have been resolved. Surveying and policing for unsafe signs and illegal signs in the Town have been made weekly.

A sum of eight hundred and fifty dollars ($850.00) was collected and deposited with the Town Treasurer.

Respectfully submitted,

Leonard L. Moreau
INSPECTOR OF SIGNS

REPORT OF THE PLANNING BOARD

The Planning Board, as indicated by the break-down activities listed below, has been very busy on matters concerning the Town —– holding public hearings, proposed zoning changes, street acceptances; also many hours spent by the Board, together with Thomas O'Dea, Town Engineer, with on-sight inspections of property. Public Hearings were held during the year relative to changes in the Rules and Regulations of the Planning Board.

The Planning Board consists of a good cross-section, representing the citizens of Randolph. The members are involved in real estate, engineering and private business.

Activities of the Planning Board for the year 1981:

Planning Board Meetings	37
Special Meetings	0
Public Hearings	26

REPORT OF THE BUSINESS AND INDUSTRIAL COMMISSION

High interest rates and a slow economy are restricting industrial real estate growth, but the outlook for the next twelve months is considerably brighter. Dollar volume of sales and leases and prices of prime industrial properties are remaining stable while construction of industrial properties is slowing.

Because of the turbulence and volatility of the financing market, tax free Industrial Revenue Bonds are the best avenue of building.

Randolph shows a growth in industrial building, although this growth is not as great as previous years. Our Town, limited in area, is holding its own, many are expanding what they have, some are new.

Again, the Industrial Commission would like to thank all Town Departments for their cooperation and help throughout the year.

BUSINESS AND INDUSTRIAL COMMISSION

REPORT OF THE RANDOLPH HOUSING AUTHORITY

Since our last report for the Annual Town Report was written in 1980, the Randolph Housing Authority has continued to manage 236 units of elderly housing in Randolph. We have had a very busy year with the Russell F. Thompson M.D. Memorial Community Hall, which has served as a social, religious and recreational center for all of our senior citizens of Randolph.

The Randolph Housing Authority is also participating in the 707 Rental Assistance Program for moderate income families under the Executive Office of Communities and Development of the Commonwealth of Massachusetts. We presently have 15 family units subsidized under the 707 Rental Assistance Program. There are also 35 Federally subsidized Section 8 units that are coordinated directly with the Executive Office of Communities and Development in Boston.

We are hopeful of constructing more elderly housing apartments in the future. However, the recent financial crisis of the Commonwealth of Massachusetts, together with the emphasis on rehabilitation of existing dwellings in our large cities by the Executive Office of Communities and Development, has slowed down the program of construction of new elderly housing developments in Massachusetts.

The Randolph Housing Authority members are proud of their accomplishments since the start of its program in 1965, and they have worked diligently to bring much needed housing to the people of Randolph and to satisfy the requirements of our elderly citizens.

We would like to extend our thanks to the Board of Selectmen and other officials of the Town whose cooperation and assistance have been invaluable.

At this time we would also like to thank State Representative John H. Flood of Canton, State Senator Joseph B. Walsh of Dorchester, and State Representative M. Joseph Manning of Milton for their continued support of the Randolph Housing Authority and its aims and purposes.

Respectfully submitted,

James W. Brennan, Chairman
Henry J. Rota, Vice Chairman

REPORT OF THE BOARD OF REGISTRARS OF VOTERS

A total of 16,273 registered voters were on file for the year 1981, and by precinct the number of those registered were as follows:

Precinct No. 1	2,943
Precinct No. 2	3,055
Precinct No. 3	2,544
Precinct No. 4	3,076
Precinct No. 5	2,706
Precinct No. 6	1,949

The Registrars 1981 street listing totaled 29,525 residents:

1 day old thru age 16	6,599
Age 17 thru age 21	3,074
Age 22 thru age 59	15,048
Age 60 and over	4,804

2,500 dogs were listed and placed on file for the Dog Officer.

"Persons Listed Books," "Voter Lists," "Supplementary Lists," plus "Alphabetical Lists," were also compiled and printed during the year.

320 residents became new registered voters, and 295 residents changed their precincts. 32 residents declared, changed, or cancelled their party designations. 479 voter certificates were issued.

Initiative petitions received at the office of the Board of Registrars totaled 96, and 1,058 names were certified for the various amendments, and proposed laws for the commonwealth.

Extra sessions, and night sessions for voter registration totaled 30 hours. Candidates nomination papers totaled 36, with 1,057 names being certified. 98 town meeting member papers totaled certified names of 1,274. Absentee voter applications for the annual Town Election March 2, 1981, totaled 75.

232 names were certified for a Special Town Meeting requested by the Randolph Fire Department.

Since the 1981 street listing, the town has added 31 single, 6 duplex, and 9 apartment/condominium dwellings. 2 new streets have also been added to the town.

Respectfully submitted,

Ethel McDonald, Chairman
A. Rena Thayer
Shirley A. McDonnell

REPORT OF THE BOARD OF TRUSTEES
STETSON SCHOOL FUND

With Proposition 2½ implemented in the Town, the Board was asked by the Finance Committee to return monies that were appropriated for installation of a handicap ramp and black topping in the rear of Town Hall. We were glad to return these funds so that individuals would not have to be laid off. However, we do note the importance of a handicap ramp and look forward in the very near future to securing funds to provide access to this public building for our handicapped citizens.

Our custodian of many years, John "Junie" Cullen, retired this past year —— we wish him well. Our new custodian is a familiar face —— "Hank" Wales. We are sure Hank will provide us with the excellent services we have received in the past. A special thank you goes out to Lee Osta, Theresa Dinn, Helen O'Keefe and, of course, our "Guiding Light" —— Hank Lowd.

Respectfully submitted,

Paul W. Flynn, Chairman
Paul J. O'Meara, Vice Chairman
Richard B. Kenney, Clerk

REPORT OF THE TRUSTEES
TURNER FREE LIBRARY

The record of service which the Turner Free Library has rendered to the townspeople of Randolph over the years was continued in 1981, despite the fiscal cutbacks mandated by "Proposition 2½." Faced with the loss of 15% of the total budget for last year, the trustees reluctantly discontinued the services of the Library Pages (High School and College-age part-time employees). Through the efforts of Mrs. Donald Spargo, a volunteer program was instituted to substitute for the 181 hours of services formerly rendered weekly by the Pages.

While the volunteer program is still undergoing "growing pains" common to any new venture, it boasts of some 33 members and, with the combined help of the professional library staff, has made it possible to maintain the high standards for which the Library is known. Meanwhile, we continue to have a need for volunteers

who can work evenings or Saturdays, and Mrs. Spargo extends an invitation to anyone who is interested in serving to contact her at the Library.

The resignations of Mr. Henry Merrill, a Trustee for 30 years, and Miss Ruth Langley were accepted with regret, and the Trustees were pleased to elect Mrs. William J. Carr and Mrs. Joan Carmichael as replacements.

Turner Library has been notified that a state library grant of $14,109.00 has been awarded to the town of Randolph because the Library met all state requirements during fiscal 1980 / 1981.

As with all town departments, the Trustees look to fiscal 1982 with concern because further reductions in the operating budget can only mean further reductions in staffing. In any event, we shall do our utmost to maintain the best service possible within the means provided.

Respectfully submitted,

Albert L. Willis, President - Trustees

REPORT OF THE CONSERVATION COMMISSION

From January to December 1981 – 16 regular meetings were held.

Under the provisions of M.G.L. Chapter 131, s. 30, Wetlands Protection Law, five Public Hearings were held, there are 22 active Orders of Conditions. Five Cease and Desist Orders issued over the year are still unresolved. Four Opinions and/or Determinations were requested and acted upon. A number of permit extensions and Certificates of Compliance have been issued. Many inspections or monitoring of projects were made.

The bike / wheelchair / jogging path between West and Grove Streets is complete except for landscaping and a dedication was held.

Plans for a water supply retention area have been put on hold as the consulting engineering appropriation was transferred for other uses at the 1981 Town Meeting.

There have been many problems with junk and tree cutting on Town property under the jurisdiction of the commission.

A Conservation Fund has been established and efforts are underway to obtain funds from private and non-profit organizations.

The board members wish to thank all the town departments and boards for their kind assistance and cooperation.

REPORT OF THE TREE WARDEN

I herewith submit my report as Tree Warden for the year 1981.

As expected, the year 1981 was a very bad year for Gypsy Moths and 1982 will be much worse.

We have planted trees along North Street.

We have continued to cut grass at public buildings and grassy areas throughout Town.

We have completed a Tree Survey for the Department of Environmental Management, with reimbursement turned back to the Town or Randolph.

Light Company is continuing to trim the Town under a new permit system. An inspectors fee is paid to the Town.

We have removed or trimmed many trees at various locations throughout the Town.

At this time I would like to thank all the department heads and all town hall workers for their cooperation during the past year, and especially the public and Board of Selectmen.

Respectfully submitted,

Joseph Sass
TREE WARDEN

REPORT OF THE EXECUTIVE DIRECTOR ELDERLY AFFAIRS

I would like to take this opportunity to make my Annual Report as Executive Director of Elderly Affairs in the Town of Randolph to the citizens of the Town.

We have continued to have available to the elderly people in our town a most active program.

I have worked very closely with the Council on Aging, the Randolph Housing Authority, all the Town Boards and Commissions and the clergymen of the town in offering the more than 5,000 elderly citizens in Randolph an interesting, varied,

and vital program, and judging from their enthusiastic participation, we seem to have been very successful. The following is a partial listing of activities held this past year.

The Town of Randolph is now a member of the South Shore Home Care Services which provides meals for senior citizens at the nutrition site for the elderly citizens in the Parish Hall of St. Bernadette's Church. The South Shore Home Care Services also provides meals for more than 40 shut-in seniors which are delivered to their homes by volunteers and, also, provides various forms of home care for needy senior citizens.

Every two weeks the Turner Free Library sends a librarian to each of the three senior citizen housing projects to lend books to the tenants.

The Randolph Rotary Club again provided the "Operation Survival" telephone which is "manned" 5 days a week by residents of our senior citizens project on North Street.

During the last year the senior citizens' drop-in center at the elderly housing complex on North Street was very active and operated with a full schedule including, but not limited to, dancing, beano, arts and crafts, and many other programs for our senior citizens.

Weekly provisions for two shopping buses which stop at strategic locations in town to provide our elderly with transportation to facilitate their shopping, one bus donated by the Council on Aging, the other by Shaw's Supermarket.

In October of 1981 the Randolph senior citizens were provided with flu shots at the three housing complexes, Temple Beth Am and Trinity Episcopal Church; also, weekly blood pressure clinics are now being held for the elderly developments in Randolph; all sponsored by the Randolph Board of Health.

The Randolph Lions sponsored a Glaucoma Clinic with free eye examination for Randolph senior citizens.

An active bowling league in which more than 100 of our elderly participated each week at the Woodlawn Bowlerama alleys.

A May Day banquet held at the Lantana, attended by many local town officials, the clergy and over 600 senior citizens.

An Annual Fall Harvest Dinner Dance with entertainment was provided for more than 300 senior citizens in October by Vera Cruz No. 129 Knights of Columbus of Randolph at their club house, which was enjoyed by all.

A Thanksgiving dinner served at the Randolph High School to over 600 senior citizens, compliments of the seniors of the school and the Teachers Club acting as hosts in providing this delicious meal.

A sit-down roast beef dinner for over 300 senior citizens was held in November at the Elks Hall, compliments of the Randolph Elks Club.

A Christmas Party with a fully catered meal and liquid refreshments and entertainment, attended by more than 650 elderly at the Lantana, compliments of the owners, Mr. and Mrs. Maurice Hart.

I have worked with the members of the Council on Aging, the Randolph Housing Authority, the Recreation Department, the School Department, members of the Board of Selectmen, and our local and state officials in bringing expanded services to our elderly in Randolph. We have arranged for weekly church services to be held at the community buildings in our elderly developments, and I have attended meetings of the Regional Council on Aging and state and county meetings in connection with the Department of Elderly Affairs.

Respectfully submitted,

James W. Brennan
EXECUTIVE DIRECTOR OF
ELDERLY AFFAIRS

REPORT OF THE YOUTH COMMISSION AND YOUTH STAFF

The Randolph Youth Commission and Youth Staff herewith submit their annual report for the year ending December 31, 1981. In the implementation of any program, the Youth Commission has the following objectives in mind:

(1) To bring about a clearer understanding of services available to youth by agencies already serving Randolph;
(2) To develop creative programs to meet social, educational, vocational, psychological, and/or recreational needs of young people;
(3) To help the youth of Randolph to articulate and meet their own needs;
(4) To create a better understanding about youth among adults, particularly between parents and their own children, and
(5) To provide alternatives to delinquent behavior.

During the past twelve months the Youth Commission and Youth Staff became involved in a number of endeavors pertaining to the mental, social, and physical health of the Town's youth.

In addition to handling the administrative aspects of the youth program, the Youth Coordinator was available as needed in a community outreach and youth advocacy capacity. Much of the time of the Coordinator and Outreach Worker was spent working directly with Randolph teenagers and their families, often at night and on week-ends.

Among others, they worked with police, court, school, and social service personnel. They provided individual and family counseling, academic tutoring, vocational counseling and placements, organized and supervised youth activities, were resources for information and referral, and were called upon in many crisis intervention situations, including direct involvement with school drop-outs, runaway cases, teenage rape victims, cases of attempted suicide, teenage pregnancy, and child abuse, as well as numerous cases of problems resulting from alcohol and/or drug abuse.

For the sixth consecutive year the Youth Center at 70 Lafayette Street continued to provide young people with a supervised place to meet with their friends and to participate in various constructive activities, primarily at night, on week-ends, and during school vacations. Among other duties, the part-time Youth Center Director supervised activities and behavior at the Center, provided information and made referrals, handled crisis intervention situations, worked with a Youth Advisory Corps (teenage volunteers who, among other things, were responsible for the day to day maintenance of the facility and surrounding grounds), and organized special projects and activities.

As a result of budget reductions / restrictions and increases in energy costs, the Commission decided to make renovating and "tightening-up" the Youth Center facility a top priority for fiscal year 1981 – 1982. Efforts to achieve this goal began in earnest early in June. To date a new heating system has been installed, the attic has been insulated, all up-stairs and down-stairs walls have been insulated and barn-boarded, ceilings and doors have been replaced, and various other improvements have been completed. All work is expected to be completed early in 1982.

Sincere thanks are in order to the following people who have volunteered their time, energy, materials, equipment, and expertise, without whom this project could not have been undertaken: Tom Fucile, 76 Lafayette Street; George Condon, 945 North Main Street; Paul Connors, 7 Junior Terrace; Lou Kmito, 95 Liberty Street; John Rooney, 14 Sarah Street; Jon Sullivan, 56 Cottage Street; Bob Dwyer, 11 North Lillian Street; Ron Lum, 55 Gold Street; Paul Scally, 131 Oak Street; Bob Williams, 79 Gold Street; John Fucile, 80 Lafayette Street.

Two very successful co-ed week-end camping trips (in June and September, involving around 100 teenagers), a Youth Employment Service (which referred numerous young people to full-time, part-time and odd jobs throughout the year), and a Haunted House (held at the Youth Center in October, attracting more than 3000 people), were among the activities and services sponsored by the Youth Commission in 1981.

During 1981 we regretfully accepted the resignation of Tom Fucile. Fortunately, however, Tom has continued to take an active supportive role in the youth program. A welcome was extended to new member Dan Snyder in the fall of 1981 – his sudden passing in December shocked and saddened us all.

The Youth Commission takes this opportunity to thank all town departments and the townspeople for their cooperation and encouragement. A special thanks to the Knights of Columbus, the Junior Ladies Library Association, and the Randolph Police Association for their generous support in 1981. We look forward to working with and on behalf of the Town's youth in 1982.

Respectfully submitted,

Joe Previti, Chairman

REPORT OF SELF HELP INCORPORATED

Self Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited–income individuals and families and making all segments of the community responsive to the needs of limited–income, disadvantaged and minority needs.

During the program year ending September 30, 1981, Self Help, Inc., received a total funding of $9,273,787.00 and provided 289,149 direct services to the area's limited–income individuals and families. Randolph residents received 9,982 direct services totaling $400,879.00 during our program year.

The total funding of 9 million dollars does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional $1,426,213.00 of other community resources, such as CETA, Commonwealth Service Corps, and local City and Town contributions, as well as volunteers. The gross volume of Self Help, Inc., during the past program year was 10.7 million.

Self Help currently employs 189 individuals, many of whom are limited–income and minorities.

We feel that the program year 10/1/80 to 9/30/81 was a successful one for Self Help, Inc., and very helpful to our limited–income population. We thank the area's Board of Selectmen, town volunteers and the Selectmen's representative, Mr. Buckley Gross to our Board of Directors, for helping to make our program a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.
Executive Director

SELF HELP, INC.

REPORT OF THE BOARD OF RECREATION

Because of the cost of printing this town report, the report of the Board of Recreation will be brief.

All programs during the Fall, Winter and Spring have more than met our expectations, and the instructors have presented well designed activities to suit the needs of the people of Randolph, both adults and children.

Again, the summer playgrounds instituted a lunch program with the cooperation of Self Help of Brockton, which is sponsored by the State and Federal Government.

We decided with the school department to conserve energy and close the swimming pool during the months of December, January, February and March, thereby saving light and heat.

It seems like yesterday but as of the first of June of 1982 the last payment for the Skating Rink will take place. This is a great accomplishment considering that in a span of ten years the income from the Skating Rink, as of January 1982, has been $1,100,688.08, and the town has a piece of real estate they can be proud to own.

It is a good feeling to be in a town where departments help one another. I would like to thank the Selectmen, the Executive Secretary, Mr. Lowd, the School Department, and Mr. Coburn, the Highway Department, the Water Department, Police and Fire Departments, and last but not least, the people of Randolph that feel it is necessary to have a recreation program for all to enjoy.

Because of business, Mr. Francis X. Walsh had to resign, and the Selectmen appointed Mr. Robert Williams to fill the vacancy.

Sincerely,

Joseph J. Zapustas, Director

Pictured above is the presentation to the Randolph Lodge No. 2130 Benevolent and Protective Order of Elks of an expression of appreciation for the Lodge's activities in furthering the activities of exceptional children. The award was presented on December 15, 1982 and was purchased from the Selectmen's personal funds.

From left to right, Selectmen Sullivan and Dunn, Exalted Ruler Frank Staffier, and Selectmen Chairman Semensi.

REPORT OF THE BOARD OF SELECTMEN

The Randolph Board of Selectmen can best be identified as providing STABILITY to municipal affairs as required during the difficult period of adjustment mandated by the adoption of Proposition 2½.

In anticipation of such ballot vote, the Randolph Board of Selectmen started in September of 1981 to alert town department heads and citizens of the consequences of such action.

As a result the Town of Randolph was able to move from a negative Free Cash position July 1, 1981 of minus $59,836.00 and a revenue deficit of $636,988.00. The deficit was created by the sharp reduction in the excise tax receipts and other factors. Operating economies provided a plus Free Cash position of $356,552.00 as certified by the Bureau of Accounts as of July 1, 1982.

The stability of Randolph's Town government was also recognized by Moody's Investors Service, a leading financial rating bureau, when they retained the town's "A" Bond rating at its last bond sale. This was also recognized by the financial community that bid on our bonds at a basis point reduction compared to comparably rated communities. The Town of Randolph enjoyed a 150 basis point reduction at that time, and it resulted in a long term saving to the resident tax payer of tens of thousands of dollars over the life of the issue.

At the same time we were able to build a cash reserve in our Revenue Sharing account while continuing an orderly extension of various municipal services with some personnel layoffs being cancelled by a later recall. The residential tax rate was reduced for the second year in a row and the town has been the recipient of various grant awards to assist in maintaining the high degree of municipal services which the citizens of the town have enjoyed during the past.

Therefore, we look forward with confidence to the future.

Respectfully submitted,

Joseph J. Semensi, Chairman
Maureen A. Dunn, Vice Chairman
Thomas M. Sullivan
Paul J. Connors

BOARD OF SELECTMEN

REPORT OF THE TOWN COUNSEL

The report of the Legal Department is as follows:

Advise was given and conferences were held with many Town departments, boards, committees, commissions and individual officers.

Hearings were held before the Appellate Tax Board, the Superior Court and District Courts.

There was also a successful conclusion of a case tried in the Superior Court involving a claim against the Town for alleged extensive drainage damage.

There was a continuation of litigation involving the position of Sergeant in the Police Department.

There was also termination of certain litigation concerning the hours worked in the same department.

A suit against the former Dog Officer of the Town concerning the death of a dog was successfully concluded.

An interim settlement was effected of dispute for the use of the North Randolph Baseball field.

Several complaints involving the Building Department were held at the Quincy District Court.

An agreement was reached with Boston Edison after injunctive relief was sought in the Superior Court concerning the spraying of herbicides.

There was litigation concerning disability of an individual in the Fire Department.

The litigation before DEQE is ongoing.

I would like to take this opportunity to thank the Department heads and employees for their cooperation in the various matters of litigation.

Very truly yours,

William J. Carr
TOWN COUNSEL

REPORT OF THE EXECUTIVE SECRETARY AND TOWN ACCOUNTANT

I herewith submit my nineteenth Annual Report for the year ending December 31, 1982.

The year was one of continuing difficulty for all cities and towns as they wrestled with the realities of Proposition 2½. We also were faced with the implementation of mandated Classification and revaluation.

With the continuing cooperation of all departments, boards, and commissions, we were able to meet the challenge and provide a full range of services.

With the above cooperation the town was one of only approximately 100 of the 351 cities and towns in the Commonwealth whose real estate tax rates and valuations have been certified with tax payments being received as the year ended, and the necessity for borrowing in tax anticipation was drastically reduced or eliminated.

The end of the year saw the retirement of the Town Collector, Mr. Edward Berry, after more than two and one-half decades of faithful and dedicated service. I have endeavored to assist in the orderly transition to his successor and we all wish him well in his well-earned retirement.

I wish to express my sincere and continuing appreciation for the support and assistance given to me by the Board of Selectmen, all town departments and the citizens of the Town.

Respectfully submitted,

Henry L. Lowd
EXECUTIVE SECRETARY
AND TOWN ACCOUNTANT

SPECIAL TOWN MEETING
JANUARY 18, 1982

On January 18, 1982, the Special Town Meeting of December 14, 1981, which was adjourned to January 4, 1982 and then adjourned to January 18, 1982, acted upon the following articles:

ARTICLE 21

To see if the Town will vote to adopt the following by-law:

Transient Vendor License

Every transient vendor, before making sales of goods, wares or merchandise in the Town, shall make application to the Board of Selectmen for a license through the office of the Town Clerk and shall accompany such license application with a fee of fifty dollars ($50.00), refundable if said license is denied. No such person, whether principal or agent, shall offer for sale or sell any article in an open way, open area or vacant lot or in a parking lot or lot adjoining a building or structure or lot adjoining a public way; and without limiting the generalities of the foregoing, such items as vegetables or other novelties, wreaths, flowers, Christmas trees or decorations, and/or fruits unless such person has first obtained a license therefor from the Board of Selectmen. Fee for said license shall be $50.00 (fifty dollars) per year.

No such person, whether principal or agent shall offer for sale, sell, or store or warehouse Christmas trees or wreaths from within any building, dwelling or similar structure and the Chief of the Fire or Police Departments shall enforce this provision. All such licenses and/or permits authorized hereunder shall expire annually on December 31st. Religious, fraternal and charitable organizations, as determined by the Board of Selectmen, shall be exempt from this section.

As petitioned for by Mark Indech and others.

No action was voted.

ARTICLE 22

To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 90, Section 20 A½.

As petitioned for by the Board of Selectmen.

As recommended by the Finance Committee, this article was voted as printed.

ARTICLE 23

To see if the Town will vote to revoke the acceptance of Massachusetts General Laws, Chapter 41, section 97A, and to petition the Legislature to approve said revocation.

As petitioned for by the Board of Selectmen.

This article as printed was voted down.

ARTICLE 24

To see if the Town will vote to amend Article 20 of the December 14, 1981 Special Town Meeting which reads as follows:

"3. (d) More than three false alarms during the period of seven days shall be deemed excessive, and each successive alarm in excess thereof within said period shall be assessed against the user at the rate of $20.00 per alarm, the same to be paid into the treasury of the Town.

In addition thereto, alarms in excess of five during said period shall result in application for penalty in accordance with the penalty section of this by-law hereinafter set forth.

As petitioned for by the Chief of Police."

by substituting therefor:

3. (d) Each alarm system user, to include also all automatic devices interconnected to any number at the Police Station, shall be allowed, in the course of any consecutive twelve (12) month period, three (3) free false alarms.
False alarms in excess of three (3) shall be assessed the following fines:

1. Fourth, fifth and sixth false alarms, $20.00 for each false alarm.
2. Seventh and eighth false alarms, $50.00 for each false alarm.
3. Ninth and tenth false alarms, $100.00 for each false alarm,

with each additional false alarm to be assessed a fine of $100.00.

System users whose false alarms total in excess of ten (10) during said twelve (12) month period will be subject to review by the Chief of Police or his designee, and if deemed abusive of the system shall be required, after proper notification, to attend a hearing to show cause why they should not be ordered to disconnect from the system totally.

Non-payment of fines, as herein established, will result in disconnection from the system and re-connection will not be allowed until all fines in arrears are paid. Checks for said fines shall be made payable to the Town of Randolph.

REPORT OF THE RANDOLPH SCHOOL COMMITTEE

The Randolph School Committee herewith submits its annual report for the year 1982 to the citizens of the Town of Randolph.

Your school committee is composed of five members, each elected by the voters for a three year term on a staggered basis and serve without remuneration. We are charged with the implementation of the educational program for all pupils under the General Laws of the Commonwealth of Massachusetts and are, therefore, an agent of and responsible to the State, as well as to the citizens of the Town.

Our duties and responsibilities conclude the formulation of policy, budget making, personnel appointments, approval of curricula and teaching materials, planning of school services, formulation of education specifications for school construction, implementation of Federal programs and the evolution of all school programs and personnel. This we do working with our executive officer, the Superintendent of Schools.

Regular meetings of the committee are scheduled on the first and third Mondays of each month. In addition, we hold many extra meetings, particularly during the budget making process (December through February), and while we are in the process, of bargaining collectively with our employees, as required under Chapter 150E of the laws of the Commonwealth. Collective bargaining meetings usually begin each year in November and continue until a settlement is reached. Depending on the severity of the process, we have had to hold meetings on a regular basis from November well into the following summer.

During this past year we instituted a new procedure entitled "Community Speaks." This item is listed for the beginning of each meeting and follows a prescribed procedure. This procedure is outlined in a new publication entitled "School Committee Rules, Regulations and Procedures for Meetings and Public Participation," and is available at the school administration office.

In March 1982 Mr. Robert Gass was re-elected to a second term on the school committee. Mr. Michael Bower was elected to his first term. The board joins me in congratulating both Mr. Gass and Mr. Bower and welcome their participation and contributions to the welfare of our children.

Dr. William Leavitt retired from the committee after successfully completing five terms as a member. In addition, he also served as Chairman on several occasions. All of us began our tenure of office under the "good doctor" and it is with great regret that we see him leave the committee. The schools are better because of his many hours of dedicated service and we shall all miss him.

We continue to work hard as a committee to minimize the negative impact created by Proposition 2½. The bill did work out successfully for some constituencies but, in reality, it has been a great setback for our students. Despite our best efforts and the great contributions of our staff, we have not been able to overcome the loss of services which came about with the cutback of the past two years which have exceeded two million dollars.

The committee takes this opportunity to thank the Townspeople, the entire school staff and all Town Departments who have assisted us in delivering services to our children.

Respectfully submitted,

A. Richard Anderson, Chairman
RANDOLPH SCHOOL COMMITTEE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fourth annual report to the Randolph School Committee and the other citizens of Randolph.

Year two of Proposition 2½ is nearly one-half completed and the realization of our drastic cuts is taking full effect. Although I believe we have adjusted to them in the most expeditious manner, nevertheless, it is not possible to cut 130 employees and sustain a buying power loss of more than two and one-half million dollars without having immediate and long range effects on our school programs.

As each year goes by without relief, the impact on the students becomes greater. For example, last year's seniors only had one year under Proposition 2½, this year's class two years, and so forth. Next year's graduating class will have had three years under 2½, and I believe they will really begin to feel the negative effects, and still there is no relief in sight.

Another major concern is the rapid deterioration of our buildings and sites. Costly repairs have been postponed to the point where I feel that more than one-half million dollars is needed immediately for such items as roofs, heating systems, brickwork, paving, etc. Unless we take immediate steps to upgrade our buildings we stand to lose the millions of dollars that we as a community have invested in them.

I believe, based upon available engineering information, that action must be taken at this Town Meeting. The School Committee has authorized a series of articles calling for various sums of money needed to upgrade our plant. Town meeting members should give serious consideration to these articles because a dollar not spent now will only result in many more dollars lost later.

An entirely different matter, but one related to Proposition 2½, also concerns me greatly. That is, despite the loss of fiscal autonomy and the lack of dollars to carry out our mission on the one hand, the public is demanding more in the way of services and have set unreasonable demands for programs which we are unable to provide. This creates terrific pressures and hardships on our school committee members. The general public has no concept of the money, time and energy school board members must expend to carry out their duties. The hours alone are overwhelming.

In addition to regular and special school board meetings, budget meetings, sub-committee meetings to listen to grievances and to work with various groups, the committee negotiates its own contracts with seven unions and also develops all individual administrative contracts. Your school board has successfully, for many years, developed contracts with the following groups:

Randolph Teachers' Association
Randolph School Secretaries Association
Randolph Teacher Aides
Randolph Custodians and Maintenance Workers
Randolph School Nurses Association
Randolph School Administrators
Randolph Cafeteria Workers

Negotiating with these seven groups takes a massive time commitment. Last year I estimate that 165 hours were spent on the table with these groups, with an additional 75 hours needed off the table for preparation, study, etc. This item alone consumes the equivalent of four weeks of full-time work. In total I estimate that committee members expend between 480–560 hours on their duties or the equivalent of between 12 – 14 weeks of full-time work. All of this is put forth without remuneration and without even the appreciation of much of the public they serve.

Since Proposition 2½ we have not even allowed the committee the small amount of money needed to attend the professional meetings which would upgrade the skills needed to carry out their duties as board members. I see all of this as disheartening to board members, and it will lead to the continued loss of our experienced, skillful members. I also am concerned that we will be unable to attract the type of high caliber person needed to control and direct the future of our most precious commodity – our children. Again, a hard look should be taken

at this trend with a recommendation that consideration be given to providing additional support for our committee.

In the spirit of the above I do hereby publicly thank and commend Dr. William M. Leavitt for his 15 years on the school committee. His counsel and support was invaluable to me.

Each year the Randolph Public Schools identifies priority areas for implementation during the school year. The priorities and a brief statement of accomplishments for the 1983 school year are as follows:

1. Basic Skills Improvement – In accord with the state mandate on minimum competency, Randolph set minimums in the areas of reading, writing and mathematics. Children in grades 3, 6 and 8 were tested. Any student not meeting the minimum is provided with appropriate remedial instruction. In 1983 listening skills will also be tested.

2. Curriculum Articulation – Accomplishments in this area include: (a.) a chart of recommended minutes of instruction in each subject area, grades 1–6, (b.) a new English program and a consistent system spelling program, grades 2–6, and a new science textbook series for grades 2–7, (c.) in-service work for teachers in learning styles.

3. 622 and Title IX – In accord with State (Chapter 622) and Federal (Title IX) regulations, various textbooks at all grade levels were examined in order to determine any stereotypic presentations and/or bias in the materials. All new materials purchased must be bias free.

4. Health Education at the Junior High – In order to help students to make appropriate decisions, education about drug and alcohol abuse was designed for use at this level.

5. Needs Assessment – Continued effort to accomplish the goals stated in the Needs Assessment Report of 1981 was extended in all areas of the school system. The school system philosophy is the most notable accomplishment.

Several aspects of the school program are noteworthy and herein described:

High School – The future is now. Computers and data processing are now available to students in regularly scheduled classes while word processing skills courses will be available in September.

Our students continue to be accepted to all major colleges. This year we are proud to say that eight seniors received letters of commendation in the 1983 National Merit Scholarship Program, an exceedingly high number for a school of our size.

Junior High – The adoption of a middle school concept continues to receive the highest goal of our principals at this level. Interdisciplinary teams have been developed, creating what could be described as small schools within the school. Each team consists of four teachers with approximately 100 students, allowing for a much closer working relationship between students, parents and teachers.

Project CLIMB – A federally funded program under Chapter 1 (formerly Title I) continues to provide service to children in Kindergarten through grade eight in target schools which have identified needs in the area of communication skills. Our program has received recognition on the state level in the areas of student basic skill improvement and parent involvement. Two notable components of the project are locally developed criterion referenced tests and parent constructed games and activities which are used with the children at home to reinforce skills taught in schools.

Understanding Handicaps Program – This year the elementary P.T.O. Council, among its many activities in service to children, worked with VIA, Inc. (Volunteer Information Agency) to enhance children's understanding of handicapped people. Parent volunteers served as instructors in all fourth and some fifth grade classrooms in order to develop awareness and understandings of four major types of handicaps; blindness, deafness, orthopedic and mental retardation. In addition, asthma was dealt with through the showing of a film from the Norfolk Lung Association. The program was very successful as teachers reported that students gained in the understanding of the handicaps presented and in their realization of how much all people are alike, regardless of handicaps.

English As a Second Language – The number of children for whom English is not the primary language continued to increase this year. Many of these children required tutorial assistance in learning to speak and read English well enough to perform satisfactorily in the regular classroom setting. At present fifty-two children are receiving tutorial service and are making excellent gains in their command of English.

Computer Literacy – In accord with a major school priority in computer literacy, block grant monies (a group of federally funded monies under this heading) obtained on the basis of a need formula were utilized to purchase TRS micro computers in 1981 and Apple II micro-computers in 1982. In addition, Logo software, a highly recognized program developed at M.I.T. and programmable tank cars for the introduction to programming were purchased for use in the elementary grades.

Competitive Grants – Given the budget limits which resulted for the implementation of Proposition 2½, monies for in-service have been extremely limited. Therefore, teachers, administrators and parents have aggressively sought funds from external agencies and sources. Successful grants received are as follows:

Commonwealth Institute

Begun in 1977, the State Department of Education funds some local schools on a competitive basis for innovative in-service programs. Randolph has been quite successful. Three separate programs have been funded.

$600.00 was obtained to fund a series of fifteen workshops for parents, teachers and administrators to study education for potentially gifted and talented students. Co-convenors for this program were Nancy Connelly, Director of Project REACH, and Roberta Straus, parent representative.

$1,429.00 was obtained to fund a series of workshops for special education staff members at Randolph High School in group dynamics and leadership skills. The convenor of this program was Patrick Conaway.

In accord with Education Commissioner Lawson's identification of reading as a major priority for the State of Massachusetts and in consideration of the reports from the Effective School Studies, a series of workshops for principals (grades K–8) as instructional leaders in the teaching of reading was funded in the amount of $1,652.00. Dr. Huttunen, Assistant Superintendent, Mr. Murphy, Principal and Dr. Zilonis, Media Chairperson, designed this program.

Cross Cultural Education – A grant of $24,415.00 for a Concert Dance workshop series was obtained for students from Lyons and Devine Elementary Schools. Through dance related activities students learn to appreciate dance as an art form, increase and refine motor skills and increase in self-confidence. The dances are related to the on-going social studies curriculum with a focus on understanding of social and ethnic heritage.

The **Books from My Head** program provides an opportunity for students from the Donovan School to participate with students from the Harriet Baldwin School in Boston to develop a series of original stories and books. $12,831.00 in funds was obtained for this project. Children learn sentence expansion, improvisation, story-telling techniques and unique approaches to explaining an event. In addition, students work with a graphic arts specialist in order to illustrate the stories they have created.

Project Four Worlds is a program which has provided the opportunity for sixth grade students from the Kennedy Jr. High to explore their personal ethnicity as well as learn about other participants' ethnic heritage. Through study of various artifacts and art/crafts forms, students also develop understandings of four dominant ethnic groups in America. $16,822.00 in funds supports this program.

Project REACH – In its fourth and final year, Project REACH was funded for $36,221.00 during the school year. This program provides an opportunity for

elementary and high school hearing students from the public schools to work with students from the Boston School in creative dramatics and in the development of communication skills. Hearing and hearing impaired professional actors work with the students in small group settings to assist in skill development. Project REACH was validated as an outstanding program in Massachusetts and, as a result, has two branch programs in Amherst and Framingham, MA. Mrs. Nancy Connelly has done an outstanding job as Director of the program for all four years.

Dental Health – The Randolph and Holbrook Schools were accepted as participants in a grant received for a dental health sealant program in conjunction with the Forsyth Dental Health Clinic, one of the world's largest oral research facilities. This $850,000.00 program, sponsored by the National Institute of Dental Research, will determine the cost effectiveness of a combination of sealants, fluoride tablets and classroom dental health education to curb tooth decay. We are most pleased to participate and to bring this service to our students since it is believed that the program will virtually prevent tooth decay in newly erupted teeth.

To each staff member working diligently for our children, and in particular to Dr. Huttunen and Mr. Coburn, I express my sincere gratitude.

To the various Town departments, and in particular to the Randolph School Committee, I say a most felt "Thank you" for all you have done to support our schools.

Respectfully submitted,

John E. Zoino

REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

1981

We respectfully submit the 19th Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the seven member towns during 1982.

AVON	Bernard H. Baher
BRAINTREE	James E. Sullivan
CANTON	Benson Diamond
HOLBROOK	William T. Buckley
NORWOOD	John T. Driscoll
RANDOLPH	Albert L. Willis
WESTWOOD	Paul M. Ballantine

The District School Committee held regular monthly meetings on the first and third Tuesday of each month in the Administrative Office at the Regional School, 100 Randolph Street, Canton, MA. Mr. James E. Sullivan and Mr. John T. Driscoll presided as Chairman and Vice Chairman respectively: William J. Carr, Esq. of Randolph as Counsel, Mr. Charles A. Brennan of Randolph as Superintendent–Director and Mr. Paul C. Murphy of Canton as Treasurer.

During 17 years of operation, Blue Hills has consistently offered quality vocational education programs to the young people in our area.

During 1982 the following numbers of students availed themselves of Vocational Education under the auspices of the Blue Hills Regional Technical School District.

. . .	Blue Hills Regional Day Programs	1730
. . .	Adult Evening Program	610
. . .	Holbrook Career Development Program	70
. . .	Randolph Career Development Program	245
	Total	2655

The total enrollment for the Blue Hills Technical School and the Technical Institute Day Programs remained constant during the 1981–1982 school year.

The Technical Institute, operating for the first time on a self-supporting basis, enjoyed a successful year in view of the fact that the tuition went from $600.00 per school year to $1,975.00 per school year.

The Adult Evening Program, on a self-supporting basis for the first time, had an increase in fees per student from $20.00 in prior years to an average of $75.00 per student. With this increased cost the enrollment increased from 320 students in 1981 to 610 students in 1982.

The Blue Hills Regional School continues to support the communities by completing projects in our auto repair, auto body, metal fabrication, machine shop, structural wood, health services, graphic arts and electrical departments.

The Chateau de Bleu Restaurant serves our residents on a daily basis with gourmet meals.

The Computer Center served our towns in a multitude of school department and town government operations.

The Regional District School Committee is indebted to our local School Committees, Superintendents of Schools, Boards of Selectmen, Finance Committee members and local Advisory Board members who so ably assisted with their continued and dedicated support in 1982.

To the citizens of the seven District towns, the parents of students and Town Meeting Members who have given us their vote of confidence, we are deeply grateful for your public trust and approval.

Respectfully submitted,

James E. Sullivan, Chairman
John T. Driscoll, Vice Chairman
Albert L. Willis, Secretary
Bernard H. Baher
Paul M. Ballantine
William T. Buckley

Committed to State Prison (D)	19
Court Costs assessed Defendants (Restitution to Town for Officer's appearance or damage to Town Property)	$ 19,540.00
Restitution ordered by Court to victims of crimes	$ 48,000.00
Stolen Property recovered	$770,880.00
Monies turned in to Treasurer	$ 8,785.00
Number of Motor Violations to Registry of M.V.	2,100
Total number of miles covered by Police Cruisers	650,020

Arrests and summons were served for out-of-town Police Departments.

Total number of Motor Vehicle Accidents	1,304
Number of persons injured in Motor Vehicles	240
Number of Pedestrians injured	25
Number of Bicycle injuries	13
Total number of Fatalities	2

The Police Department has served the Town with respect, pride and courtesy, even with the budget restraints and cut in Police Personnel. We have responded to the needs of the community and will continue to do so with the same high caliber of service that we have maintained in the past.

Respectfully submitted,

Osmond J. Benjamino
CHIEF OF POLICE

REPORT OF THE AUXILIARY POLICE DEPARTMENT

The following is the performance record of the Randolph Auxiliary Police Department for the year 1982.

There were a total of 1,165 details performed.
This represents 5,576 volunteer man hours.
This breaks down as follows:

581 Traffic Details	2,905 hours
294 Cruiser Patrol Details	1,470 hours
290 Miscellaneous Details	870 hours

Our auxiliary cruisers patroled a total of 33,810 miles.
Our auxiliary officers had approximately 331 training hours.

There were 32 active auxiliary officers for 1982.

Respectfully submitted,

Robert A. Rocheleau
CHIEF, AUXILIARY POLICE

REPORT OF THE CIVIL DEFENSE DIRECTOR

Our progress paper for 1982 has been submitted and approved. We have maintained 100% participation in the Checkerboard Alert Program.

The Board of Selectmen has continued to provide their full support to the Civil Defense function and we are grateful for this support.

Respectfully submitted,

Henry L. Lowd
CIVIL DEFENSE DIRECTOR

REPORT OF THE FIRE DEPARTMENT

The following is the Annual Report of the Fire Department for the year ending December 31, 1982.

As capital outlay funds are almost non-existent for new apparatus, we have undertaken a refurbishing program. Engines No. 2 and 4 have already been completed and, as of this writing, Engine No. 1 is in the process. It must be remembered that although we replace rusted parts and completely repaint the entire truck, underneath remains the original frame, engine, transmission, etc., and at some point in time we will be forced into major capital outlay for replacements, and I recommend that the Finance Committee address this problem.

The Special Town Meeting allocated funds to purchase a new chassis for the 1953 Seagrave Aerial Ladder, and we are working on specifications at this time.

We also obtained a surplus 1967 Kaiser Jeep, 4-wheel drive, 1¼ ton truck from the Federal Excess Property Program through the Massachusetts Department of Environmental Management at no cost to the Town. The students at Blue Hills Regional Vocational School built a 300 gallon water tank and completely repainted the truck. The fire department mechanics rebuilt the engine, transmission, brakes and installed a pump and the related piping. The fire alarm Superintendent then installed a radio, and the end result is a forestry truck for Station No. 2 at the minimal cost to the town.

The members of the department have also undertaken the complete repainting of both stations while on duty. So, while we are still short ten (10) members because of Proposition 2½ layoffs, the remaining members are cooperating 100% and are trying to make it work.

But this does not take away from the fact that we are still seriously undermanned and most of the time Engine No. 1 at Headquarters operates with only two (2) men. Because of this I have resubmitted an Article in the 1983 Annual Town Meeting requesting that the laid-off personnel be rehired. I would hope that the Town Meeting Members give this Article serious consideration.

My sincere thanks and appreciation to all Fire Department Members for trying to make Proposition 2½ work.

Respectfully submitted,

Robert D. Teece, Chief
RANDOLPH FIRE DEPARTMENT

FIRE ALARM REPORT – 1982

During the year thirty-nine pole change-overs were made on damaged or new poles.

Numerous boxes have been repaired, rewired and tested. Many open circuits were repaired (due to motor vehicle accidents and lightning storms), trees around alarm wires were trimmed and bulbs replaced in traffic lights for the Police Department.

Radio repairs and installations were done, as well as repairs to the circuit boards for the fire alarm control panel. All public school fire alarms were tested during the year. Four new boxes have been added to the system.

Due to the restraints of Proposition 2½ most of the work was on repairs to the alarm system. Very little work was done on maintenance or upgrading of the system.

FIRE TRAINING

Improved skill performance is the result of a combination of experience and training. Although training has always played an important role in the activities of this department, it becomes even more important during these challenging times. Our adaptation to the changes we faced in the last two years has centered around training, in conjunction with research and development of methods and equipment to help cope with the workload demand created by reduction in manpower.

Adapting to 1¾" hose for attack lines provides us the capability of applying more water, and the use of certain water additives, according to tests and experience, increases the extinguishing capability of water. In order to incorporate such innovations into our delivery system, considerable research and training has been necessary. It should be pointed out, however, that even with new techniques and equipment, our delivery system cannot be restored to normal until previous manning levels are restored. Training, as well as adaptation, will continue in service to the community, as well as for maintaining a responsible level of safety for fire personnel.

FIRE PREVENTION

Permits Issued	174
Solid fuel stove plans reviewed	75
Merchantile inspections	397
Nursing Home inspections	8
Fire Drills by Deputies	24
Fires requiring investigation for cause	5
Smoke Detector inspection	197

We wish to express our appreciation to the Real Estate Establishment and the Financial Institutions for their cooperation in seeing that all homes sold are equipped with smoke detectors.

All these efforts WILL HELP SAVE LIVES.

††††††††††

EMERGENCY MEDICAL TRAINING

1. All members received their yearly recertification in Cardiopulmonary Resuscitation (CPR) as required by state law.

2. Eleven (11) members successfully completed a 25 hour Department of Transportation (DOT) Recertification Course for Emergency Medical Technicians. As of December 31, 1982, the Fire Department had twenty-two (22) Registered Emergency Medical Technicians.

REPORT OF THE BOARD OF HEALTH

REPORTABLE DISEASES

There were 84 cases of communicable diseases and other health conditions reported as follows: Animal Bites, Dog 53; Chickenpox 7; Hepatitis 3; Meningitis 4; Salmonellosis 10; Streptococcal Infection 6; Tuberculosis 1.

CLINICAL PROGRAMS

Mental Health. There were 1,045 client consultations and visits by Randolph residents for a total of 10,759 hours at the South Shore Mental Health Center. We have held the line on costs and hope we may continue to do so. COST: $14,000.00 for Adult Services – $6,000.00 for Children's Services. TOTAL: $20,000.00

Influenza Inoculations. 1,007 persons received influenza vaccine at a number of clinics held during the year. The state furnished 700 doses of the vaccine and the Board of Health provided the rest free of charge to Randolph residents.

Pneumonia Clinics. There were no pneumonia clinics this year as Randolph has given the vaccine yearly since 1978 and the vaccine is good for five years. Medicare now covers the cost of this vaccine.

School Immunizations. 144 students received 156 immunizations free of charge at the Board of Health. The public health nurses assisted the school nurses with head lice and scoliosis detection, as well as blood typing programs. There were 4 nursery school surveys done regarding immunizations and lice and scoliosis detection.

Tuberculosis Testing. Most Tuberculosis testing is now done at Norfolk County Hospital in Braintree or at Brockton Hospital, except in rare cases.

Alien & Refugee investigation and follow-up (relative to TB) – 2.

Biologic and Diagnostic Supplies. 5,145 doses of vaccine, plus other diagnostic supplies were received and issued to Randolph physicians and used at our various clinics.

Keep Well Clinics for Elderly. 3,414 patients were screened for high blood pressure at 157 clinics during the year. 383 found to have high blood pressure.

Comprehensive Hypertension Program. Ages 30 to 64 – 443 patients screened, of which 94 were found to be high.

Cancer Recto–Colon Detection. 69 patients tested. 5 were found to be positive but presumed to be other than Cancer.

Diabetes Screening Program. 167 patients screened with 44 found to be high. There were 7 clinics held for this program.

Office Patients. 508 visits by 314 patients for allergy injections; B12, Imferon; blood pressure, etc.

Mothers & Newborns. 96 mothers received 102 visits.

Unwed Mothers. 33 mothers received 46 visits. 7 mothers received 8 visits pre-natally.

Premature Infants. 5 mothers received 3 visits.

Well Baby Clinic. 124 patients were seen at 16 clinics with 117 being immunized.

Teen Support Group. 25 meetings were held and 72 clients seen. This program was initiated in May for single mothers.

HOSPITAL SUBSIDIES

Premature Infants. There were 5 premature infants born to residents in various hospitals during the year at no expense to the Town.

Tuberculosis. The Town was not billed for any patients having tuberculosis during the year.

ENVIRONMENTAL SANITATION

Refuse Collection & Disposal. Reddish Disposal Service, Inc., of Needham is the new collection contractor for the next three years. The Board of Health welcomes them and anticipates a pleasant and productive association. B.F.I., Louis Kmito and Son operates the sanitary landfill in a fine manner with continued improvements effected during the course of the year with no expense to the town.

Public Health Complaints. More than 1550 complaints were received for possible health nuisances and hazards and investigated and resolved during the year.

Swimming Pools. 11 permits for public and semi-public swimming pools and 36 for private swimming pools were issued.

Nursing Home Inspections. 2 inspections of one nursing home were made prior to state relicensing.

Food Service Establishments. 63 permits were issued to restaurants and other type operations serving food and/or drink for consumption on the premises. Inspections of all establishments have been carried out in excess of the two required by State Code and will continue to be monitored constantly.

Retail Food Establishments. 30 permits were issued to retail food establishments. All are being inspected at regular intervals.

Livestock. 21 licenses were issued to residents to keep livestock. 2 Hypo-syringe permits were issued for animal treatment.

Collection and Disposal of Sewage. 8 permits were issued for the collection and disposal of sewage.

Container Service (Dumpsters). 14 permits were issued for container service.

Disposal Works Installers. 7 permits were issued to install individual sewage disposal systems.

GAS INSPECTIONS

226 permits for gas installations, including propane gas, were issued during 1982. As with plumbing inspections, at least one inspection is necessary for each installation.

268 permits for plumbing installations were issued during the year. Each installation requires at least one inspection by the Plumbing Inspector.

PUBLIC HEALTH NURSING

Public Health nursing activities are outlined under "Clinical Programs" and include pre-natal and post-natal care with instructions; pre-school follow-up of children; care and instructions relative to communicable diseases and various aspects of adult health supervision; assistance at Well Baby Clinics; Diabetes clinics, e.g. Progress continues to be made in working with other agencies such as school nurses, South Shore Mental Health, Braintree Visiting Nurse Assoc., etc. The immunization aspect is referred to in more detail under the school immunization section.

Other areas we have touched upon this year have involved working with the Kiwanis on a Cancer Study Survey re lifestyle, the food we eat, products we use

conditions we live and work under, etc., to see if these have any bearing on Cancer and other diseases.

We continue to investigate all communicable diseases. Randolph residents are getting more health conscious as the figures of the different clinics clearly indicate.

PERSONNEL MATTERS

Paul J. Connors was re-elected in March for a three year term. Dorothy Larner, Sr. Clerk with the Board of Health, resigned effective October 1, 1982. The Board accepted her resignation with regret. Anna F. Maguire was hired to fill the position left by Mrs. Larner. Mrs. Maguire, a former Town of Randolph employee, was hired back after losing her job in the Veteran's Office due to Proposition 2½.

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	8,509 feet
Brush obstructing drainage cut	1,731 feet
Culverts cleaned and opened	28 count

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	520 acres
Larvicide by backpack and mistblowers	29.5 acres

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide mistblowing from trucks	191 acres
Adulticide U.L.V. from trucks	24,320 acres
Catch basin application.	
Adulticide and larvicide	415 count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 28 calls from residents for information and assistance.

Respectfully submitted,

Albert W. Meuser, Superintendent

REPORT OF THE BOARD OF WATER COMMISSIONERS

The One Hundred First annual report of the Board of Water Commissioners is hereby submitted, covering the department's activities for the year ending December 31, 1982.

Organization of the Board

Norman F. Ayers, Clerk
John F. Brack, Chairman
Edward T. Clark, Associate

During the year 1982 the department received three (3) applications for new services. All three (3) of these have been installed and added to the system.

METER DEPARTMENT

Three (3) meters were installed on new services and four hundred forty-six (446) were set as replacements. One Hundred Ninety (190) were not registering; six (6) were frozen and burst; two hundred fifty (250) were removed to be replaced. This department had seven thousand nine hundred thirty (7930) metered services and seven (7) unmetered active services.

DEPARTMENT MAINTENANCE

During the year the department had thirty-one (31) service leaks on public ways. Three (3) new services were installed. One hundred twenty-three (123) curb and gate boxes were repaired; fourteen (14) frozen services were thawed out electrically. Fifteen (15) hydrants were broken by auto collisions. Three (3) were hit and run; others were paid for through insurance. Thirteen (13) hydrants were installed as replacements. Sixteen (16) old services were renewed.

REPORT OF THE SEWER COMMISSIONERS

During the year 1982 we have started our final phase of our Sewer Construction Program. The total estimated cost to finish sewering the Town is 3.5 million dollars. The following is our report of work completed, work in progress, and work contemplated.

Pocket Program

This is the seventh year of our ten-year program. As explained in last year's report, we had, through our Consulting Engineering firm Metcalf and Eddy, applied for and been awarded a State Grant under G.L. 557. During the past year the State's part was increased from 40% to 50% for eligible construction costs. Accordingly, we anticipate the share will amount to approximately 1.4 million dollars. This money, along with 1.5 million dollars appropriated at the 1981 Annual Town Meeting and sums available in our Sewer Reserve Fund, should enable us to complete the projects.

At the present time Contracts No. 40 (55% completed) and No. 41 (12% completed) are well under way. We intend to advertise and accept bids on Contract No. 42 in early February and start construction April 1, 1983. We estimate completion date in the fall of 1984.

Maintenance Program

Our maintenance department consists of three employees who throughout the year work diligently on our various programs.

During the year we have worked with Engineering, Highway and School Departments, assisting them on drainage and sewer problems.

General

Due to the acceptance of Proposition 2½ our department was reduced by two employees in 1981. It is inevitable because of the rapid expansion of our system that we will have to request additional help in the future.

Present Status of Sewer System

With the start of Contracts No. 40 and 41, we have now constructed 94.9 miles of sewer. As of January 1, 1983 we have 6,571 house and building connections installed and our system is 92% completed. Based on today's construction costs the value is $28,100,000.00.

Respectfully submitted,

Felix Carlino, P.E., Chairman
Robert E. Curran, Clerk
Roger V. Sass, Associate
RANDOLPH BOARD OF SEWER COMMISSIONERS

REPORT OF THE HIGHWAY DEPARTMENT

I respectfully submit my report to the Town of Randolph for 1982.

Your Highway Department has continually maintained our many brooks and drainage systems in an effort to prevent any drainage problems. Heavy June rains proved to be a workout for our drainage system, however, the only major problem was flooding on a section of Wales Avenue. Emergency drain repairs were made to the 24-inch drain which was clogged by willow tree roots. The roots and two large willow trees were removed and a new 24-inch line replaced the old drain.

Brook clearing was done from the Teed Drive Brook to the Cochato Brook. Other various drainage outlets were cleaned to assure fast runoff of rain storms and ground water. A constant problem stems from inconsiderate homeowners who clog drains and brooks with leaves and other debris causing problems for their neighbors and the Department.

New drainage lines were installed in the following areas:

1. Michelle Lane – Replaced existing 12–inch and 15–inch drains with 24–inch and 30–inch drains to correct drainage problems in Crowley Drive area.

2. Installed triple 24–inch culverts under Oak Street at Reservoir for a distance of approximately 86 feet per culvert.

3. Installed 48–inch drain at highway yard to enlarge our storage and prepare yard for salt shed.

We prepared approximately 32 streets in the North end of Town for chip seal. Chip seal is the process where hot liquid asphalt is applied to the street and then covered with a treated 3/8 inch stone and rolled. The stone cover provides an improved and more lasting wearing surface as compared to the conventional sand cover. This process is used to hold streets together and keep them passable until such time as we can affort to completely reconstruct the street.

Under present budgetary limits only approximately one mile of road could be rebuilt each year. With the Town's roads now totaling 87 miles, it will take 87 years to reconstruct each road properly.

We completed safety improvements to the entrance of Mill Street at North Street. The work entailed construction of stone wall, removal and resetting of curbing, installation of new sidewalks and roadway – along with removing, replacing, and repairing traffic signals.

Another safety improvement was completed at the intersection of Highland Avenue and Warren Street. This project allowed for the construction of an additional lane to alleviate congestion in this area.

We are presently working on the reconstruction of Oak Street. This project is being done in conjunction with the installation of a new sewer main and a new 12–inch water main being installed by the Water Department. We have encountered a great deal of ledge in some areas of the project but plan to have it all removed this winter. The project will be stepped up in the spring, thus necessitating the complete closing of Oak Street periodically.

This spring we are planning to do much more lining and striping throughout the Town. This work was severely reduced due to budgetary limits. This work will include center lines, crosswalks, stop lines, land lines, and arrows.

Our snow fighting equipment has been improved with the completion of the rebuilding of our fourth sand truck. Over the past four years we have rebuilt in our shop four sand trucks to give us a dependable fleet at a savings to the Town.

Our sweeping equipment is in need of improvement with some replacing and rebuilding.

This past September the Town was awarded a salt shed from the Commonwealth of Massachusetts. It is presently under construction at our highway yard with completion scheduled for the spring. This will finally allow us to store salt more safely at the highway yard.

I again would like to thank all the employees of the Department for their continued support and efforts, and also all the other Departments and the Board of Selectmen for their cooperation over the past year.

Respectfully submitted,

Henry J. Rota

REPORT OF THE TOWN ENGINEER

I respectfully submit the Annual Report of the Engineering Department for the year 1982.

ENGINEERING DEPARTMENT

During the year the Engineering Department has furnished professional engineering services for the following Town Departments and Officials and Committees: Board of Selectmen, Board of Assessors, Zoning Board of Appeals, Town Clerk and Treasurer, Building Inspector, Tree Warden, Sewer Department, Fence Viewers, Water Department, Police Department, Town Counsel, Fire Department, School Department, Chapter 40A Zoning Committee, and the major portion of work for the following:

1. **Planning Board**: review and update of all subdivisions bonds twice a year; review of 3 preliminary subdivision plans and 2 definitive subdivision plans; review of all "Approval Not Required" plans.
   Inspected construction on the following subdivision streets: Jacobs Road, Marsden Circle and Pearl Street – Paving, sidewalks and bounds; North Sherwood Avenue – paving, bounds and berm; Burris Way – berm and sidewalk; Terry Drive – sidewalks; Stevens Terrace – paving, bounds and sidewalk; Pearly Evans Drive and Bittersweet Lane – paving, sidewalks and bounds; Prospect Avenue and Hayward Street – 48" drain.

2. **Conservation Commission**: reviewed and made recommendations on 8 "Hatch Act" permits; conducted final inspections for Certificates of Compliance on 4 permits; reviewed revisions to 2 permits; made weekly and sometimes daily inspections of 15 active "Hatch Act" permits.

3. **Highway Department**: Oak Street reconstruction – completed forms and applications for Hatch Act permit, Chapter 91 license, Environmental Notification Form, State Aid Application; completed roadway and drainage design and plans; surveyed and layed out construction as required and measured quantities for payment; provided necessary engineering services for the following: new drains at Rand and Howard Streets; intersection improvement at Mill and North Streets; intersection improvement and widening at Warren Street and Highland Avenue; widening of Wilson Street; drainage replacement at Michelle Lane.

4. Other projects and work included the following: Design of pedestrian traffic signals for Highland Avenue at the Randolph shopping center

(Shaw's); lot grading inspection for which a total of $1,205.38 in fees was collected and turned in to the Town Treasurer; prepared street layout plans for Castleton Avenue and School Street; assisted Chapter 40A Zoning Committee; continued to coordinate plans for traffic signals on Route 28; assisted Municipal Space Needs Committee by preparing plans for several alternative uses of the McNeill School property.

Thomas W. O'Dea, P.E.
TOWN ENGINEER

REPORT OF THE PLANNING BOARD

During the year the Planning Board held 39 regular meetings and one special meeting, plus 14 public hearings. The Board signed and approved 42 plans and the Chairman presented 19 zoning articles before Town Meeting members.

One of the approved articles was the rezoning from residential to multi-family land adjacent to the Boston School for the Deaf. The rezoning was requested by the Hebrew Rehabilitation Centre of Roslindale to construct a housing for the elderly on the property. They anticipate completion of the facility within two years and this should prove to be a great asset for housing some of our elderly citizens.

This year our Rules and Regulations on zoning were completed and submitted and approved by Attorney General's office.

The meetings were well attended by the members of the Board and Town Engineer.

Respectfully submitted

Thomas J. Fisher, Chairman
Linda L. Simons, Vice Chairman
Paul V. Scally, Clerk

REPORT OF THE ZONING BOARD OF APPEALS

The following is the Annual Report for the year ending December 31, 1982.

Nineteen requests for dimensional variances from the Zoning By-Laws have been acted upon. One is pending.

Two requests to revise and/or amend existing variances were reviewed and resolved.

All dimensional variances granted have conformed with the provisions in the Zoning Act M.G.L. Chapter 40A, which accommodates individual situations that are unique under the statutory standards.

Three Special Permits have been applied for and granted, with restrictions, under the category of Special Permits as permitted under the Zoning Act and the Zoning By-Laws.

One application for the reconstruction of a home which was destroyed by fire due to a gas explosion was acted upon.

Pending before the Norfolk Superior Court is one appeal to the Board's upholding of a decision of a prior Building Inspector.

The cooperation and assistance of the Town Counsel, Building Inspector, Engineering, Assessing and Town Clerk's Departments has been of great help in the administration and deliberations of the Board.

Respectfully submitted,

Paul W. Flynn, Chairman
ZONING BOARD OF APPEALS

REPORT OF THE BUSINESS AND INDUSTRIAL COMMISSION

This report again is a progressive one, the word is "growth." Your Business and Industrial Commission has again finished up the year with considerable "growth," many new buildings, much needed reconstruction, and many additions – the bottom line **jobs.**

Again, with the tight money market most new construction is again with tax free Industrial Revenue Bonds.

The Business and Industrial Commission would like to thank all Town Departments for their cooperation and help throughout the year.

REPORT OF THE RANDOLPH HOUSING AUTHORITY

Since our last report for the Annual Town Report was written in 1981 the Randolph Housing Authority has continued to manage 236 units of elderly housing in Randolph. We have had a very busy year with the Russell F. Thompson, M.D., Memorial Community Center for all of our senior citizens of Randolph.

The Randolph Housing Authority is also participating in the 707 Rental Assistance Program for moderate income families under the Department of Community Affairs of the Commonwealth of Massachusetts. We presently have 15 family units subsidized under the 707 Rental Assistance Program.

We are hopeful of constructing more elderly housing apartments in the future. However, the recent financial crisis of the Commonwealth of Massachusetts, together with the emphasis on rehabilitation of existing dwellings in our large cities by the Executive Office of Communities and Development, has slowed down the program of construction of new elderly housing developments in Massachusetts.

The Randolph Housing Authority has had an active year supporting M.B. Associates who are going to construct new elderly housing off of Highland Avenue in Randolph, and the Hebrew Rehabilitation Center for the Aged who are going to construct a new elderly housing complex on the site of the Boston School for the Deaf on North Main Street, Randolph.

The Randolph Housing Authority members are proud of their accomplishments since the start of the program in 1965 and have worked diligently to bring much needed housing to the people of Randolph and to satisfy the requirements of our elderly citizens.

We would like to extend our thanks to the Board of Selectmen and other officials of the Town whose cooperation and assistance have been invaluable.

At this time we would also like to thank State Representative John Flood of Canton and Randolph, State Senator Joseph B. Walsh of Dorchester, and State Representative M. Joseph Manning of Milton for their continued support of the Randolph Housing Authority and its aims and purposes.

Respectfully submitted,

James W. Brennan, Chairman
Henry J. Rota, Vice Chairman
Edward C. Hoeg, Treasurer
Ruth E. Walsh, Assistant Treasurer
Joseph J. Zapustas, Secretary

REPORT OF THE SIGN INSPECTOR

I hereby submit the Annual Report of the Sign Inspector for the year 1982.

During the year sixty-six Permits for location and erection of signs have been issued. Twenty (20) signs have been condemned for violations, six (6) of which were political. There were six (6) signs cited for repairs to be put in safe condition. All repairs have been complied with.

In addition to the issuance of each Permit, a site inspection is required before and after the sign is erected. All complaints on signs have been resolved. Surveying and policing for unsafe signs and illegal signs in the town have been made weekly.

A sum of twelve hundred and sixty-seven ($1,267.00) dollars was collected and deposited with the Town Treasurer.

Respectfully submitted,

REPORT OF THE BOARD OF REGISTRARS OF VOTERS

A total of 16,631 registered voters were on file for the year 1982, and by precinct the number of those registered were as follows:

Precinct No. 1	3,017
Precinct No. 2	3,135
Precinct No. 3	2,548
Precinct No. 4	3,207
Precinct No. 5	2,738
Precinct No. 6	1,986

The Registrars 1982 street listing totaled 29,035 residents:

1 day old through age 16	6,250
Age 17 through age 21	2,967
Age 22 through age 59	14,963
Age 60 and over	4,855

2,357 dogs were listed and placed on file for the Dog Officer.

"Persons Listed Books," "Voter Lists," "Supplementary Lists," and "Alphabetical Lists" were compiled and printed during the year.

1,702 residents became new registered voters, and 2,700 residents declared, changed, or canceled their party designations. 262 voter certificates were issued from the Board's office.

Initiative Petitions received at the office of the Board of Registrars totaled 24 with 680 names being certified for the various amendments and proposed laws for the Commonwealth.

There were 155 nomination papers received for the March Town Election and the Board certified 2,148 names. 148 applications were certified for absentee voting.

The September State Primary produced 365 nomination papers and the certified names totaled 5,580. Primary absentee voter applications totaled 157.

The November 2, 1982 State Election brought another 255 absentee applications for certification and new supplementary lists were printed.

Extra sessions and night sessions for voter registration totaled approximately 97 hours for the three elections.

Since the 1982 street listing the Town has added 15 single, 13 duplex and 1 multi-dwelling with 139 units.

Respectfully submitted,

Ethel McDonald, Chairman
A. Rena Thayer, Associate Member
Ruth Goodwin, Associate Member

BOARD OF REGISTRARS OF VOTERS

REPORT OF THE BOARD OF TRUSTEES STETSON SCHOOL FUND

The Board of Trustees are pleased to report that they have kept the Town Hall in the best condition possible this past year.

When Proposition 2½ came upon us the Board of Trustees turned back all monies set aside for certain projects; up-grading of the fire and burglar alarm systems, renovation of certain offices, and monies set aside for a handicap ramp. The Board felt that by turning back these monies they could preserve a few jobs of full-time police and fire personnel.

Now that the dust has settled and everyone understands the ramifications of Proposition 2½, the Trustees, this year, have submitted an article to allocate certain funds to construct the handicap ramp for our handicapped citizens. The Trustees would hope that the Town Meeting Members understand the urgent necessity for such a ramp to be built and it would take this into consideration when this article comes before our Town Meeting.

The Board wishes to thank the following for their sincere cooperation during the year: Board of Selectmen; Joseph Sass, Tree Warden; Henry Rota, Highway Surveyor; Thomas O'Dea, Town Engineer; Fire Chief, Robert Teece and, of course, the "infamous" Henry L. Lowd, Executive Secretary and Town Accountant, and his staff. No one can appreciate the true talents of Hank until they have to deal with him.

Respectfully submitted,

Paul W. Flynn, Chairman
Paul J. O'Meara, Vice Chairman
John J. Rooney, Clerk
Margaret C. Burke, Secretary

REPORT OF THE TRUSTEES
TURNER FREE LIBRARY

The year 1982 will long be remembered by the Trustees of Turner Free Library as a year of change which saw the appointment of a new Director and Assistant Director, the resignation of four Trustees and the hiring of a new Children's Librarian and a Professional Library Assistant.

Following the departure of Director Inez McCarthy who had held the position since 1969, the Trustees appointed Mr. Charles A. Michaud as a replacement after interviewing 17 candidates. An Honors Graduate of Gettysburg College in Pennsylvania, Mr. Michaud attended graduate school in history at Johns Hopkins University and received his Master's Degree in Library Science from Simmons College in 1975. He was Director of the Topsfield Town Library when he accepted the position at Turner Library.

Resignations were accepted with regret from Trustees Mr. Henry M. Cooke, Dr. Kenneth J. Girard, Attorney Morris Schultz and Attorney William J. McGrath. Appointed as Trustees by unanimous vote were Mrs. Hansford Brown and Mrs. Martin I. Horowitz.

Ms. Mary Tynan was appointed Assistant Director and new staff members hired were Mrs. Sarah LoPiano, Children's Librarian; and Mrs. Carolyn Eldridge, Library Assistant. Resignations were accepted with regret from Mrs. Meredith Crosby, Assistant Director and Children's Librarian, and Mrs. Betty Wellington, Children's Room.

Priorities established early on by the new Director included returning the library to an open hours schedule as near to the traditional schedule as possible, forming a "Friends–of–the–Library" group, writing a staff manual, opening up the mezzanine floor for the use of patrons, and raising the circulation of both the children and adult patronage.

With the approval of the Trustees, Mr. Michaud dropped one full-time position for the fiscal year 1982/83 and substituted five part-time positions in part for the full time position and to make up for the Library Pages positions which were dropped the previous year as a result of the 15% budget cut mandated by Proposition 2½.

Still functioning and now very much a part of the library scene is our volunteer program which includes upwards of 30 townspeople who take part in this valuable service.

The Trustees were pleased with the action of the recent Special Town Meeting which voted $23,000.00 for the removal of the asbestos coating and the refinishing of the ceiling in the Main Library. Bids are presently being obtained and the Trustees will use Turner Funds to make up any difference between the Town appropriation and the actual price for the removal project.

The Trustees extend their thanks to the Town Officers and Boards for their continued support in what has been an extremely busy and fruitful year.

Respectfully submitted,

Albert L. Willis, President
TRUSTEES, TURNER FREE LIBRARY

REPORT OF THE LIBRARY DIRECTOR

This past year, 1982, has been a very eventful one for the Turner Free Library. It has been a year of many changes. Most noticeable, perhaps, is the number of new people at the library. The year began with the departure of Mrs. Inez McCarthy as library director and my appointment as her successor. In April Mrs. Sarah LoPiano became our new children's librarian, replacing Mrs. Meredith Crosby who has retired from the responsibilities of librarian to those of mother. In May Mrs. Carolyn Eldridge replaced Mrs. Betty Wellington as children's room assistant.

Another noticeable change has been the increase in the number of hours the library is open. At the start of the year the Turner Free Library was open only forty-six hours a week and was closed on Saturdays. Now, at the close of the year, our regular schedule reflects a sixty hour week with the library open nine to nine Monday through Wednesday, and nine to five Thursday through Saturday.

Still another highly visible change is the appearance of the library itself. No longer are the books crowded tightly together on the shelves. The shelves are now reasonably neat, orderly and accessible. This was accomplished first by removing those books that had not been borrowed at all during the last three years and then expanding the useable library shelf space.

This was made possible by opening the mezzanine to the public and moving several thousand books up there. Formerly the mezzanine had been a restricted area used to store some five thousand duplicate books. This process of moving the library took much of the summer and C.E.T.A. employee Regina Pomerleau was instrumental in its successful completion.

There have been other less visible changes made to minimize the impact of the budget restrictions that followed the passage of Proposition 2½ and to provide the best possible library service. Most of these are designed to make the library operate more effectively and more efficiently.

Less cost expensive and less staff intensive ways of providing catalogue cards were introduced. Most books are being purchased at the best available library discounts. A staff manual, the first to be used at the Turner Free Library, was written and distributed to the staff. This explains not only their duties but also the philosophy of public service that guides the library. The first systematic inventory of library supplies was conducted.

In still other ways this has been a year of "firsts" for the Turner Free Library. Most noticeable was the formation of the Friends of the Turner Free Library, our first Friends group, and the holding of their first annual book sale. Mr. Harry

Cramer was chosen as the first president of the Turner Friends and Mrs. Adeline Oakley as his able vice president.

During 1982 several programs were held at the library, including a puppet show and a magic show for children, and a special program on small business practices for adults. Story hours for children are presented four times a week and are very heavily attended.

The Turner Free Library continues to be an active place. Virtually every minute that the library is open a book or some other item is being borrowed. For instance, during the 248 hours the library was open in November, 1982, over fourteen thousand items were borrowed.

Library circulation for fiscal year 1982 (July 1981 - June 1982) was 148,213 items. From December 1, 1981, through November 30, 1982, the library circulated 149,904 items.

I would like to take this opportunity to thank my assistant director, Mary Tynan, and the entire library staff for their assistance and support in the many changes the Turner Free Library has undergone this year. I also wish to express my gratitude to the many volunteers whose assistance is so sorely needed and so gratefully appreciated. Without their unselfish and unstinting efforts the Turner Free Library would be incapable of providing as many hours of service as we now do.

I also wish to express my thanks to our new Friends of the Turner Free Library for the many hours of help they gave during the book sale and for their continued support of the library. Lastly, I would be remiss if I did not thank the Board of Trustees for their support, encouragement and deep concern for the welfare of the Turner Free Library.

Respectfully submitted,

Charles A. Michaud, Library Director

TURNER FREE LIBRARY

REPORT OF THE CONSERVATION COMMISSION

From January to December 1982 13 regular meetings were held. Under the provisions of M.G.L. Chapter 131, s 40, Wetlands Protection Act, 7 public hearings were held. There are 26 outstanding Orders of Conditions. Over the year a number of permit extensions and cease and desist orders have been issued. Two opinions and/or determinations were requested and acted upon. Many inspections or monitoring of projects were made.

The person in the Engineering Department who had the responsibility to review, monitor and make recommendations on plans concerning M.G.L. Chapter 131, s 40, Wetlands Protection Act was terminated due to Proposition 2½. The board extends its gratitude to the existing Engineering Department for finding time to perform this expertise.

A fee schedule has been set up in the event that a work load could preclude this service in the 21 days allowed by State Law and an outside consulting engineer would be needed. Consultants would create a hardship for the board as the Engineering Department correlates proposals with Federal Law 92–500, s 404, the National Flood Administration Program, the U.S. Soil Conservation Program. Also, the Randolph Watershed & Wetlands Protection Zoning By-Law, and the proposal's relation to other projects within the town must be acted upon and a consultant might not be privy to all the inter-relationships.

This fee schedule formula which was submitted to the State Division of Community Services and the Board of Selectmen for comments has, from July 1, 1982 to December 31, 1982, generated $852.57 which was paid to the Town Treasurer. The next Annual Town Meeting can vote on how to expend it. This fee schedule was not adopted by the board capriciously but only after much thought and review of other communities' actions.

The members of this board are very concerned about spraying of herbicides to control vegetation growth on Right of Way easements throughout the town. A commitment is reaffirmed to take every action possible to eliminate this potential hazard from the residents and the watersheds.

Board members wish to thank all the town departments and boards for their kind assistance and cooperation over the past year.

REPORT OF THE ORGANIZATION TO PROMOTE ENERGY CONSERVATION

OPEC

The Committee presented its report at the 1981 Annual Town Meeting.

In late November the Executive Office of Energy Resources notified the Board of Selectmen that the Town had been selected to receive a $3,000.00 Technical Audit Grant.

Again this year we are sponsoring a variety of projects designed to alert the citizens of Randolph of the necessity for energy conservation. The Committee will sponsor a poster contest available to the school children of Randolph, with cash awards to be presented from funds donated by various service organizations of the Town.

In this regard we wish to express our appreciation to the administration of the Randolph School Department who have continued to give their full support to our program.

We wish to extend our thanks and cooperation to the various Town department heads who have met with us during the weekly meetings we have held and assisted in our investigations and followed through on our recommendations to promote energy conservation.

ORGANIZATION TO PROMOTE ENERGY CONSERVATION

REPORT OF THE EXECUTIVE DIRECTOR ELDERLY AFFAIRS

I would like to take this opportunity to make my Annual Report as Executive Director of Elderly Affairs in the Town of Randolph to the citizens of the town.

We have continued to have available to the elderly people in our town a most active program.

I have worked very closely with the Council on Aging, the Randolph Housing Authority, all the Town Boards and Commissions and the clergymen of the town in offering the more than 5,000 elderly citizens in Randolph an interesting, varied and vital program, and judging from their enthusiastic participation, we seem to have been very successful. The following is a partial listing of activities held this past year.

The Town of Randolph is now a member of the South Shore Home Care Services which provides meals for senior citizens at the nutrition site for the elderly citizens in the Parish Hall of St. Bernadette's Church. The South Shore Home Care Services also provides meals for more than forty shut-in seniors which are delivered to their homes by volunteers and, also, provides various forms of home care for needy senior citizens.

Every two weeks the Turner Free Library sends a librarian to each of the three senior citizen housing projects to lend books to the tenants.

The Randolph Rotary Club again provided the "Operation Survival" telephone which is "manned" five days a week by residents of our senior citizens project on North Street.

During the last year the senior citizens' drop-in center at the elderly housing complex on North Street was very active and operated with a full schedule including, but not limited to, dancing, beano, arts and crafts, and many other programs for our senior citizens.

Weekly provisions for two shopping buses which stop at strategic locations in town provide our elderly with transportation to facilitate their shopping, one bus is donated by the Council on Aging and the other by Shaw's Supermarket.

In October of 1982 the Randolph Senior Citizens were provided with flu shots at the three housing complexes, Temple Beth Am and Trinity Episcopal Church; also, weekly blood pressure clinics are now being held for the elderly developments in Randolph, all sponsored by the Randolph Board of Health.

The Randolph Lions sponsored a Glaucoma Clinic with free eye examinations for Randolph senior citizens.

An active bowling league in which more than 100 of our elderly participated each week is held at the Woodlawn Bowlerama alleys.

A May Day banquet held at the Lantana was attended by many local town officials, the clergy and over 600 senior citizens.

A Thanksgiving dinner was served at the Randolph High School to over 600 senior citizens, compliments of the seniors of the school and the Teachers Club acting as hosts in providing this delicious meal.

A sit-down roast beef dinner for over 300 senior citizens was held in November at the Elks Hall, compliments of the Randolph Elks Club.

A Christmas Party with a fully catered meal and liquid refreshments and entertainment was attended by more than 650 elderly at the Lantana, compliments of the owners, Mr. and Mrs. Maurice Hart.

I am pleased to announce that effective January 1, 1983 the Town of Randolph will be the recipient of a small grant from the Department of Elderly Affairs of the Commonwealth of Massachusetts for the transportation of senior citizens to the Randolph Clinic and to various dentists in Randolph. This program will commence on January 1, 1983.

The Town of Randolph has also been in receipt of a grant from the Department of Elderly Affairs of the Commonwealth of Massachusetts for the Outreach Program in Randolph, enabling the Town to hire a worker as of January 1, 1983, to service all senior citizens who are "shut ins."

REPORT OF THE BOARD OF RECREATION

Dr. McCormack of Winchester stated that, "Recreation not only provides pleasure but it also relieves mental strain, stress and tension."

As I have written in the past, and I again repeat, Randolph has as good a Recreation Program as any in the state. We have activities for pre-school children to adults. We also provide services for handicapped youngsters during the summer at St. Coletta's Day School in Braintree.

I wish to thank the School Department for the use of their facilities to conduct our many programs and to the School Committee and Richard Coburn for their cooperation, also to South Randolph Little League for allowing us their field for the use of our Baseball Program during the summer.

People who work for a town department seldom receive due credit for their achievements, therefore, I take this opportunity to express my appreciation for the fine work of the instructors, the skating rink people, the swimming pool people, the summer playground people, the summer maintenance crew. Thanks also to the Selectmen for appointing people on the Recreation Board who meet to improve the program for the benefit of the people in Randolph, to the Finance Committee that scrutinizes our budget, to the Town Meeting Members for accepting the Recreation Budget, and finally to the people who participate in the programs.

Let us keep the Recreation Program in Randolph worthy enough to have people on the outside talk about Randolph and the many fine features it provides which includes this Recreation Program.

Respectfully submitted,

Joseph J. Zapustas, Director
BOARD OF RECREATION

REPORT OF THE YOUTH COMMISSION

The Randolph Youth Commission and Youth Staff herewith submit their annual report for the year ending December 31, 1982. As an activity/service oriented prevention agency, the Youth Commission became involved in a number of endeavors pertaining to the mental, social, and physical health of the Town's youth and their families. In the implementation of any program the Youth Commission has the following objectives in mind:

1) To bring about a clearer understanding of services available to youth by agencies already serving Randolph;

2) To provide alternatives to delinquent behavior by developing creative programs to meet social, educational, vocational, psychological, and/or recreational needs of young people;

3) To help the youth of Randolph to articulate and meet their own needs;

4) To create a better understanding about youth among adults, particularly between parents and their own children.

Once again in 1982 the Youth Staff worked with, among others, police, court, school and social service personnel. They provided individual and family counseling, academic tutoring, vocational counseling and placements, organized and supervised youth activities, were resources for information and referral, and were called upon in many crisis intervention situations, including direct involvement with school drop-outs, runaway cases, teenage rape victims, cases of attempted suicide, teenage pregnancy, and child abuse, as well as cases of problems resulting from alcohol and/or drug abuse.

The Youth Center (7th Anniversary), a Youth Employment Service (which referred numerous teenagers to full-time, part-time, and odd jobs throughout the year), two very successful co-ed weekend camping trips (both in September involving around 100 young people), and a Haunted House (held at the Youth Center in October, attracting more than 400 people), were among the programs and activities sponsored by the Youth Commission in 1982.

In January the Youth Office moved to 19 North Main Street (the Corkin Building). During the year we regretfully accepted the resignations of members Rich Kenney and Youth Center Director Kathleen McQuaid, and welcomed new members Peggy Daly and Chuck Fay.

The Youth Commission takes this opportunity to thank all town departments and the townspeople for their cooperation and encouragement throughou

the year. A special thanks to the Junior Ladies Library Association, the Knights of Columbus, and the Randolph Police Association for their continued support in 1982. We look forward to working with and on behalf of the Town's youth in 1983.

BOARD OF ASSESSORS

REPORT OF THE TOWN TREASURER

Since my appointment as Town Treasurer in April 1982, I am very pleased to report that through my efforts the Town has earned over $200,000.00 in interest on my investments. This was done during a most difficult period, a time of heavy borrowing for tax anticipation.

I am also happy to report that the Town was able to maintain its "A" rating and has received excellent bids on its recent Bond Issue.

Upon assuming this office I have changed the procedure of reporting Federal and State withholding taxes to comply with the current law. The vendors' checks are now done on computers and both the payroll and vendors' checks are now automatically reconciled without cost to the Town.

With the cooperation of the Police Department and the Board of Recreation, we have changed their method of operation to a direct deposit, thus saving our office time and duplication of the effort of counting and recording deposits.

My cash management balances are now kept in money market earnings where the Town gains the highest rate of interest. There are no compensating balances at any bank since it is my belief that banks are competitive and will perform many services for the Town, if properly negotiated. I have also been able to have a bank prepare notes for us, saving long efforts by our office. This permits the office staff to handle the various duties assigned to this office.

With the cooperation of the Sewer and Highway Departments, I have been able to offset the interest cost of the Sewer and Highway loans by keeping the funds invested between scheduled warrant payments, thus earning additional interest for the Town.

I wish to express my gratitude to Mr. Henry Lowd, Executive Secretary and Town Accountant, for all the help and cooperation he has extended to me. My first priority is to communicate and cooperate with all departments so that we can have a working relationship for the benefit of the Town.

Respectfully submitted,

Joan F. Ward

Town of Randolph

1983

Annual Report

ONE HUNDRED AND FORTY-EIGHTH ANNUAL REPORT

Pictured on the Cover are Mrs. Ethel McDonald and her daughter, Mrs. June Wilson, both of whom retired in 1983 after serving the Town of Randolph for a combined total of nearly sixty years in the office of the Board of Registrars.

Also shown is a reproduction of the State Senate Citation and a letter from the Governor presented to Ethel McDonald in recognition of her 31 years of dedicated service to the Town of Randolph.

MICHAEL S. DUKAKIS
GOVERNOR

November 3, 1983

Ethel McDonald
721 North Street
Randolph, MA 02368

Dear Ethel,

It has just been brought to my attention that on October 31 you retired after 31 years of service to the Town of Randolph.

31 years of dedicated service is a record of which you can well be proud. One of the strengths of our Commonwealth is the willingness of so many public servants such as yourself to work long hours, often without recognition, so that our municipalities can function as well as they do.

You have earned the gratitude of your town and of your state. You have my very best wishes for good health to enjoy the retirement you so deserve.

Sincerely,

MICHAEL S. DUKAKIS
Governor

Ms. Catherine Stack of Listowell, County Kerry, Ireland, presents Alvin J. Yorra, Chairman of the Randolph Board of Selectmen, the greetings of the Council, Town of Listowell.

Catherine Stack was in Randolph visiting the Goodhue family. Mrs. Mitchell J. Goodhue, a cousin of Ms. Stack, was born in Listowell.

The Board of Selectmen extend to Eagle Scout David Robert Bass their congratulations on his reaching this goal.

REPORT OF THE BOARD OF SELECTMEN

During the year 1983 major milestones were passed on the road towards solving our housing problems for the elderly. Two additional senior citizen complexes are in the process of construction. Over three hundred and fifty new apartments will be available for our seniors in 1984.

Important new legislation dealing with condo conversion has finally been passed after many years of struggle. This law now requires minimum time notification for condo conversions, with extended notification to the elderly and handicapped.

In our quest for additional senior housing, the McNeill school property is being studied to determine its suitability for senior housing.

After three years of negotiation, the Board of Selectmen awarded the Cable TV television contract to Randolph Cablesystems. Installation is now in progress and the entire town will have cable capability by mid 1984. The selectmen feel that the negotiated contract is not only beneficial for all parties but will enable the town to have "State of the Art" capabilities. This contract includes plans for a complete T.V. studio, equipment and studio for the school system and a mobile TV broadcasting unit. These items will be provided to the town by Randolph Cablesystems at no cost.

Financially the town is in a strong position. We have met the mandate of Proposition 2½ and stabilized our tax rate in the process.

It is the goal of the Board to continue our efforts to provide housing, and to develop and institute modern business practices utilizing computer technology.

Respectfully submitted,

Alvin J. Yorra, Chairman

REPORT OF THE TOWN COUNSEL

The report of the Legal Department is as follows:

Advice was given and conferences were held with many Town Departments, boards, committees, commissions, and individual officers.

Hearings were held before the Appellate Tax Board, the Superior Court and District Courts.

There was a continuation of litigation involving the position of Sergeant in the Police Department.

Several complaints involving the Building Department were held at the Quincy District Court.

There was litigation concerning disability of an individual in the Fire Department.

The litigation before DEQE is ongoing involving the Town of Stoughton and has been tried and is pending before said agency.

There is an ongoing case concerning closing hours of an alcoholic beverage license.

A National newspaper brought suit against the Town and five other cities and towns in the Commonwealth concerning news racks. This litigation is continuing.

A Superior Court suit was instituted against the Town by the Randolph Fair Practices based on hiring policy.

A suit involving a claim against a contractor for failure to complete a road was disposed of.

There are pending Land Damage cases.

CHARMSS Collaborative, of which Randolph is a member, was sued by the parents of a student.

Randolph has been made part of litigation involving the operation of the Norfolk County Jail.

Two former police officers have pending litigation against the Town.

There were appeals to the Superior Court of decisions of the Board of Appeals.

A citizens' suit was brought against members of the Police Department and a local restaurant.

There was litigation involving fire lane parking tickets.

There was extensive litigation concerning the State withholding sewer funds.

Civil Service hearings were held.

I would like to take this opportunity to thank the Department heads and employees for their cooperation in the various matters of litigation.

Very truly yours,

William J. Carr
TOWN COUNSEL

REPORT OF THE EXECUTIVE SECRETARY AND TOWN ACCOUNTANT

I herewith submit my Twentieth Annual Report for the year ending December 31, 1983.

With the mandated staff reductions under Proposition 2½ and the ever increasing demands on municipal service functions to provide reports on every aspect of operations, the Town has recognized the absolute necessity of adopting modern business methods implementing a computer oriented program. The Accounting Department has been obligated to function with two admittedly ancient NCR bookkeeping machines that were assembled prior to my appointment in July of 1964. Although they have been variously described as either outmoded, obsolete, or ancient, they have continued to function. However, there has been a continuing problem in providing spare or replacement parts, or to have the availability of competent service personnel to keep them in working condition, and the Finance Committee has recognized that some action was required to give a back-up capability when we could no longer successfully combat this serious problem.

Accordingly, the creation of a Computer Study Committee was recommended and favorably adopted by Town Meeting action. The Moderator appointed a hard-working and most knowledgeable committee of five members: Jeffrey M. Needle, Gerard Cassidy, Binnie Alpert, Ondine Cestroni and Alfred Galante; who proposed that the services of the Massachusetts Municipal Association Field Services Program be called upon to provide the Town with the benefit of its vast experience in these matters following their successful engagements in other cities and towns throughout Massachusetts. Their proposal was funded by Special Town Meeting action in October of 1983 and the Finance Committee in November of 1983 affirmed this action.

The Town has released a request for proposals (RFP) to provide vendors with information sufficient to enable them to submit proposals for consideration by the Board of Selectmen to fulfill the information needs of the Town and its respective officials, staff, and departments. The Selectmen wish to receive proposals which address their needs by either:

One in-house turnkey system;
Remote computing services – so-called time sharing;
or a combination of these approaches.

The proposer shall deliver **six (6) copies** of his proposal(s) not later than 4:00 p.m. on Wednesday, February 15, 1984 to:

Board of Selectmen
Town Hall
Crawford Square
Randolph, Massachusetts 02368

SCHEDULE OF EVENTS

The Town intends to progress in this procurement in a series of orderly steps. The schedule that follows has been developed in order to provide adequate information for vendors to prepare definite proposals and to permit the Town to consider fully various factors that may affect its decision. These dates shall be carefully observed.

Release of Request for Proposals (RFP)	December 20, 1983
Pre-Response Conference	January 24, 1984
Final Date for Submitting Proposals	February 15, 1984
Evaluation of Proposals	February 15, 1984 to April 20, 1984
Contract Signing	April 30, 1984
Implementation of First Application	July 1, 1984

The daily activities of the Accounting Department which are to be computerized include:

REPORTS:

Daily / As Needed:

Cash receipts and distribution; status of appropriations and General Ledger accounts segregated by years of appropriation; tax rate model; estimated versus actual cash receipts; aging reports for receivables weekly; trial balance of appropriations by years.

Monthly:

12.	Number of adjusting entries to appropriations ledger.	10
13.	Number of lines on the balance sheet for each fund.	400
14.	Number of lines on the statement of revenues and expenditures for the general fund.	50

B. ACCOUNTS PAYABLE

1.	Number of vendors who are dealt with on a regular basis and whose invoices are processed through accounts payable	900
2.	Number of vendor invoices received and entered to accounts payable each month.	1,250
3.	Number of times per month that accounts payable checks are written.	5
4.	Number of accounts payable checks written monthly.	1,500
5.	Number of vendor invoices paid by each accounts payable check:	
	a. maximum	10
	b. typical	1

Following the evaluation of proposals, favorable action on an Article jointly sponsored by the Finance and Computer Study Committees, which requests an appropriation to purchase, lease, or lease with an option to purchase, data processing equipment and/or services to support the system, will be required.

I earnestly solicit your support to insure its favorable adoption and wish to express my sincere and continuing appreciation for the support and assistance afforded me by the Board of Selectmen, all Town departments, and citizens of the Town.

Respectfully submitted,

Henry L. Lowd
EXECUTIVE SECRETARY
and TOWN ACCOUNTANT

ANNUAL TOWN ELECTION

March 7, 1983

Pursuant to a Warrant issued by the Board of Selectmen and signed on the 7th day of February, A.D. 1983, duly posted by Osmond J. Benjamino, Constable, the voters of Randolph assembled on the seventh day of March, 1983 in the Martin E. Young School for Precinct No. 1, in the Randolph High School for Precinct No. 2, in the Elizabeth G. Lyons School for Precinct No. 3, in the Tower Hill School for Precinct No. 4, in the Devine School for Precinct No. 5 and in Temple Beth Am Auditorium for Precinct No. 6.

The election paraphernalia was given by the Town Clerk to the Wardens of all precincts and receipts were taken thereof.

The polls were open for the reception of ballots at 7:00 o'clock A.M. and closed at 8:00 o'clock P.M.

The returns were made to the Town Clerk from Precinct No. 1 at 8:41 P.M., Precinct No. 2 at 8:25 P.M., Precinct No. 3 at 8:53 P.M., Precinct No. 4 at 8:30 P.M., Precinct No. 5 at 8:58 P.M., Precinct No. 6 at 8:40 P.M.

A new system of Electronic Voting Machines was used for the first time with success.

The vote was tabulated by the Town Clerk and the declaration of the results was made at 9:25 P.M., March 7, 1983.

The total number of votes cast in the six precincts was as follows:

REPORT OF THE RANDOLPH SCHOOL COMMITTEE

The Randolph School Committee herewith submits its annual report for the year 1983 to the citizens of the Town of Randolph.

The School Committee is composed of five members, each elected (by the voters) for a three year period on a staggered basis. We serve without remuneration. Charged with the implementation of the educational program for all pupils under the General Laws of the Commonwealth of Massachusetts, we are an agent of and responsible to the State, as well as to the citizens of the Town.

Our duties and responsibilities include the formulation of policy, budget making, personnel appointments, approval of curricula and teaching materials, planning of school services, formulation of education specifications for school construction, implementation of Federal programs and the evaluation of all school programs and personnel. This we do working with our executive officer, the Superintendent of Schools.

Regular meetings of the committee are scheduled on the first and third Mondays of each month. All meetings are open to the public, and we encourage you to attend. In addition, we hold many extra meetings, particularly during the budget-making process (December through February) and while we are in the process of bargaining collectively with our employees, as required under Chapter 150E of the laws of the Commonwealth. Collective bargaining meetings usually begin each year in November and continue until a settlement is reached.

This past year has seen much activity. The following committees are now in place:

a. Collective Bargaining

1.	Teachers	Berger & Gass
2.	Aides	Bower & Murphy
3.	Tutors	Anderson
4.	Custodians	Bower & Murphy
5.	Cafeteria	Bower & Murphy
6.	Administrators	Berger & Gass
7.	Nurses	Anderson
8.	Clerical	Anderson

b. Budget: Brenda Berger, Chairman Ex Officio

1.	Salary	Anderson & Murphy
2.	Expense	Bower & Gass

c. Other

1.	Affirmative Action	Murphy

2.	Grievances – Level III	Anderson & Gass
3.	Legislative	Murphy
4.	P.T.O.	Berger
5.	Policy	Berger & Bower
6.	Randolph Foundation	Murphy
7.	Students	Bower

Also during this school year we instituted a new procedure entitled "School Community Speaks." This practice of inviting various staff members to make a presentation to the committee has been very interesting and successful. Board members, as well as members of the community, can receive current information on the workings, goals, etc., of the various departments of the school system.

We continue to allow a portion of each meeting to be devoted to "Community Speaks." This procedure is outlined in a publication entitled "School Committee Rules, Regulations and Procedures for Meetings and Public Participation" and is available at the school administration office.

This past year the committee voted to reorganize by eliminating the position of Corresponding Secretary and creating the new position of Vice-Chairman of the Randolph School Committee.

In March 1983 Mr. A. Richard Anderson was elected to his fifth term on the board. Mr. Anderson, now in his thirteenth year on the committee is our "senior member." To this job he brings experience and dedication.

Because we are still grappling with the outcomes of Proposition 2½ and the loss of fiscal autonomy, we have become more involved in legislative issues, public relations, and fund-raising. One can assume this trend will continue for the foreseeable future. Community participation is on the increase and we are attempting to broaden use of our buildings throughout the year and for all age groups. With the new public awakening to the plight of public education today, your Randolph School Committee stands ready to lead into a future filled with introspection, innovation, and positive change.

As Chairman of the School Committee, it has been an honor to serve with such a fine group of dedicated and sincere committee members. Throughout difficult times this committee has worked harmoniously with wisdom and maturity. Dr. Zoino, Dr. Huttunen, and Mr. Coburn deserve the highest praise for their dedication, perseverance, and professional expertise. No committee or town could ask for a better central office staff.

As always, we thank the Townspeople, the entire school staff, and all the Town Departments who have assisted us in delivering services to our children.

Respectfully submitted,

Brenda Berger, Chairman
RANDOLPH SCHOOL COMMITTEE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fifth annual report to the Randolph School Committee and the other citizens of Randolph.

As I indicated in my last report, each year under Proposition 2½ causes a greater negative impact on the educational system in our community. Problems continue to arise which are as a direct result of cuts made under the new law. These problems resulting from staff and service cutbacks directly impact upon our students, while at the same time we are experiencing a rapid deterioration of our equipment, school plants and grounds.

Recently the school committee met with the Board of Selectmen to discuss the problems of major renovations and capital outlay needs. As a result of this meeting, it was decided to sponsor a joint meeting of all department heads to discuss the formulation of a community based capital outlay committee. Hopefully such a committee will study the needs of all departments and make recommendations at future Town Meetings which will ameliorate the present declining situation.

On a brighter note, we have had a few successes which we hope are good signs for the future. We were, as a result of assistance from the State in the area of transportation cutbacks, able to reinstate several extracurricula and athletic programs for the students in the junior and senior high schools.

We continue to receive support and encouragement from several local organizations. Most noteworthy have been the contributions of time, services and funding which we received from the Hockey Boosters Club, the Rotary Club, and the Jaycees. The men and women of these groups, together with all of our parent-teacher organizations, and several local business persons, have inspired as well as supported us.

Items worthy of note are as follows:

Cable TV Station

By September 1984 a producing TV studio will be operational at Randolph High School. Students will write, direct and produce programs to be shown over Channel 3 in Randolph. Video taping, editing, as well as facets of TV programming, will be taught. Several continuing workshops will provide the necessary skills to students and staff to man the studio. These workshops will also be open to the public. We are indebted to the Randolph Board of Selectmen for providing us with the material and equipment, through the Cable contract, to make this possible. Credit also goes to Mr. Saba, Dr. Zilonis, Dr. Liuzzi, and Mr. Robert Stone of our staff for many hours which they contributed to make this become a reality.

Business Education

Word processing is now being taught by the staff of the department in conjunction with the teachers of the occupational education department. Federal funds and corporate grants provided the word processing equipment and a teacher expert in the field. Kudos to Mr. Mackey, Dr. Liuzzi, and their staffs.

English Department

This year the department offered an after-school program in Verbal SAT Preparation for those students whose schooltime schedules preclude their taking of the in-school course. The after-school program is open also to students from the surrounding communities. The department will continue to offer this course.

Tufts University honored Mr. Donald Nelson of the English Department with the University's Teacher of the Year award. Mr. Nelson is also Director of Drama at Randolph High School. We join his professional peers in recognizing his many contributions to the students of Randolph High School.

Foreign Language Department

In order to monitor and maintain uniform standards, we implemented a departmental grading policy, including a new approach to grading of homework and classroom participation. The following curriculum priorities were stressed: selection of software for the computer and selection of materials to improve the teaching of culture.

Social Studies Department

The Social Studies Department is attempting to incorporate more skills teaching into its curriculum. Teachers will be using some excellent new critical thinking methods and materials in the 10th and 11th grade U.S. History classes.

Computer simulations are also being used in Social Studies classes on a limited basis.

In addition, a new program has been instituted at the junior high level entitled, **Facing History and Ourselves – Man's Inhumanity to Man.** This program stimulates students to use reasoning skills and to think very seriously about some fundamental concepts such as justice, responsibility, prejudice, and obedience. Through the use of films, tapes, diary excerpts, news stories, letters, posters, and case studies, the curriculum traces the roots of prejudice and discrimination, first in our own lives, then in history.

Students will meet and talk with survivors and witnesses who share their painful memories and insights. The students will also keep journals documenting their personal thoughts and responses. Much credit is due to Mr. Ronald Lovett, Ms. Ann Cahill, Mr. Norman Tardiff, Dr. Huttunen of the staff, and Mrs. Brenda

Berger, Chairman of the School Committee, for the inspiration and hard work needed to establish this program.

Science Department

We still offer three levels of Earth Science, four levels of Biology plus Physiology, four levels of Physical Science, and three levels of Physics.

Emphasis on the related use of computers within the curriculum continues. This past year two Apple microcomputers were added to the terminals already in use within the science area. In addition, a mini-course (Computer Programming in Science) was added to our offerings in science.

Our physical facilities continue to be recognized as among the best anywhere. Our science wing was used again this past year as an example of an exemplary science facility for two different groups of international science educators visiting the United States on exchange programs.

Computer awareness was a major goal for the 1983 school year. Dr. Huttunen and educational personnel representing elementary, junior high and high school levels have concentrated a great deal of effort toward realizing this goal. Two committees were formed to address a system plan of action and to utilize the expertise of interested citizens in Randolph.

The plan of action committee coordinated a workshop for all educational and secretarial personnel. Exposure to computers for educational, office and home use provided a broad view of our computerized world. The citizen committee, chaired by Mr. Ken Carter, has led to corporate gifts and volunteer instruction in basic programming. Mr. Larry Hiltz has been most notable in facilitating contributions of hardware and software, and Messrs. John Milson, James Waegelein, and Ken Carter have volunteered to teach a course for interested personnel.

Our first successful summer enrichment program focused on the use of microcomputers. Taught by Mr. William Johnson, student participants ranging from elementary through adult levels were able to concentrate on an introductory course in the use of computers and programming.

By utilizing Federal Block Grant monies, we have been able to expand our computer program for students in grades 3–12, purchasing microcomputers, printers and related software. Alfred Galante, Math Coordinator, and Linda Gautreau, Chapter I teacher, wrote a competitive grant under the Commonwealth Institute and were successful in obtaining training for interested teachers in the use of LOGO, a computer graphics and problem solving language program adopted for use in grades 3–6. Chapter I monies have also been used to secure word processing, mathematics and LOGO software for use with Chapter I students.

Competitive grant writing has also helped to foster continuation of arts opportunities for students. A cooperative project written by Randolph teachers and staff members of the Neighborhood Arts Center, Boston, MA, led to a successful project funded by the MA Council for the Arts and Humanities. As a result, sixth grade students at the J.F.K. studied four world cultures, learning about the people and their artistic endeavors as the major representation of each culture.

Based on this success, teachers, administrators and representatives of the China Trade Museum wrote another competitive project and once again Randolph is successful. Many children in grade 6 from both junior high schools will have an opportunity to participate in this year's project. One of the persons most responsible for the success of this endeavor is Mrs. Lois Wasserman, member of the Randolph Arts Council and former teacher of art.

The Randolph Arts Council, under the chairmanship of Mrs. Nancy Swartz, and the P.T.O. Councils have also continued their effort in sponsoring arts programs for Randolph children. Fox example, students were able to participate with several notable performers, Stromberg, Cooper and Rosenshantz, and learned many facts about marine science through the Mr. & Mrs. Fish Program.

P.T.O. council members have also served as volunteer teachers in the V.I.A. program. This program provides information for fourth grade children on children with handicaps, i.e., blindness, deafness, physically impaired, and mentally retarded. The information leads to understanding of the humanness of all children.

Dr. Huttunen, the elementary principals, and other interested administrators, initiated an in-service program focusing on the Effective Schools research and the current major studies of education. During the 1983 school year the principals were recipients of a grant for their study from the Commonwealth Institute. Consultants from Boston College, Northeastern University, and U. Mass. Amherst provided information for use of the principals and instructional leaders.

As we look forward to 1984 I would be remiss if I didn't bring to your attention the following critical, educational needs of the system. These are as follows:

A. A full-time music instructor. At the present time we offer no courses at Randolph High School in music, music theory, etc. Our recent graduates are telling us of the handicaps under which they labor at the college level since they were unable to take these courses with us.

B. Elementary guidance or adjustment counselors.

C. Data processing instructor at Randolph High School.

D. Teacher(s) for our gifted and talented students.

In all, I continue to be grateful for the loyal and professional services of the entire staff. I am particularly thankful for the continued dedication and committed support of my assistants; Dr. Lyn A. Huttunen, Assistant Superintendent; and Mr. Richard E. Coburn, Business Manager. No superintendent is more fortunate than I am in having such outstanding, hard-working school committee members who service our children.

Respectfully submitted,

John E. Zoino, Ed.D.

REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

1983

We respectfully submit the 20th Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the seven member towns during 1983.

AVON	Bernard H. Baher
BRAINTREE	James E. Sullivan
CANTON	Benson Diamond
HOLBROOK	William T. Buckley
NORWOOD	John T. Driscoll
RANDOLPH	Albert L. Willis
WESTWOOD	Gerard A. Baker

The District School Committee held regular monthly meetings on the first and third Tuesday of each month in the Administrative Office at the Regional School, 100 Randolph Street, Canton, MA. Mr. John T. Driscoll and Mr. Gerard A. Baker presided as Chairman and Vice Chairman respectively; William J. Carr, Esq., of Randolph as Counsel, Mr. Charles A. Brennan of Randolph as Superintendent–Director, and Mr. Paul C. Murphy of Canton as Treasurer.

During 1983 the following numbers of students availed themselves of Vocational Education under the auspices of the Blue Hills Regional Technical School District:

. . .	Blue Hills Regional Day Programs	1702
. . .	Adult Evening Program	414
. . .	Holbrook Career Development Program	76
. . .	Randolph Career Development Program	236
	TOTAL	2428

The total enrollment for the Blue Hills Technical School and the Technical Institute Day Programs remained constant during the 1982–1983 school year.

The Technical Institute continued to operate on a self-supporting basis and enjoyed a successful year. The Technical Institute had a student enrollment of 531 for the 1982–1983 school year with a tuition charge to each student in the amount of $2,130.

The Adult Evening Program also continues on a self-supporting basis with an average cost of $75.00 per course.

The Blue Hills Regional School continues to support the communities by completing projects in our auto repair, auto body, metal fabrication, machine shop, structural wood, health services, graphic arts and electrical departments.

The Chateau de Bleu Restaurant serves our residents on a daily basis with gourmet meals.

The Computer Center served our towns in a multitude of school department and town government operations.

The Regional District School Committee is indebted to our local School Committee, Superintendents of Schools, Boards of Selectmen, Finance Committee members and local Advisory Board members who so ably assisted with their continued and dedicated support in 1983.

To the citizens of the seven member towns, the parents and the town meeting members who by their vote of confidence have provided quality vocational and technical training for our regional youth, we are deeply grateful.

Respectfully submitted,

John T. Driscoll, Chairman
Gerard A. Baker, Vice Chairman
Albert L. Willis, Secretary
Bernard H. Baher
William T. Buckley
Benson Diamond
James E. Sullivan

CHIEF OF POLICE

REPORT OF THE AUXILIARY POLICE DEPARTMENT

The following is the performance record of the Randolph Auxiliary Police Department for the year 1983.

There were a total of 1,348 details performed.
This represents a total of 7,575 volunteer man hours.

684 Traffic Details	2,656 hours
300 Cruiser Patrol Details	1,192 hours
364 Miscellaneous Details	3,727 hours

Our Auxiliary Cruisers patroled a total of 27,000 miles.
Our Auxiliary Officers had approximately 3,711.5 training hours.

There were 27 active officers from the 1st of January through the 17th of July, 1983.

There were 42 active officers from the 17th of July through the 31st of December, 1983.

Respectfully submitted,

Robert A. Rocheleau, Chief
AUXILIARY POLICE DEPARTMENT

REPORT OF THE CIVIL DEFENSE DIRECTOR

Our progress paper for 1983 has been submitted and approved. We have maintained 100% participation in the Checkerboard Alert Program.

The Board of Selectmen has continued to provide their full support to the Civil Defense function and we are grateful for this support.

Respectfully submitted,

Henry L. Lowd
CIVIL DEFENSE DIRECTOR

REPORT OF THE FIRE DEPARTMENT

The following is the Annual Report of the Fire Department for the year ending December 31, 1983.

The refurbishing program on our apparatus has been completed and culminated with a new chassis for Ladder No. 1. This truck is at Station No. 2 and is only used for back-up because of a lack of manpower.

A new Ambulance was placed in service a few days ahead of schedule because of a failure of the automatic transmission in the 1980 Ambulance. The department mechanic rebuilt the transmission and this Ambulance is now being used as a back-up.

I have once again submitted Articles for the Annual Town Meeting to replace aged apparatus and to rehire our laid-off personnel. The last time the Town purchased a new pumping engine was in 1974 and the other three are 1959, 1964, and 1970 models. As for personnel, I am still short six (6) firefighters, four (4) dispatchers, and my clerk only works half a day. As she does all of the ambulance billing, I have proposed to the Finance Committee that they fund all ambulance related accounts from the Ambulance Reserve Account. By not appropriating these accounts, I would have funds to rehire some of my personnel. Hopefully they will agree so we can return to a safe manning level.

Respectfully submitted,

Robert D. Teece, Chief
FIRE DEPARTMENT

FIRE PREVENTION

Permits Issued	137
Solid Fuel Stove Plans Reviewed	35
Mercantile Inspections	358
Nursing Home Inspections	8
School Fire Drills by the Deputies	47
Fire Investigated for Cause	6
Smoke Detectors for Inspection	402
Amount deposited with the Treasurer for Inspection Fees	$3,465.00

The fire loss in the Town has remained low and we must accredit this to public awareness of Fire Prevention. Let us hope it continues.

Again we repeat – **SMOKE DETECTORS SAVE LIVES** – please use them

EMERGENCY MEDICAL TRAINING

1. All members received their yearly re-certification in Cardiopulmonary Resuscitation (CPR) as required by state law.

2. Ten (10) members successfully completed a 25 hour Department of Transportation (DOT) Recertification Course for Emergency Medical Technicians. As of December 31, 1983 the Fire Department had twenty-two (22) Registered Emergency Medical Technicians.

TRAINING

Two events are particularly noteworthy. In the tradition of Department progress, the first Officer's Candidate School known in the State was begun in Randolph. Secondly, two members have attended Basic Computer Language School, one member having gained further training to place the Department's computer on line. The computer is on loan through an educational loan program and will be functional beginning January 1, 1984.

In addition to the continuous in-service training for all members in both fire suppression and emergency medical care, there were a number of cases where, before use, innovative procedures or products required special drills for all personnel.

FIRE ALARM REPORT – 1983

Repairs to aerial wire and alarm boxes were necessary because of many motor vehicle accidents and lightning storms. Trees were trimmed around the alarm wires and bulbs were replaced in traffic signal lights for the Police Department.

Many new poles were set by the New England Telephone and Massachusetts Electric Companies, replacing damaged ones or for relocation, resulting in many changeovers for aerial wire.

Radios were installed in the new ambulance and repairs were made to other units. All public school fire alarms were tested prior to the opening of school in September. In the past year three new fire alarm boxes were added to the alarm system.

Because of budget restraints most of the work on the alarm system was on necessary repairs. Very little work was done on maintenance or upgrading of the system.

REPORT OF THE BOARD OF HEALTH

REPORTABLE DISEASES

There were 103 cases of communicable diseases and other health conditions reported as follows: Animal Bites, Dog 65, Cat 2; Chickenpox 4; Hepatitis 4; Meningitis 1; Salmonellosis 7; Streptococcal Infection 17; Tuberculosis 2; Encephalitis 1.

CLINICAL PROGRAMS

Mental Health. There were 1,032 client consultations and visits by Randolph residents for a total of 10,503 hours at the South Shore Mental Health Center. We have held the line on costs and hope we may continue to do so. COST: $14,000.00 for Adult Services – $6,000.00 for Children's Services. TOTAL: $20,000.00.

Influenza Inoculations. 978 persons received influenza vaccine at a number of clinics held during the year. The state furnished 900 doses of the vaccine and the Board of Health provided the rest free of charge to Randolph residents.

Pneumonia Clinics. There were no pneumonia clinics this year as Randolph has given the vaccine yearly since 1978 and the vaccine does not require a booster shot. Medicare now covers the cost of this vaccine.

School Immunizations. 353 students received 379 immunizations free of charge at the Board of Health. The public health nurses assisted the school nurses with head lice and scoliosis detection as well as blood typing programs. There were 5 nursery school surveys done regarding immunizations and lice and scoliosis detection.

Tuberculosis Testing. Most Tuberculosis testing is now done at Norfolk County Hospital in Braintree or at Brockton Hospital, except in rare cases. Public Health Nurses did test 189 employees of a local business where an employee had been diagnosed as having TB. Nurses also tested 9 patients in Board of Health Office.

Alien & Refugee investigation and follow-up (relative to TB) – 3

Biologic & Diagnostic Supplies. 5,131 doses of vaccine, plus other diagnostic supplies were received and issued to Randolph physicians and used at our various clinics.

Keep Well Clinics for Elderly. 3,402 patients were screened for high blood pressure at 147 clinics during the year. 619 found to have high blood pressure.

Comprehensive Hypertension Program. Ages 30 to 64 – 504 patients screened, of whom 177 were found to have elevated readings.

Cancer Recto-Colon Detection. 41 patients tested. 3 were found to be positive, 33 negative and 5 not returned.

Diabetes Screening Program. 181 patients screened with 69 found to have high blood sugar requiring medical follow-up. There were 8 clinics held for this program. 14 additional persons had borderline high blood sugars requiring further study.

Office Patients. 586 visits by 379 patients for allergy injections; B12; Imferon; blood pressure, etc.

Mothers & Newborns. 94 mothers received 114 visits.

Unwed Mothers. 27 mothers received 43 visits. 3 mothers received 5 visits pre-natally.

Premature Infants. 7 mothers received 10 visits.

Well Baby Clinic. 116 patients were seen at 16 clinics with 104 being immunized.

Teen Support Group. 22 meetings were held and 34 clients seen. This program was initiated in May of "82" for single mothers. Program is expanding now under name of YPI, Young Parents Initiative. The Randolph Board of Health, in conjunction with Healthcare and Family Services Association of Greater Boston (FSAGB), has expanded services to pregnant and young single mothers under the name of "Young Parents Initiative." (YPI)

In 1983 eleven new single mothers were seen and many home visits were made as stated in above report. Of this group 4 to 5 are seen weekly at YPI in First Congregational Church. Two of the girls are already formulating plans to complete their High School education.

The future goals of this group are:

1. To address issue of young single fathers.
2. A better understanding of parents of these Young Parents in Transition.
3. Completion of High School education.
4. Community understanding of a very costly social problem facing all of Randolph residents.

HOSPITAL SUBSIDIES

Premature Infants. There were 7 premature infants born to residents in various hospitals during the year at no expense to the Town.

Tuberculosis. The Town was not billed for any patients having tuberculosis during the year. This fact speaks well for the excellence of control of this disease in past years by efforts of this Board of Health.

ENVIRONMENTAL SANITATION

Refuse Collection & Disposal. Reddish Disposal Service, Inc., of Needham is the collection contractor for the Town of Randolph and continues to do a fine job. B.F.I., Louis Kmito and Son operates the sanitary landfill in a fine manner with continued improvements effected during the course of the year with no expense to the town.

Public Health Complaints. More than 1500 complaints were received for possible health nuisances and hazards and investigated and resolved during the year.

Swimming Pools. 11 permits for public and semi-public swimming pools and 44 for private swimming pools were issued.

Nursing Home Inspections. 2 inspections of one nursing home were made prior to state relicensing.

Food Service Establishments. 74 permits were issued to restaurants and other type operations serving food and/or drink for consumption on the premises. Inspections of all establishments have been carried out in excess of the two required by State Code and will continue to be monitored constantly.

Retail Food Establishments. 37 permits were issued to retail food establishments. All are being inspected at regular intervals.

Livestock. 22 licenses were issued to residents to keep livestock. 2 Hypo-syringe permits were issued for animal treatment.

Collection and Disposal of Sewage. 8 permits were issued for the collection and disposal of sewage.

Vapor, Pool, Shower and other Baths. 1 permit issued for whirlpool bath.

Container Service (Dumpsters). 16 permits were issued for container service.

Disposal Works Installers. 7 permits were issued to install individual sewage disposal systems.

GAS INSPECTIONS

274 permits for gas installations, including propane gas, were issued during 1983. As with plumbing inspections, at least one inspection is necessary for each installation.

432 permits for plumbing installations were issued during the year. Each installation requires at least one inspection by the Plumbing Inspector.

PUBLIC HEALTH NURSING

Public Health Nursing activities are outlined under "Clinical Programs" and include pre-natal and post-natal care with instructions; pre-school follow-up of children; care and instructions relative to communicable diseases and various aspects of adult health supervision; assistance at Well Baby Clinics; Diabetes clinics, e.g., Progress continues to be made in working with other agencies such as school nurses, South Shore Mental Health, South Shore VNA, etc. The immunization aspect is referred to in more detail under the school immunization section.

Other areas we have touched upon this year have involved working with and help sponsoring the Lions at their Eye Mobile Clinic.

We continue to investigate all communicable diseases. Randolph residents are getting more health conscious as the figures of the different clinics clearly indicate.

PERSONNEL MATTERS

James W. Foley was re-elected in March for a three year term. However, due to a career move Mr. Foley submitted his resignation effective October 31, 1983 and the Board accepted same with regret. Jim has been a member and sometime chairman of the Board for the past 10 years and during this time has done much good for the Town of Randolph in the way of promoting the good health of its citizens. We wish him and his family the very best of everything.

Ronald Berkowitz became the newest member of the Board of Health when he was appointed by a joint vote of the Boards of Selectmen and Health on December 5, 1983 to serve in place of Mr. Foley.

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasable.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	4,781 feet
Brush obstructing drainage cut	685 feet
Culverts cleaned and opened	3 count

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	600 acres
Larvicide by backpack and mistblowers	153 acres

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

Adulticide mistblowing from trucks	360 acres
Adulticide U.L.V. from trucks	34,516 acres
Catch basin application.	
Adulticide and larvicide	787 count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 149 calls from residents for information and assistance.

Respectfully submitted,

Albert W. Meuser, Superintendent

BOARD OF WATER COMMISSIONERS

REPORT OF THE SEWER COMMISSIONERS

During the year 1983 we have almost completed the final construction of our Sewer System. The following is our report of work completed, work in progress, and work contemplated.

POCKET PROGRAM

We are now in our eighth year of our projected ten year program. With monies made available from the State Grant, approximately 1.4 million supplemented by Town Appropriations, we will finish the final phase in the summer of 1984.

At the present time we have three contracts in progress. Contract No. 40 is 99% completed, Contract No. 41, 96% completed and Contract No. 42, 75% completed.

MAINTENANCE PROGRAM

Our maintenance department still only consists of three employees who work diligently on our various programs. Again, during the past year we have cooperated with Engineering, Highway, School and other departments, assisting them on drainage and sewer related problems.

GENERAL

As pointed out in a previous report, with the Town now 99% sewered it is inevitable that we will have to request additional help with the next years.

PRESENT STATUS OF SEWER SYSTEM

With the conclusion of our major Construction Program in mid 1984, we will have installed 99.3 miles of sewer at a cost of $27,000,000. The original estimated cost in 1956 was $42,000,000. In addition, the Town, through the combined efforts of the Sewer Commissioners, Board of Selectmen, Executive Secretary and others, has acquired some $9,000,000 in State and Federal Grants.

Respectfully submitted,

Felix Carlino, Chairman
Robert E. Curran, Clerk
Roger V. Sass, Member
John R. O'Riley, Sewer Superintendent

BOARD OF SEWER COMMISSIONERS

REPORT OF THE TOWN ENGINEER

I respectfully submit the Annual Report of the Engineering Department for the year ending December 31, 1983.

ENGINEERING DEPARTMENT

During the year the Engineering Department has furnished professional engineering services for the following Town Departments and Officials and Committees: Board of Selectmen, Board of Assessors, Zoning Board of Appeals, Town Clerk/Treasurer, Building Inspector, Tree Warden, Sewer Department, Fence Viewers, Water Department, Police Department, Town Counsel, Fire Department, School Department, Chapter 40A Zoning Committee, and the major portion of work for the following:

1. **Planning Board:** Review and update of all subdivisions' bonds twice a year; review of 11 preliminary subdivision plans and 8 definitive subdivision plans; review of all "Approval Not Required" plans; inspection of construction on the following subdivision streets:

   Country Club Drive – drainage, sewer, water, gravel, base course paving;
   Althea Park Ext. – drain, sewer, water, gravel, base course paving
   Hayward Street – drain, water, gravel, base course paving, berm, 48" drain
   Bittersweet Lane – sewer, water, drain, gravel, base course paving, berm, sidewalk, bounds
   Greenburg Circle – sewer, water, gravel, base course paving
   Pacella Park Drive – sewer, water, drain
   Eddy Street – berm
   Chestnut Circle – ditch, sewer, water, drain, gravel, base course paving, top course paving, bounds, sidewalk
   Nightengale Circle – box culvert,
   Bridle Path Circle – sewer, water, drain, gravel, base course paving, curbing
   Marie Way – sewer, water, gravel
   Heather Lane – sewer, water gravel.

2. **Conservation Commission:** Reviewed and made recommendations on 10 "Hatch Act" permits; conducted final inspections for five Certificates of Compliance on permits; reviewed revisions to three permits; made weekly and sometimes daily inspections on 25 active "Hatch Act" permits.

3. **Highway Department:** Oak Street reconstruction – prepared plans, specifications and contract documents for contract for installation of guardrail and construction of five retaining walls; guardrail and striping; measured quantities for payment. Provided necessary engineering

services for: the reconstruction and paving of Forest Street; drainage installation on High Street between Vine Street and Phyllis Drive.

4. **Other projects and work** included the following: design and supervision of construction of pedestrian traffic signals for Highland Avenue at the Randolph Shopping Center (Shaw's); lot grading fees for inspection were collected and turned in to the Town Treasurer for a total of $1,617.11; prepared street layout plans for Castleton Avenue and School Street; continued to coordinate plans for traffic signals on Route 28; assisted the Municipal Space Needs Committee by preparing plans for several alternative uses of the former McNeill School property.

Respectfully yours,

Thomas W. O'Dea, P.E.
TOWN ENGINEER

REPORT OF THE CHAPTER 40A ZONING COMMITTEE

Your Chapter 40A Zoning Committee has submitted several Zoning By-Law amendments for the consideration of the 1984 Annual Town Meeting.

This committee was created to bring the Randolph Zoning By-Laws into conformity with standards for communities adopted by the State Legislature. Every effort has been made to achieve this goal. Proposals are also presented after listening to residents' comments at Public Hearings of the various permit granting boards.

The Committee has never proposed changing the Zoning of a particular parcel of land. Deliberations and considerations have been on attempting to create a balance of harmony between the different Zoning Districts, to minimize the confiscatory situations, not to discriminate against low income or minority interests, but by attempting to reduce possible overcrowding without eliminating individual rights and free enterprise.

Two amendments were presented as a courtesy after hearing from residents of specific problems. One was concerning lot frontage requirements and one was for reduced parking requirements for Elderly Housing. The members support unanimously the proposal to reduce parking requirements for Elderly Housing to 1.1 spaces per unit but do not have a consensus of support for the lot frontage proposal.

The Board wishes to thank those residents who supported the proposal to restrict Adult Entertainment Zones, and it is grateful for the assistance of the Building and Engineering Departments, Planning Board, and other interested parties.

Five meetings were held to discuss proposals; however, members attended many hearings as individuals interested in Zoning and land use.

Respectfully,

Melvin Ellin, Chairman
Thomas O'Dea
Albert Pearlman
Joseph Rintone
Irene Romano

REPORT OF THE CONSERVATION COMMISSION

Your Conservation Commission has held 21 meetings between January 1 and December 31, 1983. Public Hearings under the provisions of M.G.L. Chapter 131, section 40, the Wetlands Protection Act have been held.

No improvements have been made on Conservation Open Space Areas under the care and custody of the Board because of the restraints on the Town Budget.

A fee schedule has been adopted for Chapter 131 permits so the total population does not have to carry the cost of individual requests.

Board members are striving to improve the quality of life within the Town. Projects have included concern over the use of pesticides, water pollution and acid rain problems.

The Board wishes to thank the many other departments who have given of their time and assistance in the goal of a cleaner environment.

Respectfully,

REPORT OF THE ZONING BOARD OF APPEALS

The Zoning Board of Appeals has heard 27 requests for variances from the Zoning By-Laws and requests for Special Permits in 1983.

As the Board hears requests for relief from the Zoning By-Laws for specific hardships, many of the decisions have been difficult and tedious to reach.

The filing fee system adopted by the Board attempts to make the Board of Appeals self-sustaining. Rules and Regulations are in the process of review. Any suggestions would be appreciated.

Board members offer their thanks to the other Boards and Departments who have responded to their requests for information and comments, also the residents who have expressed their views at hearings, which have assisted the Board in their deliberations.

The Board grieved over the loss of their Chairman, Paul Flynn, and offer their best wishes to Past Chairman Roger V. Sass, and Past Secretary Santo Cardello on their retirements.

Sincerely,

REPORT OF THE BUSINESS AND INDUSTRIAL COMMISSION

The Business and Industrial Commission is pleased to report again a banner year for growth – all over our Town, Buildings for Business, Buildings for Industry – again, the bottom line – Jobs.

With the expensive conventional rates of borrowing money, many of our new buildings are still being constructed with tax free Industrial Revenue Bonds.

We are pleased to report that permits for renovations to business buildings, renovations to commercial buildings, and new multipurpose warehouses are high on the list for taxable income for our Town.

Again, our Commission would like to thank all Town Departments for their cooperation and help throughout the year.

REPORT OF THE ORGANIZATION TO PROMOTE ENERGY CONSERVATION

OPEC

It's with pleasure the Committee of OPEC (Organization to Promote Energy Conservation) is making its annual report to the citizens of Randolph for the year 1983.

Four years ago the town meeting established the energy committee. Weekly meetings during the spring, fall and winter season were held. Plans were made to work with local businessmen to increase the efficient use of energy within their companies. Each firm was asked to designate an energy coordinator and later to form an energy workshop to help train them to examine energy conservation measures in their companies.

Recently the State Office of Energy Resources awarded the town a $3,000. grant for an audit of town buildings to find energy saving measures.

The resignation of Butch Phelan as O.P.E.C. Committee member was accepted (but) Butch will be missed.

Edward Roseoff will be the new committee member of O.P.E.C. as of January 1984. We welcome him aboard.

O.P.E.C. will sponsor the annual energy conservation workshop – poster contest, with the cooperation of the school committee, for elementary school children in grades one through six. Cash awards for the winners will be donated by the Randolph Kiwanis and awarded by Kiwanis representative Edward Roseoff.

The Kiwanis Club is the sole supporter this year of the poster contest on energy conservation.

Ronald Lovett, social science coordinator at the high school will direct the program in the schools again this year. Winners of the contest will be taken on a trip to Boston and ride in a school bus to visit the Governor and show the posters. A tour of the State House is always enjoyed as a never forgotten trip of a great experience.

O.P.E.C. Committee Members, Meg Fornaro of the L.L.A. Ladies Library Association, Butch Phelan, local businessman, Mr. Davidson, O.P.E.C. Chairman, and Ron Lovett of the Randolph School Department have chaperoned these State House trips for three years, including 1984. In this regard we wish to express our appreciation to the Randolph Kiwanis and their representative Edward Roseoff for the generous donation and support to our program.

This year, through the cooperation of Police Chief Osmond J. Benjamino, a hot line telephone for emergency help was established. The telephone number to be used is 963–1219.

During the year of 1984 we expect to continue in our effort to improve in alerting the citizens of Randolph of the necessity for energy conservation. We wish to extend our thanks and cooperation to the various town department heads who have met with us during the weekly meetings and assisted in our investigations and followed through on our recommendations to promote energy conservation.

REPORT OF THE PLANNING BOARD

The year 1983 was a most challenging one for the Planning Board. During the year members of the Board conducted meetings and held public hearings covering all aspects of our charge as Elected Officials in the Town of Randolph.

The Board worked at great length to meet the challenge presented by developers, builders, citizens, and a very active 40A Zoning Committee.

The members of the Planning Board are proud of all of their accomplishments during this past year.

Finally, a special thank you to the Board's capable and dedicated Secretary, Mrs. Peg Burke.

Respectfully submitted,

Thomas J. Fisher, Chairman

REPORT OF THE TRUSTEES
STETSON SCHOOL FUND

It is with regret that the Board of Trustees notes the untimely death of its chairman, Paul W. Flynn, who served as a member for four years and chairman for four years. Mr. Flynn served the Board of Trustees faithfully and always in the best interests of the Town.

Mrs. Gail Flynn was unanimously appointed to serve the unexpired term of her husband.

The Board of Trustees voted unanimously to establish a scholarship and medal to be awarded to a worthy student in memory of Paul W. Flynn. This is in addition to the Turner Medals presented each year.

Mr. Hank Wales resigned as custodian of Town Hall and the Board advertised the position and interviewed eight applicants for the job. Mr. Gene Gazzara was selected as the most suitable, and many noticeable improvements have resulted since his employment; stripping and waxing of hallway floors, painting the first floor men's room, and doing many minor repairs in the building.

It has been a busy and productive year and the Board is pleased to report that many beneficial changes are taking place at the Town Hall; extensive painting of interior halls, ceilings, and stairwells has been completed, damaged aluminum siding has been repaired, stone in front of the entrance was cleaned, and lettering regilted. Safety mats are now located at each doorway. Temporary repair is underway of the back stair until a long overdue installation of a safe porch and handicap access ramp is completed. The Board anticipates a very productive year ahead.

The Board of Trustees wishes to thank the following for their sincere cooperation during the year: Board of Selectmen, Tree Warden, Highway Department, Town Engineer, Fire Department, and Mr. Henry L. Lowd, Executive Secretary and Town Accountant, and his staff.

Respectfully submitted,

REPORT OF THE TURNER FREE LIBRARY

This past year has been an active and successful one for the Turner Free Library.

How do you measure a library's success? You can look at the amount of books and other items borrowed from it. Our circulation for fiscal year 1983 was 156,520 items, over 8,000 more than the 148,213 circulated during fiscal year 1982. Circulation records show that 91,329 adult books were borrowed, 44,828 children's books, 15,725 phonograph records or cassette recordings, 4,596 periodicals, and 46 paintings.

What is borrowed from a library is only one indication of its success. Another is the number of people who used it to study or to find information, and still another indication is the response of patrons to regular programs the library

offers. For adults there are the monthly demonstrations given by the Randolph Art Association – always well attended, and for children there are story hours and craft programs. The story hours are such a popular library feature that they are always fully enrolled.

Special programs have also been given at the library. Children of all ages had the unique opportunity of a personal demonstration by the undisputed world yo–yo champion, Larry Sayco, and individual instruction from the champ. Senior citizens received free tax advice from the VITA volunteers who were available once each week at the library during tax time. Last April, during National Library Week, a large group attended a special program about home computers and what they can do and what has to be considered when buying one.

Another large group attended the first program sponsored by the Friends of the Turner Free Library. This was an October, 1983 program about color coordinating fashion. Future Friends programs will include a hypnotism demonstration and an antiques appraisal. The two book sales conducted by the Friends during the last year were very successful and $800 worth of reference books were bought by the Friends for the library from the proceeds of one sale. I wish at this time to thank the Friends for all that they have done to improve the services of this library.

Last year the library was also the recipient of a shared $10,000 LSCA grant awarded to five local libraries in order to develop a cooperative large print program. The new large print books bought from this grant have been divided into five collections that will rotate among the five libraries. At the end of the rotation period each library will be able to keep about 350 large print books for its own permanent collection.

Several important career guides were donated to the library by the local Kiwanis chapter.

Unless future budget restrictions force us to restrict our hours, the library is now on a standard schedule. Our regular schedule starts the first full week after Labor Day and the library is then open 9:00 A.M. to 9:00 P.M. Monday through Wednesday, and 9:00 A.M. to 5:00 P.M. Thursday through Saturday. This schedule will continue until Memorial Day weekend when the summer schedule begins. During the summer library hours are Monday and Wednesday 9:00 A.M. to 9:00 P.M., and Tuesday, Thursday and Friday 9:00 A.M. to 5:00 P.M.

In closing, I wish to thank the many people without whose assistance and effort the library would not have enjoyed such a successful year. I want to thank Mary Tynan, the library assistant director, and Sarah Lo Piano, the children's librarian, who were involved in so much of the planning of the last year, and the entire library staff who worked so hard to make that planning a reality.

Also, I want to thank the many devoted library volunteers who have given us so much of their time. Finally, I want to thank the Turner Free Library Trustees for their encouragement and support.

Respectfully submitted,

Charles A. Michaud, Library Director
TURNER FREE LIBRARY

REPORT OF THE TRUSTEES
TURNER FREE LIBRARY

In this our 108th annual report of the condition and affairs of the Turner Free Library, the Board of Trustees are pleased to report that 1983 was another year of further progress and success.

Under the able leadership of our Library Director, Mr. Charles Michaud, we were able to increase our circulation by more than 2,000, to increase library hours to our present standard schedule, to add substantially to our Reference collection, and to improve visibility and location of popular and fast moving volumes.

At the Annual Meeting of the Board of Trustees, the following changes took place. Mr. David D. Doyle was elected President of the Board and Mr. Albert Willis was elected Vice President, with Mrs. Carol Leavitt continuing as Secretary and Mr. Donald Spargo as Treasurer. Two new Trustees were appointed, Mr. I. William Trostel, former Director of Public Assistance for the Town of Randolph, and Miss Mary Reilly, a lifelong resident of the Town and present Senior Vice President and Treasurer of Colonial Federal Savings Bank of Quincy. Miss Reilly was also elected to the new office of Assistant Treasurer.

The library building continues to be in excellent condition. The one exception being the asbestos ceiling, a problem that has been with us since its discovery in 1978. Last year the Town appropriated a sum of $23,000 to confront the problem, a sum that was only an estimate. On Wednesday, December 21, 1983 we received and opened bids to cover removal of the asbestos and to replace it and paint the new ceiling surface. The bids are now being evaluated by our engineering firm, Briggs Associates, Inc., of Norwell, and we are awaiting their recommendation.

On behalf of the Board of Trustees, I wish to extend our thanks to our able Library Staff, Volunteers, Friends, and to all Town Officials and Boards, for their help and support during the past year.

Respectfully submitted,

David D. Doyle, President

REPORT OF THE RANDOLPH HOUSING AUTHORITY

Since our last report for the Annual Town Report was written in 1982, the Randolph Housing Authority has continued to manage 236 units of elderly housing in Randolph. We have had a very busy year with the Russell F. Thompson, M.D., Memorial Community Center for all of our senior citizens of Randolph.

The Randolph Housing Authority is also participating in the 707 Rental Assistance Program for moderate income families under the Department of Community Affairs of the Commonwealth of Massachusetts. We presently have 15 family units subsidized under the 707 Rental Assistance Program. We are hopeful of constructing more elderly housing apartments in the future. However, the recent financial crisis of the Commonwealth of Massachusetts, together with the emphasis on rehabilitation of existing dwellings in our large cities by the Executive Office of Communities and Development, has slowed down the program of construction on new elderly housing developments in Massachusetts.

The Randolph Housing Authority has had an active year supporting M.B. Associates, who are presently constructing new elderly housing off of Highland Avenue in Randolph, and the Hebrew Rehabilitation Center for the Aged, who are presently constructing a new elderly housing complex on the site of the Boston School for the Deaf on North Main Street, Randolph.

We have worked closely with M.B. Associates and the Hebrew Association on aging and have provided them with all necessary information concerning our applications to assist them with their applications for financial assistance from HUD. We are quite pleased that the Town of Randolph has two new housing for the elderly developments being constructed with HUD money at a time when Federal money is very scarce for housing.

The Randolph Housing Authority members are proud of their accomplishments since the start of the program in 1965, and have worked diligently to bring much-needed housing to the people of Randolph and to satisfy the requirements of our elderly citizens.

We would like to extend our thanks to the Board of Selectmen and other officials of the Town whose cooperation and assistance have been invaluable.

At this time we would also like to thank State Representative John Flood of Canton and Randolph, State Senator Joseph B. Walsh of Dorchester, and State Representative M. Joseph Manning of Milton for their continued support of the Randolph Housing Authority and its aims and purposes.

REPORT OF THE EXECUTIVE DIRECTOR OF ELDERLY AFFAIRS

This has been a very busy and exciting year for me and the Senior Citizens of the Town of Randolph. I am pleased to make my Annual Report as Executive Director of Elderly Affairs in the Town of Randolph to the citizens of the Town.

We have continued to have available to the elderly people in our town a most active program.

The Town of Randolph is now a member of the South Shore Home Care Services which provides meals for senior citizens at the nutrition site for the elderly citizens in the Parish Hall of St. Bernadette's Church. The South Shore Home Care Services also provides meals for more than forty shut-in seniors which are delivered to their homes by volunteers, and also provides various forms of home care for needy citizens.

I have worked very closely with the Council on Aging, the Randolph Housing Authority, all the Town Boards and Commissions, and the clergymen of the Town in offering the more than 5,000 elderly citizens in Randolph an interesting, varied, and vital program, and judging from their enthusiastic participation, we seem to have been very successful.

The following is a partial listing of activities held this past year. The Randolph Rotary Club again provided the Operation Survival telephone which is "manned" five days a week by residents of our senior citizens project on North Street.

Every two weeks the Turner Free Library sends a librarian to each of the three senior housing projects to lend books to the tenants.

During the last year the senior citizens' Recreation Center at the elderly housing complex on North Street was very active and operated with a full schedule including, but not limited to, dancing, beano, arts and crafts, and many other programs for our senior citizens.

Weekly provisions for two shopping buses which stop at strategic locations in town to provide our elderly with transportation to facilitate their shopping.

In October of 1983 the Randolph Senior Citizens were provided with Flu shots at the three housing complexes, Temple Beth Am, and Trinity Episcopal Church; also, weekly blood pressure clinics are now being held for the elderly developments in Randolph, all sponsored by the Randolph Board of Health.

An active bowling league in which more than 100 of our elderly participated each week at the Woodlawn Bowlerama alleys.

A sit-down roast beef dinner for over 300 senior citizens was held in December at the Elks Hall, compliments of the Randolph Elks Club.

A Thanksgiving dinner served at the Randolph High School to over 600 senior citizens, compliments of the seniors of the school and the Teachers Club acting as hosts in providing this delicious meal.

A Christmas Party with a fully catered meal and liquid refreshments and entertainment, attended by more than 600 elderly at the Lantana, compliments of the owners, Mr. and Mrs. Maurice Hart.

The Town of Randolph has also been in receipt of a grant from the Department of Elderly Affairs of the Commonwealth of Massachusetts for the Outreach Program in Randolph, enabling the Town to hire a worker as of January 1, 1984 to service all senior citizens who are "shut-ins."

I am pleased to announce that effective January 1, 1984 the Town of Randolph will be the recipient of a small grant from the Department of Elderly

Affairs of the Commonwealth of Massachusetts for the transportation of senior citizens to the Randolph Clinic and to various dentists in Randolph. This program will commence on January 1, 1984.

REPORT OF SELF HELP INCORPORATED

Self Help, Inc., is Greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1983, Self Help, Inc., received a total funding of $11,491,998.00 and provided 700,828 direct services to the area's limited-income individuals and families.

Randolph residents received 21,445 direct services totaling $419,205.00 during our program year.

The total funding of $11.5 million does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional $1,062,180.00 of other community resources such as CETA, Commonwealth Service Corps, and local City and Town contributions, as well as volunteers. The gross volume of Self Help, Inc., during the past program year was $12.6 million.

Self Help currently employs 252 individuals, many of whom are limited-income and minorities.

We feel that the program year 10/1/82 to 9/30/83 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen, town volunteers and the Selectmen's representative, Mr. Buckley Gross, to our Board of Directors for helping to make our program year a success.

Respectfully submitted,

Ulysses G. Shelton, Jr., Executive Director
SELF HELP INCORPORATED

REPORT OF THE BOARD OF RECREATION

This is a brief resume of the Randolph Board of Recreation activities for the past year.

All programs are advertised in the 'Money Saver' which is delivered to all homes in Randolph. The programs are broken into three sections during the year; summer, fall, and winter and spring.

1. **Summer:**

Because of the torrid weather, extra precautions were taken by all the instructors to prevent heat prostration by the participants and thus avoid any mishaps, which was accomplished.

Special needs children of Randolph became a part of the St. Colletta's summer day school, and it was enjoyable watching them mingle with children from other communities.

What monies are spent for this program the State will reimburse the Town of Randolph 50 per cent.

The summer pool gets a big turnout during the warm months, and hours are planned for swimming lessons for pre-school children to adults, plus other water activities.

This is also the time of the year when the skating rink is closed for cleaning, painting, replacing damaged parts, doing preventative maintenance in order to have the skating rink ready for opening around July.

2. **Fall and Winter:**

The programs are mostly evening geared because the school facilities are only available after all school functions have been completed. The Randolph Board of Recreation and the school committee work very closely with Mr. Coburn, the business manager of the school department, and Mr. Zapustas, the director of recreation, who also acts as the liaison between the two departments.

The skating rink has been open since 1972 and people who frequent the rink claim it is the cleanest and best operated rink in Massachusetts. This is due in part to Mr. Catudal the manager, Mr. Mace the maintenance man, and all others that work in the rink.

For those people who have never been in the rink, we welcome you to come and visit.

3. **Spring:**

Finishing up all that is left of the Fall and Winter programs and getting ready for the next fiscal year.

The Randolph Board of Recreation thanks the Board of Selectmen for their interest in Recreation concerning the Town, the Finance Committee for their understanding of the financial value for recreation, the School Committee for their cooperation at all times, the Highway, Water, Police, Fire, and Health departments for their aid whenever they were called. To the Town Meeting members for understanding our budget.

Last but not least, thank you to the people who take part in the recreation programs; may you benefit in many ways and let all outsiders know Randolph is a nice town.

Sincerely,

Joseph J. Zapustas, Director

REPORT OF THE YOUTH COMMISSION

The Randolph Youth Commission and Youth Staff herewith submit their annual report for the year ending December 31, 1983. As an activity/service oriented prevention agency, the Youth Commission became involved in a number of endeavors pertaining to the mental, social, and physical health of the Town's youth and their families. In the implementation of any program, the Youth Commission has the following objectives in mind:

1) To bring about a clearer understanding of services available to youth by agencies already serving Randolph;

2) To provide alternatives to delinquent behavior, by developing creative programs to meet social, educational, vocational, psychological, and/or recreational needs of young people;

3) To help the youth of Randolph to articulate and meet their own needs;

4) To create a better understanding about youth among adults, particularly between parents and their own children.

Again in 1983 the Youth Staff worked with, among others, police, court, school, and social service personnel. They provided individual and family counseling, academic tutoring, vocational counseling and placements, organized and supervised youth activities, were resources for information and referral, and were called upon in many crisis intervention situations, including direct involvement with school dropouts, runaway cases, teenage rape victims, cases of attempted suicide, teenage pregnancy, and child abuse, as well as cases of problems resulting from alcohol and/or drug abuse.

The Youth Center (8th Anniversary), a Youth Employment Service (which referred numerous teenagers to full-time, part-time, and odd jobs throughout the year), two very successful co-ed weekend camping trips (in June and September, involving nearly 100 young people), and a Haunted House (held at the Youth Center in October, attracting nearly 4000 people), were among the programs and activities sponsored by the Youth Commission in 1983.

The Youth Commission continued to meet on the second and fourth Tuesday of every month at the Youth Office, 19 North Main Street. During the summer the federally funded CETA Youth Employment/Training Program (employing nearly 100 Randolph teenagers in community service work) utilized the Youth Center facility on Lafayette Street, as did various other community groups during the course of 1983.

The Youth Commission takes this opportunity to thank all town departments and the townspeople for their cooperation and encouragement through-

out the year. A special thanks to the Junior Ladies Library Association, the Randolph Knights of Columbus, and the Randolph Police Association for their continued support in 1983. We look forward to working with and on behalf of the Town's youth in 1984.

REPORT OF THE TOWN TREASURER

During 1983 the cash management program that I initiated during my first year in office was further refined to not only earn over $400,000.00 in interest for the Town but also to insure the smooth and timely payment of all Town bills and payrolls.

I have personally overseen a concentrated effort to make sure that all procedures allowed by law are followed to capture any delinquent taxes due the Town, which to date is over $40,000.00, and we look forward to increasing that source of revenue.

Our "A" rating in the municipal finance arena has again been maintained during 1983. This has allowed the Town to borrow funds on a temporary, as well as long-term basis at very competitive rates. Because of my long-range forecasting of revenue needs, and the establishment of a program to meet those needs, borrowing was kept to the minimum required and all loans were paid without renewal or extension.

A tightened accounting and payment procedure was established with Blue Cross/Blue Shield. This close supervision resulted in a direct savings of Blue Cross/Blue Shield charges to the Town of approximately $177,000.00.

I have had the utmost cooperation with all the departments in the Town and express my appreciation to all. I would like to extend my gratitude to Mr. Henry Lowd, Executive Secretary and Town Accountant, to my new Assistant Treasurer Carol Dunn, and to my staff for their continued cooperation and help that was extended to me.

Respectfully submitted,

Joan F. Ward

REPORT OF THE TOWN COLLECTOR

This is my first report as Town Collector and I will prepare it in narrative form as adequate statistical information is included in the report of the Town Accountant.

Until my election in March 1983, the office was under the capable direction of Deputy Collector Virginia Nason who did an admirable job. The Town has been fortunate in having her as an employee in this office for the past 37 years. She has been of great assistance to me and will be sorely missed when she retires in March 1984.

During my first month in office we mailed about 9,000 real estate tax bills and 17,000 motor vehicle excise tax notices. These bills, when paid, resulted in such a heavy volume of mail that the staff worked nights and weekends to keep up with the volume of receipts.

This deluge convinced me that computerization of office procedures was the only solution to the large quantity of documents processed by the staff. After several meetings with our bank and a computer service, we were able to negotiate a solution to the problem.

After the real estate tax bills were mailed in November, 1983, the bank deposited our funds and batch processed the bills directly to the computer service without passing through our office at all. We received daily notification of our bank balance and a computer listing of those bills that were paid. In addition, we received a weekly printout of all accounts indicating the current status of each.

As a result of this streamlining, we were able to transfer over $6 million to the Town Treasurer before the due date of the tax bills. This enabled the Town to pay over $4 million in notes due that day without additional borrowing and interest expense.

System changes also allowed us to direct our attention to other areas that needed improvement. We are processing municipal lien certificates and sewer betterment releases on a current basis. Emphasis on delinquent accounts resulted in $125,000 added to tax title accounts and $120,000 collected on prior year motor vehicle excise taxes, interest and fees.

For the first time the Town has engaged the services of a collection agency to assist in the reduction of delinquent accounts. Outdated ambulance bills were assigned to the agency after final notification to the patient. This final notice, by itself, generated $17,000 and the first notice by the agency resulted in collections of another $4,000. It is our intention to include future billings to the agency but on a more current basis.

It is also my intention to combine bank and computer services to include motor vehicle excise tax bills and water and sewer use bills in the very near future. This will result in more staff time directed to delinquent accounts. It is my intention during the next year to considerably reduce the amount of accounts receivable presently on the books.

My thanks again to Virginia Nason, and also to Ed Berry, Peg Coughlin, Eileen Peabody, Betty Ann Furey, and Hank Lowd who made the transition from a federal tax collector to Randolph Town Collector a much easier one for me.

REPORT OF THE FAIR HOUSING COMMITTEE

The Committee for Fair Housing is pleased to make its first report to the citizens of Randolph for the year 1983. July 28, 1983 the Randolph Fair Housing Committee was established to facilitate the coordination of the factors that affect housing and equal access to housing. Meetings were held during the summer, fall and winter season.

The role and authority of this committee will be determined by 301 C.M.R. Executive Office of Environmental Affairs 50.19 B, together with an order of stipulations explained by Randolph Town Counsel William Carr, and Chairman of Selectmen Alvin Yorra.

As a Fair Housing Committee member, the role provides that the Committee shall by September 12, 1983 deliberate, consider, and plan to act on those matters for which they have been charged, namely:

A) The schedule for developing of such agenda of methodology and problem identification (50.19–3.3)
B) Development of an intake process (50.19–3.7)
C) Development of an audit and reporting system (50.19) 4.1.
D) Establishment of an action plan consistent with (50.19) 3.4.

The members of the Fair Housing Committee understand that they are to plan and write a working Fair Housing Plan for the Town of Randolph. This plan is to be the guiding and governing policy of the Town of Randolph, as officially declared by the Board of Selectmen.

Its Committee consists of three members: Mrs. Olga Lyken, Mr. Matthew Bartman, and Mrs. Margaret Fornaro. The committee decided not to elect officers but continue as they are acting presently. The Director of Fair Housing,

Mr. Henry Rota, resigned and was replaced by Mr. Barnet Brown. Due to the untimely death of Mr. Barnet Brown, the office for Director of Fair Housing is vacant. This Director of Fair Housing does not vote on any of the committee's decisions, but he has to be present at their meetings. It was voted that the public be invited to the meetings for suggestions. Notice will be placed in public areas.

On August 29, 1983, at the third meeting of the Fair Housing Committee, a report was made of its deliberation and action as set forth under paragraph 3 to the Board of Selectmen of Randolph for consideration by the Board at their September 12 regular meeting. Such report was forwarded to the Chairman of the Massachusetts Commission Against Discrimination (M.C.A.D.) and is to be considered an interim report.

On October 5, 1983 a Draft Plan was submitted to the satisfaction of the Town Fathers, and on November 12, 1983 the second quarterly report was submitted. January 26, 1984 the third quarterly report was submitted.

During the year 1984 the Fair Housing Committee is hopeful to make in some way a contribution to this township. We wish to thank all Town Officials and their staff for their continued support and assistance.

Respectfully submitted,

Margaret E. Fornaro of L.L.A.
Olga Lyken

The meeting was held to provide easy access for the general public in compliance with the Federal Revenue Sharing requirements.

REPORT OF THE BOARD OF SELECTMEN

Following the March Election, Mrs. Gail Bowers was welcomed as a member of the Board of Selectmen.

The passing of long-time member and former Chief of Police was noted with regret and the Board of Selectmen unanimously supported the naming of Patrick T. McDonnell Plaza in his memory. This Plaza will be an integral part of a mixed commercial and residential area of approximately 30,000 square feet of retail shopping and approximately 45 residential units.

We are happy to report that Town Meeting members supported the various proposals submitted to foster long term growth and the orderly extension of municipal services such as sewer and water main extensions, continued highway and sidewalk construction and restoration of staffing and certain other public safety and educational programs.

The Board successfully completed extended Collective Bargaining Agreements with those collective bargaining units they are mandated to negotiate with, saw the completion of its Cable T.V. licensing mandate, and continued its efforts to implement the Affirmative Action Plan with expanded efforts to successfully recruit qualified minority and handicapped applicants. Particular attention was being devoted to the successful implementation of an adopted Fair Housing Plan at year's end.

All the foregoing was done with a reduction in the tax rate and the careful safeguarding of substantial reserves for the upcoming year's operation.

Respectfully submitted,

BOARD OF SELECTMEN

REPORT OF THE TOWN COUNSEL

The report of the legal Department is as follows:

Advice was given and conferences were held with many Town Departments, boards, committees, commissions and individual officers.

Hearings were held before the Appellate Tax Board, the Superior Court and District Courts.

There was a continuation of litigation involving the position of Sergeant in the Police Department.

Some of the ongoing cases handled involved the suit by Fair Practices, a suit contesting the appointment of a police sergeant. Suit against Town & Charms.

The appeal of closing hours by a licensee has moved to the Court of Appeals.

The DEQE case has moved toward settlement.

A long pending suit against the Town of Randolph by an ex-police officer resulted in nominal damages.

Civil Service hearings were held.

I would like to take this opportunity to thank the Department heads and employees for their cooperation in the various matters of litigation.

Very truly yours,

William J. Carr
TOWN COUNSEL

REPORT OF THE EXECUTIVE SECRETARY AND TOWN ACCOUNTANT

I herewith submit my twenty-first annual report for the year ending December 31, 1984.

The year concluded saw a continuation of the cooperation between all departments, boards and commissions. Accordingly, we were successful in continuing to provide orderly extensions of water, sewer, roadways, and sidewalks within the restrictive guidelines established by Proposition 2½ mandates.

A. Computer

At the March Annual Town Meeting Mr. Sheldon Cohen, Associate Director of Field Services of the Massachusetts Municipal Association, as consultant to the Computer Study Committee, submitted a progress report to the Town Meeting on behalf of Jeffrey M. Needle, Gerard Cassidy, Binnie Alpert, Ondine Cestroni and Alfred Galente. At that time, as a result of their efforts, a Town appropriation was authorized. They have been actively engaged in reviewing proposals received utilizing both on-site and field reviews to insure that any decision will provide the Town with state-of-the-art equipment for its future needs.

B. Revaluation

The Board of Assessors received a prompt and timely approval of their valuations and is actively engaged in formulating the policies required to insure compliance with the requirement to attain the full and fair cash valuation of property to maintain equity for property taxpayers.

C. Tax Rate

The Town has maintained a stable tax rate while expanding its tax base. As a result of timely mailing and collection procedures, both the residential and industrial rates, as established under the state mandated procedures, were reduced.

D. Additional Sources

Because of the economics practiced by all departments and the high level of efficient co-ordination which prevails, we were successful in bringing our "Free Cash" or funds available to reduce the tax rate from a $94,000 deficit position to a + $858,000, or a turn around approximating $1,000,000.

E. Pending Grants

To assist in our continuing program involving orderly extension of capital outlays, we have pending grant applications for major improvements to our Sewer–Water–Highway and sidewalk installations throughout the Town.

F. Future Plans

Remedial work is proceeding to put in place additional energy saving devices from the proceeds of a grant from the Commonwealth of Massachusetts, Executive Office of Energy Resources, to implement the recommendations of earlier energy audits performed under past energy grants.

The prime function of this office is to insure that any sums expended are neither excessive nor unlawful. In this regard I endeavor to ascertain that this has been done by a careful examination of vouchers before payment is authorized. However painful such verification procedures may be, it is necessary to guarantee that no special treatment is afforded anyone but rather that the orders and policies of the Board of Selectmen are promptly and efficiently carried out.

Respectfully submitted,

Henry L. Lowd
EXECUTIVE SECRETARY
AND TOWN ACCOUNTANT

TOWN OF RANDOLPH, MASSACHUSETTS

TOWN OF RANDOLPH, MASSACHUSETTS

ANNUAL TOWN MEETING

March 19, 1984

The first session of the Annual Town Meeting was convened at the Randolph High School on Monday, March 19, 1984, at 8:00 P.M. with Moderator Paul Alpert presiding and declaring a quorum present.

The reporter was sworn. Maureen Dunn, Chairperson of the Board of Selectmen, led the salute to the flag.

Rabbi Bennett Shaffer delivered the invocation. Brenda Berger, Chairperson of the School Committee, introduced members of the championship Randolph football team to the Town Meeting members.

Town Clerk Joan Ward read the Call of the Meeting and Return of Service.

A moment of silence was declared in memory of deceased town citizens and employees. Town Meeting Members (newly elected) were sworn.

The moderator explained rules of procedure and the tellers were appointed.

Finance Committee Chairman Robert Pransky made an opening statement and introduced members of the Finance Committee.

ARTICLE 1

To hear and act on the report of any Committee and choose any Committee the Town may think proper.

RECOMMENDED

ARTICLE 1. A motion was made and seconded to establish the following: a "Communications Study Committee" of seven members to be appointed by the moderator for a term of one year, one member shall be the Town Executive Secretary, one a member of the Finance Committee and one member a representative of either the Police or Fire Departments, and one member from the School Committee or its designated representative. The Communications Study Committee shall study as a minimum but not to be limited to the following:

1. New central phone exchange versus present system.

2. Hard wire installation of alarms and radio remotes versus present system of leased telephone lines.

3. Purchase versus lease of telephone equipment.

I would like to express my appreciation to the Town Officials, Town Meeting Members and citizens for the honor which has been bestowed upon me –– the offering of the invocation at the opening session of the Annual Town Meeting.

It is certainly to the credit of the Town of Randolph that a clergyman is invited to participate in a function so important to the well-being of our Town and its citizenry as this one.

The purposes of Government, whether it be Local, State or Federal, are many; but surely one of them is that each and every citizen who enjoys the privilege of residing in a community knows beyond a shadow of a doubt that there is an eye that sees and an ear that hears. There is a great judge, arbiter and witness to whom all must answer. Let no one ever think or feel for a moment that this world or this great country, the United States, or this wonderful town, the Town of Randolph, is merely a free-for-all in which to pursue selfish interests and pleasures at any cost or at the cost of anyone's life or property.

The current debate over the issue of Public School Prayer is evidence in itself that many people are no longer satisfied with a secular scientific culture. Indeed so many of our misguided youth whose lives have been ruined by our super sophisticated, technological society find little solace, comfort or redirection in that secular scientific culture.

Not long ago I went to visit a member of my congregation in the hospital of a neighboring town. As I entered the hallway leading to her room, a clergyman of a different faith greeted me courteously and respectfully and introduced himself. He pointed out to me that there was no official resident Rabbi in that entire town and that Jewish patients who came to that particular hospital had no Chaplain to visit them and take care of their needs. This fine clergyman offered to send me a card when Jewish patients came in so that I might be able to help them.

I was overwhelmed with the respect, consideration and compassion that this clergyman has for other people, people who are very different from himself in the way they look, in the way they conduct their lives and the way they serve their Creator.

This I feel should be an inspiration to our Town Officials and Town Meeting Members. For truly it is in your hands that we have given our vote of confidence and trust that you will pursue the general welfare, protection and advancement of all of our citizens.

May God grant you the inspiration, wisdom and patience to administer in justice and good faith to the needs of the Town of Randolph and may God Bless You for your efforts and self-sacrifice on our behalf.

Thank you,

Bennett Shaffer

As petitioned for by the Board of Selectmen.

VOTED, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year, beginning July 1, 1984 in accordance with the provisions of General Laws, Chapter 44, Sec. 4, and to issue a note or notes therefor payable within for a period of less than one year, in accordance with General Laws, Chapter 44, Sec. 17.

RECOMMENDED

ARTICLE 3. A motion was made and seconded to accept Article 3 as printed. VOTED UNANIMOUSLY.

ARTICLES 4 through 89, inclusive, POSTPONED.

ARTICLE 90

To see if the Town will vote to adopt the following by-law:

REGULATION OF PRINTED MATTER VENDING MACHINES

No person, firm, corporation, association, partnership, trust or other type of entity shall place, install, use or maintain any printed matter vending machine on any public or private property without obtaining a written permit therefor from the Board of Selectmen.

A "printed matter vending machine" (hereinafter called 'machines') shall mean any coin or token operated box, container, stand, rack, storage unit or other dispenser or device, installed, placed, used, operated or maintained for the display and sale or distribution of newspapers, periodicals, or other printed matter for public use.

The application for the permit shall fully and specifically describe the printed matter vending machine by setting forth its size by height, depth, and width, or any other relevant dimensions if varying in height, depth and width, the name and business address of the applicant, the exact date or dates said machines will be in place or in operation, the exact place where said machine will be located, the manner by which said machine shall be affixed or held in place, and the description of any object to which said machine shall be affixed. Further reasonable information which may affect the public safety, health, or order in the community may be requested from the applicant. An annual application fee, the amount which will be determined upon passage of this ordinance and

annually thereafter by the Board of Selectmen, which fee will be reasonably related to the costs of processing said application, shall be paid for each machine licensed. The form of application shall be approved by the Town Counsel.

A certification of insurance indemnifying and saving harmless the Town of Randolph from any loss or damage from all suits, actions and claims of any and every nature for or on account of any injuries or damage received or sustained by any person or company or other entity arising from the installation, use or maintenance of such machines shall be filed with the Board of Selectmen prior to their issuance of any permit hereunder; further, said policy will directly provide for payment to any person or company or other entity injured thereby.

Within twenty days of receipt of such completed application, the Board of Selectmen shall grant a permit or shall order a hearing within an additional 10 days, giving at least 5 days written notice to the applicant.

Within ten days next following the close of the hearing, the Board of Selectmen shall grant such permit or shall deny such application upon a finding that issuance of such a permit would lead to the creation of a nuisance or would endanger the public health, safety or order by:

(a) unreasonably increasing pedestrian traffic in the area in which the machine is located;

(b) endangering the public safety as follows: by reason of the machine's projecting onto, into, or over any part of the roadway of any public street; by reason of its being affixed to a site or location used for public utility purposes, public transportation purposes, or governmental use; or by reason of its being located in such a manner as to unreasonably interfere with or impede the flow of pedestrian or vehicular traffic, sidewalk or street cleaning and/or snow removal, and the ingress or egress from any residence, place of business or any legally parked or stopped vehicle; by reason of esthetic harm and defacement caused by its being affixed to poles, posts, traffic signs or signals, hydrants, mailboxes, or other objects at or near such location;

No machine shall be chained, bolted, or otherwise attached to property owned or maintained by the Town of Randolph, within three feet of any crosswalk; within fifteen feet of any fire hydrant; within five feet of any fire or police call box or other emergency facility; within five feet of any driveway, public or private; within three feet ahead or fifteen feet to the rear of any designated bus stop, taxi stand, or place marked for handicapped parking; within three feet of any bus bench or shelter; at any location whereby the clear space for the passageway of pedestrians is reduced to less than four feet;

within three feet of any display window of any building abutting the sidewalk or other public place in such a manner as to impede or interfere with the reasonable use of such window for display purposes;

No machine shall be used for advertising signs or publicity purposes other than that which is essential to identify on no more than two sides of the machine the printed matter offered for sale therein. No letter thereon shall exceed two square inches in size.

Each machine shall be maintained in a clean and neat condition and in good repair at all times, and it shall be of one color that does not unnecessarily contrast with the immediate surroundings except that the lettering may contrast with such one color. No reflectorized paint, day-glo, fluorescent, or scotchlite reflective materials or materials of like nature may be used on such machine.

The person who places or maintains such machine shall have his name or Massachusetts agent's name, address, and telephone number affixed thereto to a place where such information may easily be seen.

All persons who have placed or intend to place machines in the Town of Randolph shall have thirty days from passage of the within ordinance to comply with the said provisions of such additional time as the Board of Selectmen may allow in its discretion.

Notice of the denial of an application for permit shall be in writing and accompanied by a statement of the reasons therefor. No application shall be denied if the anticipated harm is not significant or if the likelihood of its occurrence is remote. The Board of Selectmen may impose conditions upon the permit but said conditions may only relate to compliance with the permit applicable laws or ordinances or to public safety, health or order, or to steps required to be taken to guard against creation of a nuisance or to insure adequate safety and security for the public. No applicant having been denied a permit as aforesaid shall submit the same or similar application within one year of said denial without including in said new application facts showing that the circumstances upon which the original denial was based have substantially changed.

Violation of the terms and conditions in this ordinance or in any permit granted hereunder shall be punishable by a fine of one hundred dollars and said violation shall be cause for cancellation, suspension, revocation or modification, after hearing, upon three days written notice, sent registered or certified mail, to the name and address set forth in the annual application. The Town of Randolph may petition the Superior Court department of the trial court to enjoin any violation of this ordinance or the conditions in any permit granted hereunder. If, after hearing, the applicant fails to comply with the order of the Board of Selectmen, said Board of Selectment may order the removal of said machines and place them in storage

in a secure place; the cost of removal and storage shall be paid by the permit holder.

If such machine is not used for the distribution of printed matter for a period of 60 calendar days, the same shall be deemed as abandoned property and may be disposed of according to law.

April 9, 1984

The second session of the Special Town Meeting was convened at the Randolph High School on Monday, April 9, 1984 at 8:00 P.M. with Moderator Paul Alpert presiding and declaring a quorum present.

The reporter was sworn. Tellers were appointed.

ARTICLE 1

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $100,000.00 to establish a Reserve Fund, in accordance with Chapter 40, Section 6 of the Massachusetts General Laws.

As petitioned for by the Finance Committee.

ARTICLE 1. A motion was made that Article 1 be accepted as printed in the Warrant. The motion was duly seconded and VOTED.

ARTICLE 2

To see if the Town will vote to accept the provisions of Chapter 324 of the Acts of 1983, "An Act further regulating the rights of certain firefighters or police officers who were laid off in the years nineteen hundred and eighty-one and nineteen hundred and eighty-two," as follows:

> "Section 1. In any city or town which accepts this act, any firefighter or police officer, whose employment was terminated in nineteen hundred and eighty-one or nineteen hundred and eighty-two due to a reduction in force and subsequently was reinstated to his former position on or before July first, nineteen hundred and eighty-three, shall be credited with active service for such period of unemployment. Such credited service shall be included as part of his length of service and shall be applied to his seniority, promotional examinations and retirement; provided, however, that said firefighter or police officer shall be required to pay into the annuity servings fund of the retirement system in one sum, or in installments upon conditions as the Retirement Board shall prescribe, an amount equal to the accumulated regular deductions withdrawn by him, if any, with the regular interest to his date of reinstatement.
>
> Section 2. This act shall take effect upon its passage."

2. Erecting or maintaining any advertising sign except a real estate sign advertising for sale or rent the premises on which it is placed; except a sign not over six square feet in area bearing the name and occupation of the owner or occupant of the premises on which it is placed; and excepting a political sign as defined in Section C–1 of the Town of Randolph Sign Code."

and substitute the following new paragraph:

"2. Erecting or maintaining signs as permitted in Section 8 of these By-Laws."

In Section 3–E–1 add the following new paragraph:

"(f) Erecting or maintaining signs as permitted in Section 8 of these By-Laws."

In Section 3–F–1 add the following new paragraph:

"(d) Erecting or maintaining signs as permitted in Section 8 of these By-Laws."

Renumber the existing Section 8, SEPARABILITY, as Section 9 and add the following new Section 8, SIGNS AND ADVERTISING DEVICES.

SECTION 8: SIGNS & ADVERTISING DEVICES

A. GENERAL: All Signs and advertising devices shall comply with the regulations for the erection and construction of signs contained in Section 14 of the State Building Code and other applicable Town regulations, except as shall be under the jurisdiction of the State Billboard Act (Chapter 584, Section 4 of the Acts of 1955 as amended.)

Signs shall be permitted in accordance with the following regulations:

B. REGULATIONS APPLICABLE TO ALL ZONING DISTRICTS:

1. Definitions: As used herein the following words and terms shall have the following respective meanings:

(a) "Accessory Signs": Any sign that, with respect to premises on which it is erected, advertises or indicates one or more of the following: the person occupying the premises or the business transacted on the premises or any part thereof, and which contains no other advertising matter.

(b) "Business Establishment": Each separate place of business whether or not consisting of one or more buildings.

(c) "Non-Accessory Signs": Any billboard, sign or other advertising device that does not come within the foregoing definition of an accessory sign.

(d) "Sign": Any letter, word, symbol, drawing, picture, device, article or object that advertises, calls attention to, or indicates any premises, persons, products, businesses or activities, whatever the nature of the material and manner of composition or construction.

(e) "Standing Sign": Any and every sign erected on or affixed to the land and any and every exterior sign that is attached to a building.

(f) A political sign shall mean a temporary sign erected for the benefit of a political candidate, party, or position on a referendum on the ballot in an upcoming federal, state or local election.

2. Non-Conforming Signs: Any non-conforming sign legally erected prior to the adoption of this Section, or any amendment thereof, may be continued to be maintained, but shall not be enlarged, redesigned or altered in any way unless it is brought into conformity. Any such sign which has been destroyed or damaged to such an extent that the cost of restoration would exceed thirty-five (35) per cent of the replacement value of the sign at the time of the destruction or damage, shall not be repaired or rebuilt or altered unless in conformity with this Section.

The exemption herein granted shall terminate with respect to any sign which (1) shall have been abandoned; (2) advertises or calls attention to any products, businesses or activity which are no longer carried on or sold, whether generally or at the particular premises; or (3) shall not have been repaired or properly maintained after notice to the effect, has been given by the Building Inspector in accordance with Section 14 of the State Building Code.

3. Exclusions: Specifically excluded from these regulations are the following:

(a) The displaying of national, state and corporate flags.

(b) Street signs, traffic control signs, directional signs or other lawful signs erected by the Town of Randolph or any other governmental authority or agency.

(c) Interior window displays or temporary banners for drive-in establishments or automotive establishments, except as provided in 4 and 5 below.

(d) Bulletin Boards or identification signs for churches, temples, or places of worship, public libraries, or public museums, provided, however, each sign shall be not more than 32 square feet in area. A maximum of two such signs are permitted.

4. Political Signs:

(a) No political sign shall be erected on public property or public ways.

(b) No political sign shall be erected prior to 60 days preceding the election to which it pertains, nor shall it remain standing for more than 3 days following said election. The owner where the sign is erected shall be responsible for its removal.

(c) No political sign shall be erected on private property without the express permission of the owner of said property.

(d) No political sign shall be larger than 32 square feet or any dimension greater than 8 feet.

(e) No permit shall be required for a political sign.

(f) No political sign shall be erected within 20 feet of an intersection.

5. Additional Regulations:

(a) Permits. No sign, billboard or other advertising device shall be erected on the exterior of any building or on any land, and no sign shall be altered or enlarged until an application, on appropriate forms furnished by the Building Inspector, has been filed with the Building Inspector with such information, including photographs, plans, and scale drawings, as he may require and a permit shall be issued by him for such erection, alteration or enlargement. The fee for such permits shall be determined from time to time by the Selectmen.

The provisions of this paragraph shall not apply to:

(1) Signs excluded in paragraph B–3 above.
(2) Political signs in paragraph B–4 above.
(3) One real estate sign advertising the premises for sale or rent of not over six square feet in area located on the premises in question.

(b) In all zoning districts, for safety reasons, any private outdoor lighting fixture, whether temporary or permanent, other than gaseous tube letters in signs, shall be so placed or hooded that the light source itself shall not be directly visible at any point beyond the lot lines of the premises illuminated. A sign (including temporary interior window displays or banners) or its illuminator shall not by reason of its location, shape, size or color interfere with traffic or be confused with or obstruct the view of effectiveness of any official traffic sign, traffic signal or traffic marking. Therefore, flashing or animated signs of red, yellow or green colored lights are not permitted.

(c) No billboard or sign shall be permitted which does not relate to the identity or business of the owner or legal occupant of the premises upon which it is located, except as provided in paragraphs B–3 and B–4 above.

(d) The limitations as to the number of signs permitted do not apply to traffic or directional signs which are necessary for the safety and

direction of residents, employees, customers and visitors, whether in a vehicle or on foot, of any business, industry or residence.

(e) No commercial advertising shall be affixed upon or painted upon any rock, tree, or utility pole in the Town of Randolph.

(f) In the interest of public safety, the following are not permitted:

(1) Flashing illuminated signs;
(2) No sign, any part of which moves or is designed to move, by any means, shall be permitted, except such portions of a sign as consists solely of indicators of time or temperature.
(3) Any noise-making signs.
(4) Any sign within twenty-five (25) feet of an intersection of two streets so placed in any way as to obstruct clear vision in any direction.
(5) Any device illuminating a sign which directs light toward a public way in such a manner as to cast its beam in the eyes of oncoming motorists or pedestrians.

(g) No sign shall be illuminated except in accordance with the following restrictions:

(1) Sign illumination is permitted only between the hours of seven (7:00) o'clock in the morning and eleven (11:00) o'clock in the evening, except that signs of retail establishments may be illuminated during any hours these establishments are open to the public.
(2) Sign illumination for 24 hours daily is permitted only where such illumination does not infringe upon residential property.
(3) No more than 3 colors, including white, shall be used. No red or green lights shall be used if, in the opinion of the Chief of Police, such colors would create a driving hazard.
(4) Exposed gaseous tube-type signs shall not exceed ten (10) square feet in area; signs illuminated by reflected or silhouette-type lighting are not subject to this limitation.
(5) No illumination shall be permitted which casts glare onto any portion of any street, or residential premises.

(h) Portable signs are not permitted.

(i) Colors:

(1) Not more than three (3) colors shall be permitted;
(2) Iridescent or fluorescent colors shall not be permitted;
(3) The above restrictions shall not apply to corporate trademarks or corporate logos.

C. SIGNS PERMITTED IN RESIDENTIAL MULTI-FAMILY AND BUSINESS H.A. DISTRICTS

1. One professional nameplate for each medical doctor or dental practitioner, provided: such sign shall not exceed 2½ square feet in surface area.

2. One identification sign for each dwelling unit, provided: such sign shall not exceed one (1) square foot in surface area; if lighted, it shall be illuminated with white light by indirect method only; and it shall be used other than for identifying the occupancy.

3. One identification sign for each membership club, funeral establishment, hospital, church, other place of public assembly, community facility or public utility use, provided the sign shall not exceed 20 square feet in surface area; if lighted it shall be illuminated with light by indirect method only; and it shall be set back at least one half of the required depth of the front yard.

4. One unlighted temporary sign offering premises for sale, rent, or lease for each parcel in one ownership, provided: it shall not exceed 32 square feet in surface area; and it shall be set back at least 10 feet from the street or lot line.

5. One unlighted temporary sign of an architect, engineer or contractor erected during the period such person is performing work on the premises on which sign is erected provided: it shall not exceed 32 square feet in surface area; and it shall be set back at least 10 feet from the street or lot line.

6. One unlighted temporary sign relating to a new residential subdivision during the actual period of construction, provided: it shall not exceed 20 square feet in surface area; and it shall be set back at least 10 feet from any street or lot line.

7. On the premises with the lawful existing non-conforming use, or authorized use variance, one wall sign, one pole sign and one ground sign as permitted in Section D below.

D. SIGNS PERMITTED IN BUSINESS, INDUSTRIAL, AND SANITARY FACILITY DISTRICTS.

1. Signs permitted in Paragraph C above, subject to the same regulations.

2. One wall sign for each establishment, provided: it shall be attached and parallel to the main wall of the building; it shall not project horizontally more than 15 inches therefrom; the surface area of the sign shall not aggregate more than 10 percent of the area of the wall on which they are displayed, or 140 square feet, whichever is the lesser; and if lighted, it

shall be illuminated internally or by indirect method with white light only.

3. One projecting sign for each building, provided: it shall be attached to the main wall of the building; it shall not project horizontally beyond a line drawn perpendicularly upward from 2 feet inside the street line; it shall be erected at a height not less than 10 feet, not more than 30 feet above the ground or sidewalk; it shall not exceed 40 square feet in surface area; and if lighted it shall be illuminated internally or by indirect white light only.

4. One pole sign for each lot, provided: it shall not exceed 48 square feet on surface area; no portion of it shall be set back less than 10 feet from any street or lot line; it shall not be erected so that any portion of it is over 30 feet above the ground or the sidewalk; and if lighted it shall be illuminated internally by white light only.

5. One ground sign for each business lot provided it shall not exceed 250 square feet in surface area; it shall be set back at least 10 feet from any street or lot line; it shall not be erected so that any portion of it is over 30 feet in height above the ground or sidewalk and if lighted it shall be illuminated internally by white light only.

6. One roof sign for each building, provided it shall not exceed 250 square feet in area; a double face sign shall be deemed to be one sign except that both sides shall be computed in determining area. The top of roof signs shall not exceed 50 feet as measured from the ground to the top of the sign.

7. Not more than two signs of the types permitted in paragraph 3 through 6 shall be permitted for each lot."

As petitioned for by the Board of Selectmen.

RECOMMENDATION TO BE MADE AT TOWN MEETING.

ARTICLE 118. The Planning Board recommends that the Town vote to amend the Zoning By-Laws as printed in the Town Meeting Warrant with the following corrections: In Section C.6. the Board would like to change the number "20" square feet to "32" square feet. In Section D, to read SIGNS PERMITTED IN BUSINESS/PROFESSIONAL, INDUSTRIAL, AND SANITARY FACILITY DISTRICTS.

Mrs. Gangel adds the following correction: In Section C. 4., 5., and 6. Deletion of any reference to "street" in regard to the set back, so that it should read, "and it shall be set back at least 10 feet from the lot line."

The moderator stated that the corrections will be incorporated into the main motion.

A motion was made to amend the main motion by having Section D. heading read as follows: "D. SIGNS PERMITTED IN BUSINESS, INDUSTRIAL, AND SANITARY FACILITY DISTRICTS." In other words, strike the word "PROFESSIONAL." As a further part of the amendment, add the words "BUSINESS /PROFESSIONAL" after the word "MULTI-FAMILY" in Section C. In other words, it should read "C. SIGNS PERMITTED IN RESIDENTIAL, MULTI-FAMILY, BUSINESS/PROFESSIONAL AND BUSINESS H.A. DISTRICTS."

The motion to amend was duly seconded and was voted. THE MOTION TO AMEND WAS VOTED.

There was no further discussion on the main motion, the previous question was moved and THE MAIN MOTION AS AMENDED WAS VOTED UNANIMOUSLY.

To see if the Town will vote to amend the Zoning By-Laws by adding a new Section to Section 3, namely "I", to read as follows:

"I. PRIVATE SWIMMING POOLS:

Every private outdoor above-ground and in-ground swimming pool shall be enclosed by a fence four (4) feet minimum in height, and firmly secured at ground level. Such enclosure is to be without openings, except for gates. The largest opening, if any, is to reject a three (3) inch sphere including the gates. Said enclosure, including the gate or gates therein, shall not be less than four (4) feet above the ground, and any gate shall be self-closing and self-latching with the said latches placed four (4) feet minimum above the ground or otherwise made inaccessible from the outside for children up to eight (8) years of age.

As petitioned for by George A. Fabrizio, Building Commissioner and Chapter 40A Zoning Committee.

ARTICLE 6. The Planning Board recommends Article 6 and asks the Town to amend the Zoning By-Laws by adding a new Section to Section 3, namely "I," as described and printed in the Warrant.

An amendment to the motion is made by inserting the word "large" on the fourth line between the words "without openings," and on the sixth line down after the word "including" insert the words "openings in," and at the end of the sentence after the word "gates" take out the period and add the words "when closed." The rest of the motion and by-law reads as stated in the Article.

A motion was made that no action be taken and was duly seconded. The motion was carried. NO ACTION TAKEN.

ARTICLE 7

To see if the Town will vote to delete Article No. 1, Section No. 1 of the By-Laws and insert, therefore, the following:

"The Annual meeting for the election of officers of the Town shall be held on the first Monday in April at 6:00 A.M. and shall close at 8:00 P.M."

As petitioned for by Dr. Albert Pearlman and others.

ARTICLE 7. A motion was made to accept Article 7 as printed. The motion was duly second and DEFEATED.

ARTICLE 8

To see if the Town will vote to delete Article No. 1, Section No. 1 of the By-Laws and insert, therefor, the following:

> "The Annual Town Meeting for the transaction of business shall be held on the evening of the second Monday in April."

As petitioned for by Dr. Albert Pearlman and others.

ARTICLE 8. A motion was made to accept Article 8 as printed. The motion was duly seconded and DEFEATED.

ARTICLE 9

To see if the Town will vote to amend the By-Laws of the Town of Randolph by adding a new section as follows:

Restriction or smoking in Restaurants

A. Definitions: For the purposes of this By-law, the following definitions shall apply:

1. Smoking: the lighting of, or the having in one's possession of any lighted cigar, cigarette, pipe or other tobacco product.

2. Restaurant: means restaurants with a seating capacity of twenty-five (25) or more persons. (Bar and Lounge areas, primarily devoted to the purchase and consumption of alcoholic beverages, shall be excluded in determining restaurant seating capacity).

3. Non-Smoking Areas: that area of a restaurant designated and posted by the proprietor or other person in charge, where smoking by patrons or employees shall be prohibited.

4. Smoking Areas: all other areas of a restaurant unless smoking is prohibited by sanitation or fire safety codes or regulations.

B. Regulated Conduct

1. No person shall smoke in any area of a restaurant designated as a Non-Smoking Area. This prohibition does not apply in cases in which an entire room or hall is used for a private social function, and during the course of such function is not subject to the full control of the proprietor of person in charge of the restaurant.

2. The Non-Smoking Area shall comprise no less than twenty-five (25) percent of the seating capacity of the restaurant.

3. In the case of restaurants consisting of a single room, the requirements of this by-law shall be considered met if one side of the room is reserved and posted as a Non-Smokine Area, provided that the Non-Smoking Area comprises no less than twenty-five (25) percent of the seating capacity of the restaurant.

C. Implementation and Enforcement

1. The proprietor or person in charge of a restaurant shall make reasonable efforts to prevent smoking in the Non-Smoking Area by:

a. Posting appropriate signs;

b. Arranging seating so that existing physical barriers and ventilation systems minimize the effects of smoking in a Smoking Area on persons in an adjacent Non-Smoking Area;

c. Directing patrons seated in a Non-Smoking Area to refrain from smoking, and

d. Any other means which may be appropriate.

e. The Randolph Board of Health may adopt rules and regulations to effectuate the purposes of this by-law.

f. Any person who smokes in a Non-Smoking Area, after notice from the person in charge that such conduct violates this by-law, shall be subject to a fine of not less than twenty-five (25) dollars.

g. The Randolph Board of Health or any person aggrieved by the willful failure of the proprietor or other person in charge of a restaurant to comply with any provision of the by-law may seek injunctive or other relief to enforce the provisions of this by-law in a court of competent jurisdiction.

h. Nothing in this by-law shall make lawful smoking in any area in which smoking is or may hereafter be prohibited by law.

D. Severability

1. If any provision of this by-law is declared invalid or unenforceable, the other provisions shall not be affected thereby.

As petitioned for by Dr. Albert Pearlman and others.

ARTICLE 9. A motion was made that the Town vote to amend the By-Laws of the Town of Randolph by adding a new section as printed in the Town Meeting Warrant. The motion was duly seconded and was DEFEATED.

Pursuant to a Warrant issued by the Board of Selectmen and signed on the 22nd day of October, A.D., 1984, and duly posted by Osmond J. Benjamino, Constable, the voters assembled on the sixth day of November, 1984, in the Martin E. Young School for Precinct No. 1, in the Randolph High School for Precinct No. 2, in the Elizabeth G. Lyons School for Precinct No. 3, in the Tower Hill School for Precinct No. 4, in the Devine School for Precinct No. 5, and in Temple Beth Am for Precinct No. 6.

The election paraphernalia was given by the Town Clerk to the Wardens of all precincts and receipts were taken thereof.

The polls were open for the reception of ballots at 7:00 o'clock A.M. and closed at 8:00 o'clock P.M.

The returns were made to the Town Clerk from Precinct No. 1 at 9:35 P.M., Precinct No. 2 at 9:30 P.M., Precinct No. 3 at 9:25 P.M., Precinct No. 4 at 9:58 P.M., Precinct No. 5 at 9:17 P.M., Precinct No. 6 at 8:45 P.M. The votes were tabulated by LHS Electronic Voting Machines.

The vote was tabulated by the Town Clerk and the declaration of the results was made as it came off the computer.

The total number of votes cast in the six precincts was as follows:

Precinct No. 1	2460
Precinct No. 2	2604

REPORT OF THE RANDOLPH SCHOOL COMMITTEE

The Randolph School Committee herewith submits its annual report for the year 1984 to the citizens of the Town of Randolph.

The School Committee is composed of five members, each elected (by the voters) for a three year period on a staggered basis. We serve without remuneration. Charged with the implementation of the educational program for all pupils under the General Laws of the Commonwealth of Massachusetts, we are an agent of and responsible to the State, as well as to the citizens of the Town.

Our duties and responsibilities include the formulation of policy, budget making, personnel appointments, approval of curricula and teaching materials, planning of school services, formulation of education specifications for school construction, implementation of Federal programs and the evaluation of all school programs and personnel. This we do working with our executive officer, the Superintendent of Schools.

Regular meetings of the Committee are scheduled on the first and third Thursdays of each month. In addition, School Committee meetings are telecast live over Cable TV – Channel 9. All meetings are open to the public and we encourage you to attend. Many extra meetings are held, particularly during the budget-making process (December through February) and while we are in the process of bargaining collectively with our employees, as required under Chapter 150E of the laws of the Commonwealth. Collective bargaining meetings usually begin each year in November and continue until a settlement is reached.

This past year has seen much activity. The following committees are now in place:

a. Collective bargaining

1.	Teachers	Berger & Gass
2.	Aides	Bower & Harris
3.	Tutors	Anderson
4.	Custodians	Bower & Harris
5.	Cafeteria	Bower & Harris
6.	Administrators	Berger & Gass
7.	Nurses	Anderson
8.	Clerical	Bower

b. Budget: A. Richard Anderson, Chairman Ex-Officio

1.	Salary	Berger & Harris
2.	Expense	Bower & Gass

c. Other

1.	Affirmative Action	Harris
2.	Grievances – Level III	Anderson & Gass

3.	Legislative	Bower
4.	P.T.O. Liaison	Berger
5.	Policy	Berger & Bower
6.	Randolph Foundation	Gass
7.	Student Liaison	Bower

We continue to schedule part of our meeting for our "School Community Speaks" segment. This practice of inviting various staff members to make a presentation to the Committee has been very interesting and successful. Board members, as well as members of the community, can receive current information on the workings, goals, etc. of the various departments of the school system.

We also continue to allow a portion of each meeting to be devoted to "Community Speaks." This procedure is outlined in a publication entitled "School Committee Rules, Regulations and Procedures for Meetings and Public Participation" and is available at the school Administration office.

Because we are still grappling with the outcomes of Proposition 2½ and the loss of fiscal autonomy, we continue to spend much time in legislative issues, public relations, and fund-raising. One can assume this trend will continue for the forseeable future. Community participation is on the increase and we are attempting to broaden use of our buildings throughout the year and for all age groups.

In March 1984 Mr. David Murphy was re-elected to serve a fourth term and Mrs. Brenda Berger was elected to serve her third term as members of the School Committee.

Later in the spring Mr. Murphy resigned from the Committee to accept a position as a school principal in Bethel, Maine. His resignation was accepted with regret and congratulations for this exciting, professional opportunity. The Committee joins me in thanking Mr. Murphy for his many years of dedicated service to the children of Randolph. We will miss his good humor, his keenness of perception, his expertise and his sound judgement.

As a result of Mr. Murphy's resignation, the School Committee met with the Board of Selectmen, in accordance with Massachusetts General Laws, to appoint his successor. Mr. David Harris was selected to serve on the Board until the next Town Election. The Committee joins me in congratulating Mr. Harris on his appointment and welcomes his participation and contributions to the welfare of our children.

We are also pleased that Mrs. Berger will continue to serve the schools. Her maturity as a Board member and her "total" commitment to children has been of incalculable value to the Board members.

We also regreted losing our Corresponding Secretary, Mrs. Lorraine McCabe, who resigned in June to accept the position of Secretary to the Super-

intendent of Schools in Milton. The Committee extends their best wishes to her and thanks her for her nineteen years of service to the schools.

The School Committee continues to be impressed and extremely appreciative of the many contributions to the schools made by members of our community. We have been the recipients of funds, materials, equipment and services too numerous to mention specifically and for this we are most grateful. In addition, we wish to commend the members of the professional staff and citizens of the community who have assisted us on the School Facilities Committee, the Grade Level Configuration Committee, the Affirmative Action Committee and the Randolph Foundation.

We continue to appreciate the cooperation of all Town Departments, the entire school staff and, in particular, the good work of our executive officers, Superintendent Dr. John E. Zoino, Assistant Superintendent Dr. Lyn A. Huttunen, and Business Manager Richard E. Coburn.

Respectfully submitted,

A. Richard Anderson, Chairman
RANDOLPH SCHOOL COMMITTEE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my sixth annual report to the Randolph School Committee and the other citizens of Randolph.

This past year saw a continuation of the negative impact of Proposition 2½ on the schools. As indicated last year, we continue to witness the deterioration of our equipment, school plants and grounds. We recently completed a total evaluation of our buildings and grounds and signed a three year contract with **ServiceMaster Management Service Company** which, after July 1, 1985 will be subject to appropriation. Under this contract ServiceMaster will provide the overall management and engineering service which we feel is needed to bring our maintenance and repair program to the level needed. As a result of this action we will not need to fill the position of Director of Custodians and Maintenance.

It is our opinion that Randolph is still faced with many problems of major renovations and capital outlay needs. The formulation of a community-wide capital outlay Committee to review all Town meeds as called for by the Randolph School Committee last year becomes more of an imperative with each passing day. Such a committee would be able to evaluate our needs and resources and would be of invaluable assistance to all Town departments and the Finance Committee.

We did make some gains as a school system this past year. Several critical educational needs of the system as outlined in the 1983 report have been met and are worthy of note. These are as follows:

A. A part-time music instructor has been added to our program at Randolph High School. We are now offering students classes in music and music theory.

B. A guidance program has been initiated in our elementary schools. This was made possible by the hiring of a new counselor and the transfer of a second counselor from the junior high school program. This student program commenced in September and we feel this service will have a growing positive impact on them.

C. A data processing/word processing instructor was hired to work with our high school students through our business education department.

The funding for the new positions listed above resulted from cutbacks in the number of staff as a result of declining pupil enrollment. No "new" money has been used in hiring these staff members.

Other items worthy of note are as follows:

Cable TV Station

A producing TV studio has started to function at Randolph High School. Students are taking courses as part of this program in writing, directing and producing programs to be shown over Channel 9 in Randolph. Workshops to provide students with the skills to staff and man the studio are now being conducted. Our new instructor, Mr. David Cort, has been employed under an Occupational Education Federal Grant.

Business Education

The Business Education Department provides all students with a general background in basic business to understand the working of business, to have a realistic preparation for the world of work, occupational education for all students to develop skills and knowledges for personal application.

Keyboarding and Business Computer Concepts provide students with experience in the application of computer software typically used in business environment. Students learn to load discs, access appropriate programs and operate a microcomputer for word and data processing.

The department offers both typing and word processing at various levels. Exposure and training on various office machines provides the students with those skills necessary to pursue a career in today's office equipped with electronic technology.

English

The English Department of Randolph High School provided its students with an education that combined the study of the humanities with the development of language and writing skills. During 1984 the department continued its After School Program in SAT Preparation, enrolling students from Randolph, Stoughton, Easton, Canton, Hobrook and Abington.

During the spring semester students in the ninth grade honors English class participated in a Deaf Theatre Project with students from the Boston School for the Deaf. Funded by the Massachusetts Council for the Arts and Humanities, the Project was directed by personnel from the Boston Theatre of the Deaf. Culminating the project were the student performances of an original script at Randolph High School, the Museum of Fine Arts, Boston, and Northeastern University.

The updating, revising, and annotating of the English Curriculum, grades 7–12, were completed. Copies of the Curriculum Guide may be viewed at the Turner Free Library, the Randolph High School Media Center, the Office of the Superintendent, the English Office, and at both junior high schools.

During the summer of 1984 Mr. Donald Nelson and Mr. Ronald Pirrera, working with the Coordinator of English, revised the Research Paper Manual for

college preparatory students. Each college preparatory student in grades 10 and 11 was issued a manual to assist him/her in the research process and paper required for successful completion of the English college preparatory program.

In October the Randolph School Committee approved the Coordinator's request for Randolph High School students to participate in the Metropathways Program, funded by BEEO. Participation by those students interested in the enrichment provided by this flexible campus experience will begin in February 1985.

Foreign Language

A major goal was the utilization of computer software. Materials for the teaching of reading have been evaluated. The testing of culture was stressed. Critical future needs include: the upgrading of all textbooks, the replacement of audio-visual equipment, the purchasing of more computer equipment and software, and the need for summer workshops.

The number of students who speak a foreign language and need additional help in English has increased from 73 to 96 – a growth of almost 25% in one year. There is a critical need for additional tutoring personnel.

Mathematics

The department continues to offer a comprehensive selection of courses appropriate to the varied needs of its student body. Within each course today's technology plays an ever increasing role – with computers, calculators and audio-visual equipment being an integral part of the majority of classes.

Computer Programming in BASIC and PASCAL continues to be very popular among students and a course in the LOGO computer language has been added to the curriculum this year. Computer software is available for college board preparation, algebra, geometry and pre-calculus.

A departmentalized testing program has been implemented for midyear examinations and finals. Curriculum updating is a continuous process.

Music

There were several adjustments in the Music Department this year in the offerings and also in personnel.

Barbara Ehrmann was rehired as three–fifths of an elementary teacher. Mr. William Johnson is now back doing instrumental and only the Stetson vocal program. Mr. Dave Berry is back full time at the high school.

The program is basically the same with the addition of theory courses being offered at the high school with Mr. Berry, and also the availability of the practice rooms for the students during their free periods. There have been four extra-curricular part-time positions added to the Music Department at the high

school, namely; Show Choir Director, Jazz Band Director, Percussion Instructor, and Marching Band and Drill Instructor.

We are only again moving in the right direction, thanks to the School Committee, the administration, the townspeople, and the students for their interest and support.

Science

Thirty-four different courses were offered by the Science Department this past year. Of this number twenty-two attracted sufficient enrollment to be scheduled. Student enrollment reached 1082 students, or 73% of the present high school population. Courses being conducted include three levels of Earth Science, four levels of Biology, four levels of first year Chemistry, three levels of Physical Science, three levels of Physics, second level courses in Physiology and Advanced Chemistry, and three mini-courses.

Related use of computers within the curriculum continues as one of our priorities; however, the lack of hardware and funds for the purchase of initial software has hampered our efforts in this area.

In the past our physical facilities have been recognized as among the finest anywhere, and even after fourteen years of use have shown little wear. We are now at the point where it is imperative that minor repairs and refurbishing be performed on a timely basis to preserve the high quality of these facilities. The continued shortage of maintenance funds and manpower are beginning to show.

Funds have also been lacking for the purchase of basic science materials, supplies and equipment. Up until recently our overall science program has been second to none; however, renewed support is needed at this time to insure its continuation as a first rate program.

Social Studies

The Social Studies Department is in the process of revising the high school curriculum to provide more structure and continuity. Rather than provide options in the first three years, the only courses available will be three semesters of Global History and three semesters of United States History and Government. The department is hoping to make this basic core curriculum required of all students. Seniors would still have a wide selection of options, including Psychology, Economics, Law and Justice and Politics.

Last year's pilot program, Facing History and Ourselves: The Holocaust and Human Behavior, proved successful and will be taught to all Grade 8 students this year – the third term at Kennedy Junior High School and the fourth term at North Junior High School.

The Social Studies Department is still committed to skill development as its highest priority and attempts to incorporate reading, writing and critical thinking into all of its courses.

Technology in Education

We continue to use Federal Block Grant Money to expand our computer program for students at all levels by purchasing micro-computers and related software. A systemwide committee (N.I.C.E.R.) has been working for about a year developing a comprehensive technology plan for the schools. This plan will be presented to the Randolph School Committee at its first meeting in January.

Expanding our awareness of appropriate instruction in the use of the microcomputer to store and assess information, as well as to solve complex problems, has been the major thrust for the school system. All teachers and administrators have had the opportunities to participate in staff development activities during the fall of 1984. In addition, some professional staff members have received concentrated training at Data General in Southborough. This business-educational partnership provided training as a corporate contribution to our personnel.

The Computer Advisory Committee, an active group of Randolph citizens, professional staff members and students has provided assistance to the school system by providing input for the technology plan and for decision-making on purchasing of hardware. Several of the members also provided extensive personal assistance. Mr. John Milson and Mr. James Waeglein donated their time and expertise to the professional staff by teaching a course in BASIC programming. Mr. Anthony Dionisio has provided us with information on purchasing and servicing of equipment which has helped us to extend the small amount of money available for such things as blank discs, etc.

Competive Federal Grants

Our efforts in writing competive federal grants continues with much success. During this past year grants have been received under Chapter 636 totaling $55,174 as follows:

A. Project – **Four Worlds** – ($15,570) This is an arts related program which brings to our students presentations of Asian, Hispanic, Northern European and African Cultures. This multi-cultural arts and social studies program was presented by the Neighborhood Arts Center at the Kennedy Jr. High School.

B. Project – **Books From My Head** – ($14,340) This project is a language arts program using an integrated arts approach for the improvement of oral and written skills. This program presented by the Neighborhood Arts Center was held at the Donovan School.

C. Project – **Dance Workshops** – $23,987) In this project students from the Devine and Young Schools participated in a 14 week program designed to generate interest and enthusiasm in dance. Through dance-related activities students learn to appreciate dance as an art form,

increase and refine their own motor skills, increase self awareness and self confidence, and share in the racial and ethnic heritage of others.

A.S.C.D. Elementary Network Project

Through a competitive process the Randolph Public School System Donovan Elementary School was selected from over 100 applicants to become part of the national network study of the elementary school sponsored by the Association for Supervision and Curriculum Development. Twenty-nine school systems were chosen nationwide to participate in the study project that will encompass work over the next two years. The study team members from Randolph are Dr. Lyn A. Huttunen, Assistant Superintendent; Mrs. Jane Hyman, Principal, Donovan; Ms. Anita Silverstein, fourth grade teacher; and Mrs. Deborah Weiss, Donovan P.T.O. member. Dr. John Zoino, Superintendent; Mr. A. Richard Anderson and Mrs. Brenda Berger, School Committee members, will also participate in some aspects of the study. In addition, each elementary school in Randolph will have a team of like members and will participate locally in the study and in the development of specific project goals for the elementary schools.

As the budget restricts any expenditures for participation in such a study, the team members had to search for the matching funds which are required for network membership in the project. The Donovan P.T.O., the Randolph Teachers' Association and the Rotary Club are all assisting by providing some funds to support the project. The individual team members are also working to earn additional money by providing workshops for other educators in Massachusetts.

School Facilities and Grade Level Configuration Studies

Declining enrollments, problems caused by aging facilities and deferred maintenance due to budget constraints are factors which dictated a need to examine school building use and grade level organization in the public school system of Randolph. All of the schools are presently operating under capacity. Demographic data predicts an increase in births nationwide in this decade. However, the increase does not appear to be potentially relevant to a need for maintaining the present number of facilities. Therefore, the School Committee charged two committees made up of Randolph citizens and educators from the school system with making a thorough study of our facilities and grade level arrangements. The goal was to provide data to support maximal educational opportunities for children and youth housed in the most efficient and effective educational facilities. The volunteer members of these committees donated an inordinate amount of time and energy to this important study.

They also worked diligently to provide unbiased information on buildings and on grade level arrangements. The two reports which were generated by the study of the two committees were submitted to the School Committee in December 1984. Copies are available for the public to peruse at the Administration Building, at each school building and at the Turner Free Library. Copies have

been mailed to Town Department Heads and a public hearing is scheduled for January 24, 1985. The School Committee will make a decision relative to school closing(s) and grade level configuration on February 7, 1985.

Support and encouragement from local organizations and individuals continues. It is most gratifying as Superintendent of Schools to note the contributions of so many individuals and groups who have served as "volunteers" or who have donated time, money, equipment and services to the schools.

We are again particularly indebted to the Hockey Boosters, the Rotary, Jaycees and Kiwanis Clubs. The members of these groups, together with all of our parent–teacher organizations, are an inspiration to our staff.

To every employee of the Randolph Public Schools, but particularly to Dr. Lyn Huttunen, Assistant Superintendent, and Mr. Richard Coburn, Business Manager, my thanks for their team effort which enables us to do so much for the students of Randolph.

My thanks and highest degree of respect is accorded to the members of the School Committee for their cooperation, understanding and dedication to the welfare of the youth of Randolph.

Respectfully submitted,

Dr. John E. Zoino

REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

1984

We respectfully submit the 21st Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the seven member towns during 1984.

AVON	Bernard H. Baher
BRAINTREE	James E. Sullivan
CANTON	Benson Diamond
HOLBROOK	William T. Buckley
NORWOOD	John T. Driscoll
RANDOLPH	Albert L. Willis
WESTWOOD	Gerard A. Baker

The District School Committee held regular monthly meetings on the first and third Tuesday of each month in the Administrative Office at the Regional School, 100 Randolph Street, Canton, MA. Mr. Gerard A. Baker and Mr. Albert L. Willis presided as Chairman and Vice Chairman respectively; Mr. William J. Carr, Esq. of Randolph as Counsel, Mr. Charles A. Brennan of Randolph as Superintendent–Director and Mr. John T. Driscoll as Treasurer, with Mr. Benson Diamond and Mr. James Sullivan as Assistant Treasurers.

During 1984 the following numbers of students availed themselves of Vocational Education under the auspices of the Blue Hills Regional Technical School District:

. . .	Blue Hills Regional Day Programs	1541
. . .	Adult Evening Program	402
. . .	Holbrook Career Development Program	51
. . .	Randolph Career Development Program	258
	Total	2252

The total enrollment for the Blue Hills Technical School and the Technical Institute Day Programs showed a slight decline during the 1984–1985 school year.

The Technical Institute continued to operate on a self-supporting basis and enjoyed a successful year. The Technical Institute had a student enrollment of 465 for the 1984–1985 school year with a tuition charge to each student in the amount of $2,415.00.

The Adult Evening Program also continues on a self-supporting basis with an average cost of $85.00 per course.

The Blue Hills Regional School continues to support the communities by completing projects in our auto repair, auto body, metal fabrication, machine shop, structural wood, health services, graphic arts and electrical departments.

The Chateau de Bleu Restaurant serves our residents on a daily basis with gourmet meals.

The Computer Center served most of our towns in a multitude of school department and town government operations.

The Regional District School Committee is indebted to our local School Committees, Superintendents of Schools, Boards of Selectmen, Finance Committee members and local Advisory Board members who so ably assisted with their continued and dedicated support in 1984.

To the citizens of the seven member towns, the parents and the town meeting members, who by their vote of confidence have provided quality vocational and technical training for our regional youth, we are deeply grateful.

Officer John F. Diauto, Jr.
Randolph Police Department
1 North Street
Randolph, MA 02368

Dear John:

It is with great pleasure and admiration that I extent the gratitude of this Office for a job well done.

Your courage, dedication and professionalism, in both incidents recorded, one on June 29, 1984 and the other on July 1, 1984, go far beyond the duties of a Police Officer and the aspects of the Police Manual.

The disregard of your own safety, to save the lives of the people involved in the serious accident on July 1, 1984 and your professional composure in applying the right techniques at the incident on June 29, 1984 when a resident severed an artery, not only are highly commendable as a Police Officer but as a man who cares about his fellow man.

Please accept the gratitude and admiration, not only of the persons involved but of this Department and, I'm sure, of the entire Town.

With best wishes,

Osmond J. Benjamino
Chief of Police

OJB/em
CC (1) Board of Selectmen

Pictured above is Officer John F. Diauto, the recipient of the first sterling silver medallion known as the "Randolph Medal." The medal was purchased with the proceeds of a donation from the Randolph Rotary Club, who participated as part of their public service activities, and awarded to Officer Diauto for his courageous response to a life-threatening situation.

THE RANDOLPH MEDAL

BACKGROUND:

In mid 1984 the Randolph Board of Selectmen ordered the striking of a sterling silver medallion of the Town Seal. This medal shall be known as the "Randolph Medal."

AWARD GUIDELINES:

This Medal shall be awarded to individuals under the following guidelines:

1. The Medal shall be awarded for heroic, courageous or life-safing action by a Randolph resident in or out of the confines of the Town of Randolph.
2. The Medal shall be awarded for heroic, courageous or life-saving action occurring within the confines of the Town of Randolph by any individual.
3. The Medal may also be awarded to a Randolph resident for extra-ordinary service to the Town or the community. This service should extend over a substantial period of time.
4. The number of awards may vary from year to year. It is the intention of the Board of Selectmen to regulate and limit this honor so as to maintain the integrity of this award.

METHODOLOGY OF AWARDS:

1. The Board of Selectmen shall establish a five-person committee to recommend to the Board proposed recipients of this award.
2. The Board of Selectmen shall either approve or disapprove recommendations of the Award Committee. All deliberations of the Award Committee and the Selectmen shall be in executive session.
3. The names of all recipients shall be noted in the Annual Town Report with a picture and summary of their award citation.
4. The Board of Selectmen shall establish an appropriate award ceremony.

Parking Tickets:

Total Tickets Issued	5626
Handicapped	420
Fire Lanes	626
All Others	4580

The Police Department has collected and turned over to the Town Treasurer the following:

Parking Fines	$28,851.00
False Alarms	24,850.00
Firearms License, F.I.D. Cards and Police Reports	4,716.50
Accident Indemnity	1,832.13
Reimbursements and Damages (Traffic lights, insurance deductible, damage to cells and cruisers)	2,471.55
Total	$62,721.18

The Police Department has been diligent in their efforts to care for the safety of the people of Randolph. They have been courteous and helpful in their personal and telephone contact with the people. Their response to calls is quicker than most towns in Massachusetts. I commend the officers highly and with great esteem in all their endeavors. The people of the Town should be proud of the Police Department because of the service and protection they provide.

Respectfully submitted,

Osmond J. Benjamino
CHIEF OF POLICE

REPORT OF THE AUXILIARY POLICE DEPARTMENT

The following is the performance report of the Randolph Auxiliary Police Department for the year 1984.

There were a total of 1,419 details performed.
This represents 7,602 volunteer hours.

This breaks down as follows:

713	Traffic details performed	2,852	hours
342	Cruiser patrol details performed	1,368	hours
364	Miscellaneous details performed	3,382	hours

The Auxiliary Cruisers patroled a total of 27,702 miles.
The Auxiliary Officers had approximately 3,607 training hours.
The Auxiliary had 36 active officers during the year 1984.

The Auxiliary Police are proud to serve the townspeople of Randolph with pride and respect.

Respectfully submitted,

Robert A. Rocheleau, Chief
AUXILIARY POLICE DEPARTMENT

REPORT OF THE CIVIL DEFENSE DIRECTOR

Our progress paper for 1984 has been submitted and approved.

We have continued to maintain 100% participation in the Checkerboard Alert Program.

With the support and encouragement of the Board of Selectmen, we have maintained a viable program and are available to serve the community when the need arises. Despite budget cuts in expenses of nearly one-third over past years, we have expanded our operating center with donations of material and labor.

Therefore, we are at operating capability without anyone in the Civil Defense Agency receiving a salary and expenditures made only for expense items to maintain and heat the operating center and equip it with a telephone.

Respectfully submitted,

Henry L. Lowd
CIVIL DEFENSE DIRECTOR

REPORT OF THE FIRE DEPARTMENT

The following is the Annual Report of the Fire Department for the year ending December 31, 1984.

If this report appears to be a carbon copy of last year, it is only because the same problems exist and I have once again submitted Articles for the 1985 Annual Town Meeting to replace aged apparatus and to restore personnel.

I must stress to the citizens that we have not purchased a new Pumping Engine since 1974 and it is imperative that we start on a replacement program immediately. The first line Engine at Headquarters is 15 years old and the reserve Engine is 26 years old. The first line Engine at Station No. 2 is 11 years old and the reserve Engine is 21 years old. My mechanics are constantly repairing, patching and searching for parts and it is only because of their diligence and expertise that everything is in running order at this time.

But we cannot continue to operate this way. If a call is received for an emergency, we cannot tell the caller to call again tomorrow when the Engine is back in service! Does this sound farfetched? It shouldn't, because two years ago – on a holiday weekend – all four Engines were out of service and we had to borrow a reserve Engine from a neighboring town and I alerted all of our mutual aid towns of our predicament. This could happen again, and please believe me, parts are hard to find for old trucks. We must start purchasing new equipment.

As for personnel, we are still 7½ positions below our pre-Prop 2½ level. Has construction stopped in the interim? You know it hasn't. We have many new one and two-family housing developments, apartment houses, elderly housing, warehouses and industrial buildings that have been constructed since 1980, and we are still required to provide protection with limited personnel. We should be talking about providing additional personnel, not just trying to restore what we lost.

Whatever, I have submitted the Articles and it is now up to you and the Town Meeting Members.

Very truly yours,

Robert D. Teece
CHIEF OF DEPARTMENT

FIRE ALARM REPORT – 1984

Numerous boxes have been repaired, rewired and tested. Many open circuits were repaired (due to motor vehicle accidents and lightning storms). Trees around the fire alarm wires were trimmed.

During the year fifty-six (56) pole change-overs were made on damaged or new poles.

All public school fire alarms were tested prior to the opening of school in September. Six (6) new fire alarm boxes have been added to the system.

Considerable work was done on upgrading the alarm system. Included in this work was running new wire and replacing thirteen (13) older type fire alarm boxes.

FIRE PREVENTION

Permits issued	153
Solid Fuel Stove Plans Reviewed	26
Mercantile Inspections	376
Nursing Home Inspection	8
School Fire Drills by the Deputies	48
Fire Investigated for Cause	9
Smoke Detector Inspections	406

An extensive program of Apartment House Inspections was carried out in conjunction with the Building Department whose cooperation has been invaluable.

EMERGENCY MEDICAL TRAINING

All members received their yearly Recertification in Cardiopulmonary Resuscitation (CPR) as required by State Law.

Twenty-three (23) members successfully completed 16 hours of First Responder Training as required by State Law.

Thirteen (13) members successfully completed a 25 hour Department of Transportation (DOT) recertification course for Emergency Medical Technicians. As of December 31, 1984 the Fire Department had twenty-five (25) registered Emergency Medical Technicians.

TRAINING

The principle activities of the training program have centered around the appointment of four new members. Due to the backlog of students at the State Firefighting Academy, newly appointed members are not able to be enrolled for up to a year. It was, therefore, necessary to conduct a three week "mini" course in order that they could function effectively until attending the State Academy.

In addition to normal company in-service drills conducted, the State Academy presented various sessions on Safety and Self-Contained Breathing Apparatus, involving on-site use of a newly developed trailer for practical evolutions.

REPORT OF THE BOARD OF HEALTH

REPORTABLE DISEASES

There were 91 cases of communicable diseases and other health conditions reported as follows: Animal Bites, Dog 34, Cat 2; Chickenpox 10; Hepatitis 11; Meningitis 4; Salmonellosis 15; Streptococcal Infection 9; Tuberculosis 5; Measles 1.

CLINICAL PROGRAMS

Mental Health. There were 1,044 client consultations and visits by Randolph residents for a total of 10,578 hours at the South Shore Mental Health Center. We have held the line on costs and hope we may continue to do so. COST: $14,000.00 for Adult Services – $6,000.00 for Children's Services. TOTAL: $20,000.00.

Influenza Inoculations. 947 persons received influenza vaccine at a number of clinics held during the year. The state furnished 900 doses of the vaccine. These clinics are held free of charge to Randolph residents.

School Immunizations. 156 students received 185 immunizations free of charge at the Board of Health. The public health nurses assisted the school nurses with head lice and scoliosis detection as well as blood typing programs. There were 5 nursery school surveys done regarding immunizations and lice and scoliosis detection.

Tuberculosis Testing. Most Tuberculosis testing is now done at Norfolk County Hospital in Braintree or at Brockton Hospital except in rare cases. Public Health nurses tested 28 patients in Board of Health office.

Alien & Refugee investigation and follow-up (relative to TB) – 5

Biologic & Diagnostic Supplies. 5,120 doses of vaccine, plus other diagnostic supplies were received and issued to Randolph physicians and used at our various clinics.

Keep Well Clinics for Elderly. 3,412 patients were screened for high blood pressure at 147 clinics during the year. 574 found to have high blood pressure.

Comprehensive Hypertension Program. (Ages 30 to 64) – At 17 clinics 451 patients screened of whom 142 were found to have elevated readings.

Cancer Recto-Colon Detection. 71 patients tested at sessions held in May and November. 3 were found to be positive and are undergoing treatment for Cancer; 7 having further tests and 8 did not return for follow-up.

Diabetes Screening Program. 165 patients screened with 65 found to have high blood sugar requiring medical follow-up. There were 8 clinics held for this program. 13 additional persons had borderline high blood sugars requiring further study.

Office Patients. 498 visits by 349 patients for allergy injections; B12; Imferon; blood pressure, etc.

Mothers & Newborns. 91 mothers received 105 visits.

Unwed Mothers. 20 mothers received 34 visits.

Premature Infants. 8 mothers received 16 visits.

Well Baby Clinic. 128 patients were seen at 15 clinics with 110 being immunized.

Teen Support Group. 34 meetings were held and 38 patients seen. This program has now been expanded under the name of Y.P.I. (Young Parents Initiative).

DMH has funded the program with a social worker for Randolph. In 1984, 21 new mothers were seen and many home visits were made. Four to five mothers and their children attend a weekly group session at First Congregational Church.

The Knights of Columbus and Junior Ladies Library have both contributed a great deal to the program's success, both financially and volunteering transportation, donations of toys and their time by babysitting.

A community support group has now been formed involving school nurses, teachers and members of the youth department.

HOSPITAL SUBSIDIES

Premature Infants. There were 8 premature infants born to residents in various hospitals during the year at no expense to the town.

ENVIRONMENTAL SANITATION

Refuse Collection & Disposal. Reddish Disposal Service, Inc., of Needham is the collection contractor for the Town of Randolph and continues to do a fine job. B.F.I., Louis Kmito & Son operates the sanitary landfill in a fine manner with continued improvements from year to year with no expense to the town.

Public Health Complaints. Nearly 1500 complaints were received for possible health nuisances and hazards and investigated and resolved during the year.

Swimming Pools. 33 permits for public and semi-public and private swimming pools were issued.

Nursing Home Inspections. 2 inspections of one nursing home were made prior to state relicensing.

Food Service Establishments. 75 permits were issued to restaurants and other type operations serving food and/or drink for consumption on the premises. Inspections of all establishments have been carried out in excess of the two required by State Code and will continue to be monitored constantly.

Retail Food Establishments. 33 permits were issued to retail food establishments. All are being inspected at regular intervals.

Livestock. 22 licenses were issued to residents to keep livestock. 2 Hypo-syringe permits were issued for animal treatment.

Collection & Disposal of Sewage. 8 permits were issued for the collection and disposal of sewage.

Vapor, Pool, Shower and other Baths. 1 permit issued for whirlpool bath.

Container Service (Dumpsters). 11 permits were issued for container service.

Disposal Works Installers. 7 permits were issued to install individual sewage disposal systems.

GAS INSPECTIONS

315 permits for gas installations, including propane gas, were issued during 1984. As with plumbing inspections, at least one inspection is necessary for each installation.

390 permits for plumbing installations were issued during the year. Each installation requires at least one inspection by the Plumbing Inspector.

PUBLIC HEALTH NURSING

Public Health Nursing activities are outlined under "Clinical Programs" and include pre-natal and post-natal care with instructions; pre-school follow-up of children; care and instructions relative to communicable diseases and various aspects of adult health supervision; assistance at Well Baby Clinics; Diabetes clinics, e.g. Progress continues to be made in working with other agencies such as school nurses, South Shore Mental Health, South Shore VNA, etc. The immunization aspect is referred to in more detail under the school immunization section.

ONE HUNDRED AND FORTY–NINTH ANNUAL REPORT

We continue to investigate all communicable diseases. Randolph residents are getting more health conscious as the figures of the different clinics clearly indicate.

PERSONNEL MATTERS

Ronald Berkowitz, who was appointed by a joint vote of the Boards of Selectmen and Health on 12/5/83 to serve in place of James Foley upon his resignation, was defeated in his bid for the remaining two years of Mr. Foley's term of office by Thomas J. Fisher in the election of March 1984. The Board welcomes Mr. Fisher and thanks Mr. Berkowitz for a fine job as well as the interest and enthusiasm he showed while serving on the Board of Health.

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	1,274	feet
Brush obstructing drainage cut	1,361	feet
Culverts cleaned and opened	2	count
Drainage excavation with specialized wide-track equipment	2,110	feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	700	acres
Larvicide by backpack and mistblowers	214.5	acres

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide mistblowing from trucks	50	acres
Adulticide U.L.V. from trucks	35,328	acres
Catch basin application. Adulticide and larvicide	382	count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 47 calls from residents for information and assistance.

Respectfully submitted,

Albert W. Heuser, Superintendent
NORFOLK COUNTY MOSQUITO CONTROL PROJECT

REPORT OF THE SEWER COMMISSIONERS

By the time the Annual Report is printed, we will have completed the last of our major Sewer Contracts, No. 42. The following is our report of work completed, work in progress, and work contemplated.

POCKET PROGRAM

We are now in the ninth year of our projected ten year program. With the completion of Contract No. 42, we will have completed this program a year and one half ahead of schedule. We do not anticipate any further major construction.

MAINTENANCE PROGRAM

Our maintenance department still only consists of three employees who work diligently on our various programs. Again, during the past year we have cooperated with the Engineering, Highway, School and other departments, assisting them on drainage and sewer related problems.

GENERAL

As pointed out in a previous report, with the town now 99% sewered, it is inevitable that we will have to request additional help with the next years.

PRESENT STATUS OF SEWER SYSTEM

With the conclusion of our major Construction Program in mid 1984, we will have installed 101.3 miles of sewer at a cost of $27,000,000. The original estimated cost in 1956 was $42,000,000. In addition, the Town, through the combined efforts of the Sewer Commissioners, Board of Selectmen, Executive Secretary and others, has acquired some $9,000,000 in State and Federal Grants.

Respectfully submitted,

Felix Carlino, Chairman
Robert E. Curran, Clerk
Roger V. Sass, Associate
John R. O'Riley, Superintendent

REPORT OF THE TOWN ENGINEER

I respectfully submit the Annual Report of the Engineering Department for the year ending December 31, 1984.

ENGINEERING DEPARTMENT

During the year the Engineering Department has furnished professional engineering services for the following Town Departments, Officials and Committees: Board of Selectmen, Board of Assessors, Zoning Board of Appeals, Town Clerk/Treasurer, Building Commissioner, Tree Warden, Sewer Department, Fence Viewers, Water Department, Police Department, Town Counsel, Fire Department, School Department, Chapter 40A Zoning Committee and the major portion of work for the following:

1. **Planning Board**: review and update of all subdivision bonds twice a year; review of eight preliminary subdivision plans, six definitive subdivision plans and revisions to three subdivisions; review of all "Approval Not Required" plans; Inspection of construction on the following subdivision streets:

(a) Althea Park Extension:
- (1) Emily Jeffers Rd. – gas, water, sewer, drain, fire alarms, gravel base, base course paving;
- (2) Christopher Rd. – gas, sewer, water, drain, gravel base, base course paving;
- (3) Boylston St. – water, drain, sewer, Fire Alarm, gravel course, base course paving, gas;
- (4) James Tighe Rd. – gravel base, base course paving, gas;

(b) Highland Glen Estates:
- (1) Bridle Path Cir. – top course, paving, berm, sidewalk, concrete bounds;
- (2) Bittersweet La. – sewer, water, drain, gravel base, base course paving;
- (3) Scahill Dr. – sewer, water, drain, gravel base, base course paving;
- (4) Salamone Cir. – sewer, water, drain, gravel base, base course paving;
- (5) Flanagan Cir. – clearing & grubbing, subgrade preparation.

(c) Country Club Estates:
- (1) Stevens Ter. – drainage, concrete bounds,
- (2) Country Club Dr. – sewer, water, drain, gravel base, base course paving;
- (3) Linden Park Dr. – concrete bounds.

(d) Kingcrest Estates:
- (1) Connor Cir. – sewer, water, drain, gravel base, utility pole relocation, base course paving;
- (2) Kingcrest Ter. – water, drain, gravel base, base course paving.

(e) Great Pond Village:
- (1) Collins Av. – sewer, drain, water, gravel base, base course paving;
- (2) Pacella Park Dr. – sewer, drain, gravel base, base course paving.

(f) Poole Lane: sewer, water, drain, gravel base, base course paving;

(g) Marie Way: paving and concrete bounds, berm;

(h) Civita Lane: sewer, water, and gravel base;

(i) Dolly Lane: sewer, water, gravel base; and base course paving;

(j) Heather Lane: gravel base, retaining wall;

(k) Greenburg Cir.: top course paving, berm, concrete bounds;

(l) Chestnut Cir.: gravel base, base course paving

(m) Nightingale Cir.: sewer, water, drain, gravel base and pavement;

(n) Lindbergh Ave.: water, drain, gravel base, base course paving;

(o) Pearl St.: granite curbing, berm, sidewalk, top course paving;

(p) Old Farm Rd.: granite curbing, sewer, water, drain, gravel base, base course paving;

(q) Hayward St.: drainage, water, gravel base, base course paving;

(r) Lisa Rd.: clearing, grubbing & subgrade preparation;

(s) Lantern La.: berm, sidewalks, top course paving;

(t) Conservation Park: clearing, grubbing, subgrade preparation, drainage;

(u) Burke Dr.: sewer, water, drain, gravel base;

(v) Pacella Park Dr. (Industrial area): drain, gravel base, base course paving, berm, sidewalk, top course paving;

(w) Eddy St.: set concrete bounds.

2. **Conservation Commission;** reviewed and made recommendations on 11 "Hatch Act" permits; conducted final inspections for 20 Certificates of Compliance on permits; reviewed revisions to 11 permits; made weekly and sometimes daily inspections on 37 active "Hatch Act" permits. Met with representatives of D.E.Q.E. concerning two permits.

3. **Highway Department:** Oak Street reconstruction – prepared plans, specifications and contract documents for retaining wall construction at Cedar Street and Oak Street; provided survey, design and layout for: reconstruction and paving of Gordon Street and Intervale Terrace; Warren Street from Depot Street to Warren Avenue, Chestnut Street from Old Street to High Street, drainage installation on: Orchard Street, Russ Street, Cole Terrace, Stevens, Martin, Brookside, Beverly, Shirley and Garren Terraces. Provided layout for curbing installation on Union Street, intersection widening at Russ Street, Scanlon Drive and North Main Street. Prepared plans for land donations from the abutting owners at Russ Street, Highland Avenue, Scanlon Drive.

The Town of Randolph realized traffic improvements at these two locations which could not have been accomplished without the land donations from the following: Chase & Sons, Inc., Rintone Trust,

Joseph Rintone, Trustee; Texaco Inc.; and Mr. & Mrs. Donald Heard.

4. **Other**: Design and advice by the Engineering Department were given for the following: installation of the handicapped ramp at the rear of the Town Hall; coordination of radius widening work and drainage in conjunction with the installation of the traffic signals (State) at North Main, Russ & Scanlon; street and drainage design for Desmond Avenue, Restarick Avenue in conjunction with sale of a portion of the former McNeil School property.

Lot Grading fees collected and turned in for 86 single family, 47 duplexes, 2 business, 5 industrial and 2 multi-family projects were paid to the Town Treasurer for the year 1984 and amounted to $4,187.00.

Prepared booklet and marked Town Line Bounds for the mandatory perambulation of the Town Line markers by the Board of Selectmen.

Respectfully submitted,

Thomas W. O'Dea, P.E.
TOWN ENGINEER

REPORT OF THE HIGHWAY DEPARTMENT

I respectfully submit my report for years 1984 – 1985.

We have completed another section of Oak Street, approximately 2500', and improvements adjacent to reservoir. By all this work and grade change we not only beautified area but saved many dollars by eliminating a proposed sewer pumping station and its continued maintenance. One wall remains to be completed at Cedar Avenue and Oak Street.

Improvements made in Randolph Square include Union Street curbing and new sidewalks, North Street easterly sidewalk improvements, and a new parking area in the rear of the Town Hall. We have also made improvements at the rear of the Fire Station, getting all departments involved, new blacktop, improved parking and traffic flow to accommodate Library, Welfare Building, Fire Station and rear of church.

Started Nelson Drive, curbing, new roadway and walks – more to be done in this area if funds are available. Warren Street (Route No. 139) , Depot Street to Silver Street has been improved and corner widened on Southwest side with

cooperation of Chase and Sons who graciously gave up some property to accomplish this work. We have also made improvements to the Lyons School Access Road and additional parking and widened corner with School Department participation.

New traffic lights at Russ Street and North Main Street were installed by State but had Highway Department involvement. With agreement from abuttors we widened corners and improved drainage, curb and sidewalks (by Town). We thank the abuttors in this area also because widening improves traffic flow.

We resurfaced Chestnut Street, Old Street, Intervale Terrace, Gordon Street, Turner Drive, Sunset Drive. All this work entailed improvements and adjustments to sewer and drainage.

Drainage projects completed this year include installation of 24" pipe on Cole Terrace and all necessary catch basins, 12" drains on Shirley Terrace, Beverly Terrace, Stevens Terrace, Martin Terrace, and Brookside Terrace, and all necessary catch basins. Installed 24" drain adjacent to 76 Orchard Street and 18" drain at the rear of Cocoran Street. We also made many small drainage repairs and pipe replacements that have been damaged by other adjoining installations and don't show up until a few years later.

All this work has been completed with a limited number of personnel in my department and limited funds due to recent reductions the past few years. I hope in future town meetings, Town Meeting Members will see fit to approve much needed funds for road work and sidewalks.

A partial list will give you some idea of future plans, and in some way homeowners would like improvements made in their area. We have not had any sidewalk funds for many years and any walk improvements have been accomplished in conjunction with road work.

Pond Street and Canton Street, both heavily traveled, need improvements and resurfacing and cannot be postponed any longer. Lafayette Street, Martin Terrace, Stevens Terrace, Brookside Terrace, Desmond Road, Thayer Circle, Sunset Drive, Connolly Street, Flintlocke Road, Almond Drive and Nelson Drive have been submitted for 85–86 and if sidewalk account is voted we would look to improve many sidewalks.

I again thank the men in my department who have given extra effort in getting our work done and are proud of our many improvements. I thank all other Town Departments who have also enjoyed our mutual cooperation.

Respectfully submitted,

Henry J. Rota

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission has held 11 meetings between January and December 1984. Public Hearings, Orders of Conditions, Extensions, Certificates of Compliance and Enforcement Orders under M.G.L., Chapter 131. s, 40, the Wetlands Protection Act have been dealt with. A number of site inspections with members of the State Department of Environmental Quality Engineering have been attended.

The active files of permits have been reviewed, efforts have been made with the assistance of the Town Engineer, Town Counsel and Building Inspector to bring projects into conformity with the permits.

Oil and hazardous materials regulation and management with spill contingency plans have been provided by the Town Engineer and adopted by the Board and where applicable have been incorporated into the Orders of Condition.

The posting of bonds of surety with the Town Treasurer have been made part of Orders of Conditions on several permits to insure the replacement of Town facilities at the end of projects.

Under the aspects of the Wetlands Protection Act, a water use study for the three-town water district has been completed with the assistance of the Water Commission. It would appear that Braintree is using a considerable amount more water than Randolph and Holbrook. Steps have been taken to bring this to the attention of the parties involved. Board members are concerned that the safe yield from Great Pond Reservoir has been reached and for several months the Richardi Reservoir was needed. As the wetlands in Randolph will only store and yield a predictable volume of water, it would seem prudent to seek an underground source or holding ponds on land under the care of the Conservation Commission in the Cochato River basin. We could also consider the feasibility of using the wells again.

No improvements have been made on Conservation Open Space Areas because of the restraints on the Town budget.

The Board wishes to thank the many other departments who have given of their time and assistance over the past year.

Sincerely,

Melvin Ellin, Chairman
Bart Perlman, Vice Chairman
Irene Romano, Clerk

REPORT OF THE BUSINESS AND INDUSTRIAL COMMISSION

As 1984 came to a close, again another growth year for Randolph, new jobs, new industry, new construction. The Town of Randolph – from North to South – activity is everywhere.

Inquiries are coming from all parts of the Business Community requesting information about our Town. The Commission is very pleased with our information booklet about our Town and these booklets are sent out upon request.

Industrial Revenue Bonds are being used by 75% of our new Business and Industrial Community. Our Co-Chairmen and Executive Secretary for the Town of Randolph have presided at meetings where approximately 5 million dollars in Industrial Revenue Bonds have been awarded.

Again, the Business and Industrial Commission would like to thank all Town Departments for their cooperation and help throughout the year.

REPORT OF THE PLANNING BOARD

During the year the Planning Board held 42 regular meetings plus 29 public hearings. The Board signed and approved 47 plans and the Chairman presented 25 zoning articles before Town Meeting members.

The land adjacent to the Boston School for the Deaf was rezoned for the Hebrew Rehabilitation Centre of Roslindale to construct a housing for the elderly which should prove to be a great asset for housing some of our elderly citizens when it opens for occupancy this winter.

The passing of the Business/Professional Zone has led to an increase in rezoning proposals.

The passing of Randy Property rezoning in Randolph Centre should prove to be an asset to the Town when construction is undertaken.

The members have been concerned with Wetlands Areas in several proposals that have come before the Planning Board as more marginal land is developed.

The meetings are well attended by Board members and the participation of the Town Engineer at the meetings is greatly appreciated.

Respectfully submitted,

REPORT OF THE ZONING BOARD OF APPEALS

The Zoning Board of Appeals has heard 25 requests for variances or Special Permits from the Zoning By-Laws. Several applications have required more than one hearing.

The Board has revised their Rules and Regulations, bringing them into conformity with the General Laws, and has filed them with the Town Clerk's office.

Every effort has been made to cut down on the length of time to process applications within the framework of the General Laws. The back files have been reviewed with the Building Inspector to check on conformity with any actions taken.

The Board has adopted a policy of requiring a bond or some form of surety to be posted with the Town Treasurer to guarantee completion of work authorized by variances, where applicable, to make every effort that no expense is passed on to the taxpayers.

Filing fees by the applicant to the Town has kept the Board self-sustaining.

Board members offer their thanks to the other Boards and Departments who have responded to their requests for information and comments.

REPORT OF THE BUILDING INSPECTOR

I hereby respectfully submit the Annual Report for the Town of Randolph Building Department for the year ending December 21, 1984.

The total number are as follows:

Building permits are as follows:

Single Family dwellings	84
Duplex dwellings	59
Additions to dwellings	58
Alterations to dwellings	39
Demolitions of dwellings	7
Coal/Wood stoves	20
Fire repairs	1
Garages built	15
Relocation of dwellings	1
Reshingling of roofs	48
Residing of dwellings	28
Solar panels	8
Storage sheds	8
Sun decks	14
Swimming pools	30

Additions to place of business	2	
Renovations to places of business	11	
Office buildings to be built	3	
Renovations to commercial buildings	3	
New warehouses	6	
Multi-family dwellings	1	
Temporary tent permits	9	
Occupancy Permits granted	80	
Periodic Inspections of Places of Assembly	129	*
Sign Permits	32	
Total:	696	permits

The sum of $78,789.44 was collected by the Department and deposited with the Town Treasurer. This is quite an increase from the amount of last year: $41,181.00.

The probable cost of construction above land as submitted on permit applications is: $17,916,798.00.

The Building Commissioner's calculation of total at completion of work is: $22,395,997.00.

* This was the first year that the Building Department was able to accomplish a State mandate for inspections on apartment/condominium units of the town. We have begun a systematic approach and hope to inspect the remaining units in the next year. For this year the Department inspected 1551 units.

Respectfully submitted,

George A. Fabrizio
BUILDING COMMISSIONER

REPORT OF THE WIRING INSPECTOR

I respectfully submit the Annual Report of the Wiring Inspector's office for the year ending December 31, 1984.

A total of 437 Electrical Permits were issued by this Department this year.

Permits were for the following:

Airconditioners	1
Burglar Alarm Systems	4
Business/Industrial (renovations)	32
Business/Industrial (new construction)	12
Electric dryers	1
Electric heaters	5
Electric ranges	2
Emergency lighting devices	3
Fire alarms	2
Garages	1
Gas heaters	2
Municipal	4
New Homes	126
Oil burners	1
Residential remodel work/additions	69
Service changes	106
Signs	4
Smoke detectors	1
Swimming pools	26
Solar panel installation	4
Temporary service permits	19
Traffic signals	1
Vinyl siding	5
Water heaters	2
Total:	437

During the years from 1980 to present, there has been an increase in the electrical permit applications. (see below)

CY 1980	276	permits
CY 1981	246	permits
CY 1982 (for Nov. & Dec. only)	19	permits
CY 1983	311	permits
CY 1984	437	permits

The increase in work-load from 1983 to 1984 is 40.5%. This rate of growing construction in our town is reflected in the 40.5% increase.

In addition to the issuance of each permit, a site inspection is required at a preliminary state (rough inspection), when the service from Mass. Electric is needed (service inspection), and at the completion of work (final inspection). Because of the increase in the number of return visits to certain sites, I requested of the Board of Selectmen the right to institute a re-inspection fee of $10.00 per visit for more than three visits to a site. This was approved by a vote of the Selectmen and began July 1, 1984.

For this year a sum of $12,525.50 was collected and turned in to the Treasurer's Office.

In conclusion, I wish to take this opportunity to thank all Town Departments for their cooperation and help throughout the past year.

Respectfully yours,

Paul J. O'Meara
WIRING INSPECTOR

REPORT OF THE RANDOLPH HISTORICAL COMMISSION

The Historical Commission has devoted most of its time and energy to establishment of its new quarters in the Turner Library, quarters which have been allotted to the Commission by the Trustees of the Turner Library, in the basement of the building. After the previous quarters in the former Granger Building were closed out and the building razed, the Commission tried to find room in the Veterans Building, sharing space with several other agencies. Both of these housing were totally inadequate to accommodate the accumulated historical artifacts and records or to provide commodious meeting room.

The new quarters, thanks to the Trustees of the Library, are arranged to comfortably take care of all the pictures, newspapers, clippings, Town Reports, artifacts, documents, maps and records which have multiplied over many years.

The Commission is greatly indebted to the gift of material lumber, and labor of Mr. John Callahan, and Mr. Frank Fredrickson in the construction of panelling, shelving, drawer spaces, all carpentry for the proper filing, and protection of our valuable collection.

The Commission has devoted much time also to the work of residential houses to be placed on the Records of the Massachusetts Historical Commission.

The Mass Historical Commission has directed that all houses 30–50 years of age be so registered, and the number of basic registrations increased from the present 50 to 100, in order for any consideration of assistance or eligibility for help to the Randolph Historical Commission. There are, of course, hundreds of homes in Randolph with an age of over 100 years still extant and serving their owners well, in spite of the woeful destruction of many old colonial residences being razed to make room for commercial growth and expansion.

This removal of old homes has been chiefly confined to the Main Street, both south and north, six mansions on the westerly side of North Main Street and a dozen old homes on the easterly side of South Main Street to accommodate the factory complex. Registration with the Mass Historical Commission carries with it no obligation, restriction or imposition of requirements and only defines for posterity the history of homes in Randolph and may well be of interest to the owner in enhancing the value of the property.

The Mass Historical Commission is deeply concerned to have the Randolph Historical Commission submit two important historical buildings for registration, not only with the State but also for the National Register in Washington – the Town Hall and the Chase & Sons Factory on the corner of Warren and Highland Avenue.

This shoe factory building, dated circa 1800, is the only such factory building left in town out of the 40–50 former shoe factories which were the source of Randolph's economy in the 18th–19th century. All other factories have long since been razed as were the 3 famous Inns which were incident to the shoe trade, the Howard House, the Lafayette House, and the Inn–Tavern at the entrance to the Turnpike.

Only one Randolph building is presently in the National Register – the Belcher House/Ladies Library Association.

The historical wood-crafted signs, nine in number, three at the three cemeteries, at the site of the two former Railroad Stations, Tower Hill, North Randolph, and the Granger Building, are of serious concern since vandalism has ruined two of them – one at the Oakland Cemetery and the other at the site of the Randolph Depot, corner of Warren and Highland Avenue. Whether to replace them with wood signs or to fabricate stone monuments etched with the history in the fashion of the monument at the site of the Revolutionary War Powder House on lower South Street is a question chiefly of finance.

Why vandals could destroy the sign in the Oakland Cemetery twice, after it had once been repaired and reset is ponderable. The historical sign at the former Granger Building, corner of Union and South Street, had to be removed when that home was destroyed and may now be reset after the landscaping of this town property is completed. The temporality of wood memorials is most questionable, especially when one considers the fate of the former two wood beautifully crafted memorials containing the names of all servicemen, one of

which was on the lawn of the Town Hall, and the other on the lawn of the Stetson School, and have never been replaced. Fortunately, the Commission has pictures and records of all these named servicemen, and in the fond hope that perhaps the townspeople and the various Service Organizations may one day see fit to erect a permanent memorial with the names of our citizens who served in the various wars, the Commission may be able to help.

The Civil War servicemen have their names on two marble monuments affixed to the wall of the GAR Room in the Town Hall and the names of the WWI veterans are inscribed on a bronze tablet in the foyer of the Town Hall.

An updated History of Randolph has been in the process of being arranged in the writing stage with many pictures to embellish the work, but its publication awaits funding source. A History of the Boot and Shoe Industry of Randolph is a special work compiled by the Chairman of the Historical Commission and can be put to press soon. A History of the Randolph Fire Department has been published, written by Mr. Cain of the Fire Department, and copies may be obtained from the Town Hall. A similar separate History of the Randolph Police Department is being arranged by former Chief of Police Ralph Condlin.

The Commission has had a printed brochure made up for the purpose of describing the essential answers to detailed descriptions of the older homes in the town, a three page itemization of these answers in order to satisfy the requirements of the Mass Historical Commission Register of Old Homes in Randolph. In order to distribute this and collect all the information, the Randolph Historical Society has offered to be of assistance in doing this work.

The Historical Commission is greatly indebted to the Highway Department and the assistance of Mr. Henry Rota for the professional help offered to our programs. We are also indebted to Mr. John Murphy for assistance in the areas of research and codification, and to the Boy Scout Troop of the Congregational Church for their fine labor at the Oakland Cemetery.

REPORT OF THE TRUSTEES
STETSON SCHOOL FUND

It is with great pride and satisfaction that the Board, with the cooperation of the Town Highway Department, has completed a long planned project: the installation of a safe porch and handicapped access ramp, plus parking facilities at the rear of the Town Hall. They enhance our Town Hall one hundred percent.

Maintenance of the Building through good janitorial management has been a priority throughout the year. Up-dating the electrical wiring systems and holiday lighting are also projects satisfactorily completed.

We look forward to meeting bi-monthly and continued progress in maintaining the Town Hall. Plans include capping the front interior stairs to match the back set, retiling the second story hallway, new plumbing installations and more painting. Our goal is to create and maintain a quality atmosphere for town business.

The Board of Trustees wishes to thank the following for their sincere cooperation during the year: Board of Selectmen, Tree Warden, Highway Department, Town Engineer, Fire Department, Henry L. Lowd, Executive Secretary and Town Accountant and his Staff. A special, personal thanks and appreciation to our most helpful and dedicated secretary, Mrs. Margaret Burke.

Respectfully submitted,

REPORT OF THE TRUSTEES
TURNER FREE LIBRARY

On April 2, 1875 the three-man Board of Selectmen of the Town of Randolph accepted, as a gift, a beautiful new building to be known as the Turner Free Library.

It was given to the Town in memory of Royal and Marie Turner by their children Seth, Royal W., Abby and Anne. In the beginning the Library was open just a few hours each week, had 3,000 volumes and only one full-time employee, Dr. C. C. Farnum, the Librarian. Population of the Town at that time was 4,000.

From that modest start we have progressed, in this our 109th year, to a modern facility open 63 hours a week, with a full professional staff serving a community of 30,000 people, with over 62,000 volumes.

In recent years, in addition to the usual books, newspapers and periodicals, we have added phonograph records, audio cassettes, paintings, and most recently Polaroid cameras, as mentioned in the accompanying Librarian's report. It is our hope to add, in the future, video cassettes and computer terminals for the use of our patrons.

The present Library building is 18 years old and although it has been maintained in excellent condition by a competent and dedicated staff, several repairs and replacements have been necessary. These included major repairs to the boiler and to the air conditioning system, and the complete removal and replacement of the asbestos ceiling. In addition to gaining a bright new ceiling, we were able to add to the warmth of the interior by painting the walls and cleaning the draperies.

This year we will be asking for support in replacing the carpet which has served us well for the past 18 years but which is badly worn and patched in many places.

On behalf of the Board of Trustees, I would like to commend our Librarian Mr. Charles Michaud and his staff for their extra effort in removing and replacing thousands of books and periodicals during the removal of the asbestos ceiling in May. In addition, I wish to extend our thanks to our loyal Volunteers, Friends of the Library, and all Town officials and Boards for their help and support.

Respectfully submitted,

David D. Doyle, President

TURNER FREE LIBRARY

ANNUAL REPORT
TURNER FREE LIBRARY

Fiscal year 1984 was another active year at the Turner Free Library.

One way to measure a library's activity is to look at the amount of books and other materials that are borrowed from it. During fiscal year 1984 the Turner Free Library loaned 147,784 items. Circulation records show 87,169 adult books and 41,973 children's books were borrowed, as well as 3,143 periodicals and 15,310 records and cassettes.

In addition, 141 paintings or framed photographs were borrowed. Museum passes were borrowed on an average of almost once a week. In a special arrangement with the Polaroid Corporation, the Turner Free Library received free instamatic Sun Cameras. These were made available free of charge to our patrons late in the spring and 9 were borrowed.

The library was completely closed for three weeks in May 1984 to accomplish the removal of the asbestos in the ceiling. Prior to the closing, all books and periodicals on the mezzanine level had to be boxed and put in storage. Even with this curtailment of our services, library circulation remained high.

What is borrowed from the library is only one indication of how active it is. Another is the number of people who use it to study or to find information, and still another is the response to the programs the library offers. Regular library programs such as the weekly children's story hours or the monthly demonstrations given by the Randolph Art Association continue to be exceedingly well attended. Story hours, for instance, are always fully enrolled.

Many senior citizens availed themselves of the free tax advice from VITA volunteers who were available twice each week at the library during tax season. The VITA coordinator reported that the Turner Free Library was one of the busiest sites for his program.

Other various special programs were also offered by the library and were also well attended. During fiscal year 1984 there were several programs concerning financial planning, and the Turner Library Friends sponsored programs on hypnotism, antiques and fashion coordination. In October 1984 the Turner Library Friends sponsored an exceptionally well received program with Jim Trelease, the noted author of the "Read Aloud to Your Children Handbook."

The support of the Turner Library Friends for sponsoring these programs and for their assistance at book sales is gratefully acknowledged.

Also gratefully acknowledged is the support of the Randolph Arts Council which supported two Turner Library Arts Lottery Grants requests. Funding from the Arts Lottery Grant enabled the library to present three special programs for children – author-illustrator Marc Brown; "Mother Goose" Marcia

Perlmutter; and singer-storyteller Will Clafin. With additional funding from the Arts Lottery Grant, the Turner Free Library has applied for a library membership at the Children's Museum in Boston. Passes to the Children's Museum will be available free to our patrons.

The Turner Free Library is now examining the possibility of future Sunday afternoon openings and participation in a computer network of South Shore libraries.

The Turner Free Library's regular schedule starts the first full week after Labor Day and the library is then open 9:00 A.M. to 9:00 P.M. Monday through Wednesday, and 9:00 A.M. to 5:00 P.M. Thursday through Saturday. This schedule will continue until Memorial Day weekend when the summer schedule begins. During the summer library hours are Monday and Wednesday 9:00 A.M. to 9:00 P.M., and Tuesday, Thursday and Friday 9:00 A.M. to 5:00 P.M.

In closing I wish to thank the many people without whose assistance and effort the library could not have been as active as it was. I want to thank Mary Tynan, the library assistant director, and the entire library staff. I also want to thank the many devoted library volunteers who have given us so much of their time.

I want to thank Sarah Lo Piano, who moved to Chicago last summer, for her hard work and devotion as our Children's Librarian and to welcome Elaine Fort Weischedel as our new Children's Librarian.

Finally, I want to thank the Turner Free Library Trustees for their encouragement and support.

Respectfully submitted,

Charles A. Michaud, Director

REPORT OF THE RANDOLPH HOUSING AUTHORITY

Since our last report for the Annual Town Report was written in 1983, the Randolph Housing Authority has continued to manage 236 units of elderly housing in Randolph. We have had a very busy year with the Russell F. Thompson, M.D. Memorial Community Center for all of our senior citizens of Randolph.

The Randolph Housing Authority is also participating in the 707 Rental Assistance Program for moderate income families under the Department of Community Affairs of the Commonwealth of Massachusetts. We presently have 15 family units subsidized under the 707 Rental Assistance Program. We are hopeful of constructing more elderly housing apartments in the future. However, the recent financial crisis of the Commonwealth of Massachusetts, together with the emphasis of rehabilitation of existing dwellings in our large cities by the Executive Office of Communities and Development, has slowed down the program of construction on new elderly housing developments in Massachusetts.

The Randolph Housing Authority has had an active year supporting M.B. Associates, who have completed a new elderly housing complex off of Highland Avenue in Randolph, and the Hebrew Rehabilitation Center for the Aged who have completed a new elderly housing complex on the site of the Boston School for the Deaf on North Main Street, Randolph. We have worked closely with M.B. Associates and the Hebrew Association on Aging and have provided them with all necessary information concerning our applications to assist them with their applications for financial assistance from HUD. We are quite pleased that the Town of Randolph has two new housing for the elderly developments constructed with HUD money at a time when Federal money is very scarce for housing.

The Randolph Housing Authority members are proud of their accomplishments since the start of the program in 1965 and have worked diligently to bring much-needed housing to the people of Randolph and to satisfy the requirements of our elderly citizens.

We would like to extend our thanks to the Board of Selectmen and other officials of the Town whose cooperation and assistance have been invaluable.

At this time we would like to thank State Representative John Flood of Canton and Randolph, State Senator Joseph B. Walsh of Dorchester, and State Representative M. Joseph Manning of Milton for their continued support of the Randolph Housing Authority and its aims and purpose.

Respectfully submitted,

REPORT OF THE EXECUTIVE DIRECTOR ELDERLY AFFAIRS

This has been a very busy and exciting year for me and the Senior Citizens of the Town of Randolph. I am pleased to make my Annual Report as Executive Director of Elderly Affairs in the Town of Randolph and to the citizens of the town. As I am retiring this year this will be my last report. I would like to extend my sincere thanks to the Board of Selectmen and the other officials of the Town of Randolph for their support and cooperation for the many years that I have worked with them in this position.

We have continued to have available to the elderly people in our town a most active program.

The Town of Randolph is a member of the South Shore Home Care Services which provides meals for senior citizens at the nutrition site for the elderly citizens in the Parish Hall of St. Bernadette's Church. The South Shore Home Care Services also provide meals for more than forty shut-in seniors which are delivered to their homes by volunteers, and also provides various forms of home care for needy citizens.

I have worked very closely with the Council on Aging, the Randolph Housing Authority, all the Town Boards and Commissions and the clergymen of the town in offering the more than 5,000 elderly citizens in Randolph an interesting, varied and vital program; judging from their enthusiastic participation, we seem to have been very successful. The following is a partial listing of activities held this past year.

Every two weeks the Turner Free Library sends a librarian to each of the three senior housing projects to lend books to the tenants.

Weekly provisions for two shopping buses which stop at strategic locations in town provide our elderly with transportation to facilitate their shopping.

The Randolph Rotary Club again provided the Operation Survival telephone which is "manned" five days a week by residents of our senior citizens project on North Street.

An active bowling league in which more than 100 of our elderly participated each week is held at the Woodlawn Bowlerama alleys.

During the past year the senior citizens' Recreation center at the elderly housing complex on North Street was very active and operated with a full schedule, including but not limited to, dancing, beano, arts and crafts, and many other programs for our senior citizens.

In October 1984 the Randolph Senior Citizens were provided with Flu shots at the three housing complexes, Temple Beth Am, and the Trinity Episcopal Church; also weekly blood pressure clinics are now being held for the elderly developments in Randolph; all sponsored by the Randolph Board of Health.

A sit-down roast beef dinner for over 300 senior citizens was held at the Elks Hall in December, compliments of the Randolph Elks Club.

A Christmas Party with a fully catered meal and liquid refreshments and entertainment was attended by more than 600 elderly citizens at the Lantana, compliments of the owners, Mr. and Mrs. Maurice Hart.

The Town of Randolph has also been in receipt of a grant from the Department of Elderly Affairs on the Commonwealth of Massachusetts for the Outreach Program in Randolph, enabling the Town to hire a worker as of January 1, 1985 to service all senior citizens who are "shut-ins."

I am pleased to announce that effective January 1, 1985 the Town of Randolph will be the recipient of a $6,900.00 grant from the Department of Elderly Affairs of the Commonwealth of Massachusetts for the transportation of senior citizens to the Randolph Clinic and to various dentists in Randolph. This program will commence on January 1, 1985.

Respectfully submitted,

James W. Brennan
EXECUTIVE DIRECTOR OF ELDERLY AFFAIRS

REPORT OF THE VETERANS' AGENT AND DIRECTOR OF VETERANS' SERVICES

The Veterans Service Department is privileged to help veterans and their dependents obtain benefits, from a grateful nation, for those who have worn the uniform of this country. All veterans, especially the Viet Nam Veterans, must be afforded the opportunity to apply for and receive benefits they are entitled to. The establishment of the Veterans' Services throughout the Commonwealth of Massachusetts was insured by the enactment of Chapter 599 in the year 1946 by the Commonwealth of Massachusetts. The Town of Randolph Veterans' Services Department is located at One Turner Lane, Randolph.

My department handles the numerous questions and problems relating to veterans' entitlement to Federal and State programs. This is a great asset to our community. By bringing into each community new money by assisting veterans and their dependents to obtain monetary benefits from State and Federal

government, it reduces local expenditures by placing the responsibility where indicated. The services available by the Veterans' Services Department in behalf of the veterans and their dependents are very great in number and variety and often complex.

This department acts as a disbursing agency for Veterans' Benefits under Chapter 115 of the General Laws of the Commonwealth and is reimbursed 50% by the Commonwealth. Effective July 1, 1984 the state will increase its reimbursement to 75%, with the town of Randolph obligation at 25%. The town is assured that a cautious look is given expenditures made by this department. The main reason for applying for this assistance is unemployment, particularly the younger veteran.

During the past year a total of $2,594,750.00 in V.A. Federal money came into the town of Randolph from all V.A. programs, such as pensions, insurance, service connected disabilities, Educational Benefits, etc. The town of Randolph ranks fifth in all cities and towns in Norfolk County for total VA income received during this period.

The VA National Cemetery in Bourne, Mass. continues to be used more by the Veterans in Randolph. There is no cost involved in the burial in the National Cemetery. The veteran and his wife may be buried here and arrangements can only be made at the time of death by the Funeral Director.

The Commonwealth of Massachusetts recently appointed a Viet Nam Veteran to serve as Outreach Specialist in the Brockton area under the Jobs Training Partnership Act. The purpose of this act is to support rehabilitation, readjustment of disabled veterans, and retraining of the Vietnam Veterans. His office is located in the Vets Center in Avon, Mass.

I wish to publicly thank Amvets National Vice Commander Bob Medeiros, a member of our local Amvets Post No. 51, for his assistance in securing 45 nylon American Flags for display along our Main Street during specific holidays. This donation by the Amvets is a great savings to the Town of Randolph and greatly appreciated.

I shall continue to serve the veterans and his dependents to the best of my ability as I start my twentieth year as Director of Veterans' Services and Veterans' Agent for the Town of Randolph.

In closing this report, I wish to thank Federal and State officials, members of the Board of Selectmen, Executive Secretary Hank Lowd, and my secretary Mrs. Claire Skiffington for their assistance during the past year.

Respectfully,

James M. Hurley
VETERANS' AGENT
AND DIRECTOR OF VETERANS' SERVICES

REPORT OF YOUTH COMMISSION/STAFF

The Randolph Youth Commission and Youth Staff herewith submit their annual report for the year ending December 31, 1984. As an activity/service oriented prevention agency, the Youth Commission became involved in a number of endeavors pertaining to the mental, social, and physical health of the Town's youth and their families. In the implementation of any program, the Youth Commission has the following objectives in mind:

1) To bring about a clearer understanding of services available to youth by agencies already serving Randolph;

2) To provide alternatives to delinquent behavior by developing creative programs to meet social, educational, vocational, psychological, and/or recreational needs of young people;

3) To help the youth of Randolph to articulate and meet their own needs;

4) To create a better understanding about youth among adults, particularly between parents and their own children.

In 1984 the Youth Staff worked with, among others, police, court, school, and area social service personnel. They provided individual and family counseling, academic tutoring, vocational counseling and placements, organized and supervised youth activities, were resources for information and referral, and were called upon in numerous crisis intervention situations, including direct involvement with school drop-outs, runaway cases, teenage rape victims, cases of attempted suicide, teenage pregnancy and child abuse, as well as cases of problems resulting from alcohol and/or drug abuse.

The Youth Center (9th Anniversary), a Youth Employment Service (which referred numerous teenagers to full-time, part-time, and odd jobs throughout the year), ran Drug Education Workshops at the Junior High Schools, two successful co-ed weekend camping trips (in May and September involving nearly 100 young people), and a Haunted House (held at the Youth Center in October, attracting nearly 4,000 people) among the programs and activities sponsored by the Youth Commission during the past year.

In the summer of 1984 the Youth Commission appointed Ben E. Jones of Randolph as part-time Youth Center Director. Under his direction the Youth Center has been open Monday – Friday nights and continues to provide teenagers with a place to meet and participate in various constructive activities. With the announcement of the resignation of the Town's Director of Elderly Affairs early in the fall of 1984, the Youth Commission submitted a proposal to the Board of Selectmen recommending consolidating the positions of Elderly Affairs Director and Youth Services Coordinator into a Director of Human Services position.

ONE HUNDRED AND FORTY–NINTH ANNUAL REPORT

The Youth Commission continued to meet on the second and fourth Tuesday of every month at the Youth office, 19 North Main Street. In the spring of 1984 we regretfully accepted the resignation of Peggy Daly from the Commission. During the summer the federally funded CETA Youth Employment/Training Program (employing nearly 100 Randolph teenagers in community service work) utilized the Youth Center facility on Lafayette Street, as did various other community groups throughout 1984.

The Youth Commission takes this opportunity to thank all Town departments, the Business community, and the townspeople for their cooperation and encouragement throughout the year. A special thanks to the Junior Ladies Library Association of Randolph, the Randolph Knights of Columbus, and the Randolph Police Association for their continued support in 1984. We look forward to working with and on behalf of the Town's youth and their families in 1985.

REPORT OF SELF HELP INCORPORATED

Self Help, Inc., is Greater Brockton's and Attleboro's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1984, Self Help, Inc., received a total funding of $12,006,267 and provided 578,338 direct services to the area's limited-income individuals and families.

Randolph residents received 3,544 direct services totaling $392,304.00 during our program year.

The total funding of $12 million does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional $954,823 of other community resources, such as PIC, Commonwealth Service Corps and local Cities' and Towns' contributions, as well as volunteers. The gross volume of Self Help, Inc., during the past program year was $12.9 million.

Self Help currently employs 253 individuals, many of whom are limited income and minorities.

We feel that the program year 10/1/83 to 9/30/84 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen, town volunteers and the Selectmen's representative, Mr. Buckley Gross, to our Board of Directors for helping to make our program year a success.

Respectfully submitted,

Ulysses G. Shelton, Jr., Executive Director
SELF HELP INCORPORATED

REPORT OF THE BOARD OF RECREATION

The Recreation Committee is pleased to state that the number of people, adults and youngsters that participated in the various programs conducted by the Board of Recreation, only proves that people are recognizing that exercising is an activity for developing the body or mind.

The programs are broken down into different seasons, depending on the use of facilities allowed by the school department to the recreation board to run the various programs.

During the summer, because of no school, we conduct more activities for youngsters during the day and stress all adults' programs entirely in the evenings when school is in session.

The one program that is conducted for children, pre-school, tiny tots, and early grades, as long as the swimming pool is open, are the swim lessons; that is one program that the Board feels is very beneficial for water safety for the children.

I would like to see more adults take advantage of the swim lessons as there are many people in Randolph that can hardly swim or not at all; tell your friends and family to sign up for their safety where it concerns swimming.

The tuition and transportation cost for the St. Colletta's Day School in Braintree for the special needs children has increased and an article has been submitted in the Town Warrant for an amount to take care of those items. I feel it is essential that those children are offered any opportunities to better themselves. As I stated in the past, the State reimburses the Town 50% of the amount.

Last but not least, concerning the Ice Skating Rink – which is functioning on all fours, an article has been submitted for the Town Warrant regarding the purchase of an ice making machine. The present machine was five (5) years old when purchased and now it is seventeen (17) years old. It is getting to expensive to repair to keep it going; an ice making machine is an intricate part of the rink. Without a machine that functions correctly, the rink would be in danger of having to close because ice would not be acceptable by renters.

It has been a pleasure to have been appointed as the Director of Recreation from its inception and to have worked with the talented people that have served, as well as the present board of the Recreation Committee.

To the Board of Selectmen and their Executive Director for their interest in our programs, to the school department for their fine cooperation always, to all the people and departments that graciously aided the Recreation Board, to the Finance Committee for help concerning our budget, to the Town Meeting

members regarding recreation, to the Housing Authority for allowing us to conduct programs in the Russell Thompson Hall, and to the people who engage in the programs during the year, the Board appreciates all your help and sincerely thanks you.

REPORT OF THE LANDSCAPE REVIEW BOARD

The creation of the Landscape Review Board by the Town Meeting of 1972 and established by the Board of Selectmen has functioned to assist in the creation of aesthetic community planning, a shared responsibility of architect, planners, engineers, realtors, town officers, as well as community leadership.

This interdisciplinary effort has striven for a proper balance between the probable environmental impact of a proposed development and the maintenance of pleasing urban order.

The criteria and procedural design for the accomplishment of these objectives was embodied in a brochure prepared by your five man board and has been furnished to all prospective developers. Site plans, including general landscaping for new construction in Business, Industrial, Multi-Family zones, are viewed by

the Board and recommendations are made with the view to assuring that when the land has been cleared of all existing natural growth, buildings razed, and the site prepared for the new construction, that the new project will contain a preservation of the natural beauty of the area and an enhancement of the new construction with an attention to embellishing the architecture with a framing of landscaping appropriate to the site.

Randolph's natural setting at the foothills of the Blue Hills is framed by nature on its northern border by a greenbelt of the MDC extending to its eastern boundary, giving the character of nature's beauty and setting the pattern for our community to copy this environmental endowment.

Recent development has been cognizant of the inheritance of nature's example and an especial example of environmental beautification has been contributed by the landscaping plans which embellish the setting for the Sealy Mattress Co. off North Street. The detailed drawings and illustrations of their landscaping plans have been so exemplary that we have kept them mounted for exhibit examination by all developers.

In the instance of the development of the extensive properties in the very center of the town, where so many former homes were razed on the easterly side of South Main Street – the Warren, Strong, Harris, Whitcomb, Esterbrook, Belcher, Bryant and Lathrop estates – in order to allow for the factory expansion of the former Richards & Brennan Shoe Factory, has left a glaring example of the ravage of such development by entrepreneurs with no regard for landscaping.

The Lathrop farm property has been rescued, with the setting established by the new Randolph Co-operative Bank, and its landscaping sets the pattern for the redemption of its contiguous neighbors. Thus, with the purchase of all the former factory land by developers who intend to erect a small shopping plaza and a rather extensive condominium development, we have secured their cooperation in the planning. We have furnished them with our descriptive brochure and we feel that they will be sensitive to the need for an outstanding framing of landscaping of this property which may return the beauty and urban order to the center of the town and thus provide a complimentary beautification to our Stetson Hall (Town Hall), the Stetson School, the First Congregational Church, and the Randolph Police Station.

The environmental impact of this development will also extend to the South Street area where the destruction of four old Cape homes was accomplished by the factory expansion – the French-Granger, J. Beals-Boyle, J. Hunt and J. Belcher estates – and restore an aesthetic setting to this street.

When the Landscape Board was established in 1972 the arrangement was effected by the Town Building Inspector's Office so that the procedure of an application for a building permit would entail the submission of Landscaping Plans and would accompany all other essential plans and that the Landscaping

Plans would then be submitted to the Landscape Board for approval, with a sign-off sheet signifying approval. This arrangement has been subsequently abandoned and now the Landscape Board receives plans without a sign-off sheet. Recommendations and approval by the Landscape Board are thus confined to contact with the developing builders as to their landscaping proposals.

While there is no mandated authority possessed by the Landscape Board, our recommendations and suggestions should be regarded as of value in the preservation of the natural beauty of Randolph's locus, in the assistance of pollution prevention, and enhancing the visual attractiveness of our surroundings.

When the Sudbury Farms Shopping Plaza was taken over, the new owners recognized the chance to beautify what had been a swarth of macadam plaza and they proceeded to design a most attractive landscaping area which adds some beauty to the business area. The other Shopping Plaza on Memorial Parkway opposite the High School, having been designed and set up before the advent of the Landscape Board, was perhaps the prime instance of the unattractive type of development with no relief or attempt at design of landscaping and designed only as a parking lot. This Plaza finally had some treatment to its border on Memorial Drive with an addition of a fence, new lighting and tubbed evergreens. However, with the recent addition of a block of stores on the eastern portion of this area, it was found that there could be no landscaping added.

The plans for the recent construction of the Bridal Path Housing Complex submitted extensive detailed landscaping plans which add materially to its setting in an area once thought to be undeveloped.

Likewise, the plans submitted by H. K. Dodge Assoc. Inc. for the Hebrew Rehabilitation Center for the Aged were significant in their appreciation and design for ideal landscaping and the utilization of the natural growth already in place at this setting, originally a part of the Boston School for the Deaf property.

On Mazzeo Drive, Lot No. 1 was developed by George Hoeg Construction for a large business block complex and this required the removal of much natural growth and fill added. The submitted Landscaping Plans designed a low growth foundation border, some rocks but no trees. A screen of evergreen trees pleasingly separates this construction on its western boundary from the Briss Funeral Home, already ideally landscaped.

On North Main Street, 400–402, the Tucker Construction Co. added to the charm of this area with a new building complex which had plans for extensive landscaping enhancement which adds character to its setting.

Plans were submitted also for the Texaco Gas Station at the corner of North Main and Scanlon Drive which beautified the newly arranged installation at this busy intersection. The Rota Realty Trust development of Skyview

Road occasioned our involvement in their dispute with their abutters and we made recommendations about the buffer area but no plans defining any landscaping have been forthcoming.

The Board is grateful to Mr. Henry Rota of the Highway Department for his thoughtful suggestions in the matter of dealing with areas of severe neglect and in need of landscaping attention.

REPORT OF THE TOWN TREASURER

As the year 1984 closes, I am pleased to report the accomplishments of the Treasurer's Office, the most important of which has been the significant decrease in the amount of borrowing. This reflects a large decrease in the amount of interest paid.

Due to a prudent cash management program, I have strengthened our financial position. Approximately half a million dollars was made in interest on our investments. Our free cash went from a deficit of $48,000.00 to a plus of $800,000.00.

I have continued to collect delinquent taxes and this year alone I have received over $200,000.00 in additional revenue. This program will remain in effect as long as it is necessary to collect any monies owed to our Town.

For the first time a seminar was held for Town employees to learn their rights under the Norfolk County Retirement System.

This office sponsored an ADP payroll workshop to effect a more efficient payroll process, thus increasing productivity in our office.

I continue to make progress in my school and training to achieve my certification as Massachusetts Municipal Treasurer, which will be a first for the Town of Randolph.

I would like to extend my sincere thanks to my staff, the Town Accountant and all other Town departments for their continued cooperation.

Respectfully submitted,

Joan F. Ward

REPORT OF THE TOWN CLERK

It is my pleasure to submit my second annual report to the Town. During this past year I am proud to report that after a period of (5) five years I have completed the necessary requirements to become the first Certified Municipal Clerk that the Town has ever had. We are continuing to update all procedures in order to serve the public in a more effective manner.

As a result of constantly keeping up with the laws and mandates that apply to the Town, I have been able to receive from the Commonwealth of Massachusetts $3,040.00 in reimbursement for the elections held this year. Through an article that I initiated at Town Meeting, the gas permits went from a fee of $1.50 per permit to $50.00 per permit.
